SPARC Kips Bay
Draft Environmental Impact Statement (DEIS)

June 21, 2024

CEQR No.: 23DME013M

ULURP Nos.: 240391PQM, 240371ZRM, 240372PPM, 240369ZMM, 240370ZSM, 240390ZSM, 240373PCM

Lead Agency: New York City Office of the Deputy Mayor for Housing, Economic Development, and Workforce

Lead Agency Contact:
Hilary Semel
Director and General Counsel
Mayor's Office of Environmental Coordination
100 Gold Street, 2nd Floor
New York, NY 10038

Prepared By:
VHB Engineering, Surveying and Landscape Architecture, P.C.
1 Penn Plaza
Suite 715
New York, NY 10119

With:
BJH Advisors, LLC
Fleming Lee Shue
Hunter Roberts
Historical Perspectives, Inc
Indigo River
Inch & Meter
Studio V
Traffic Databank

Prepared For:
New York City Economic Development Corporation
Rebecca Gafvert, Senior Vice President, Land Use
1 Liberty Plaza, New York, NY 10006

A public hearing on the Draft Environmental Impact Statement (DEIS) will be held at a later date to be announced. Advance notice will be given of the time and place of the hearing. Writing comments on the DEIS are requested and will be received and considered by the Lead Agency until the 10th calendar day following the close of the public hearing. The DEIS is available on the website of the New York City Department of City Planning, via the SPARC Kips Bay project page on ZAP: https://zap.planning.nyc.gov/projects/2024M0158

To view the SPARC Kips Bay DEIS, navigate to the project page in ZAP and select Public Documents, then "DEIS_23DME013M"

Greenhouse Gas Emissions and Climate Change 12-1

Introduction....12-1
Principal Conclusions....12-2
Background and Methodology....12-3
Pollutants of Concern....12-3
Policy and Regulations on GHG Emissions and Climate Resilience....12-5
Methodology for Quantifying GHG Emissions....12-8
Methodology for Evaluating Resilience to Climate Change....12-9
Assessment....12-9
Projected GHG Emissions....12-9
Evaluation of the Proposed Project Consistency with GHG Reduction Goals....12-12
Resilience to Climate Change....12-15

Noise....13-1

Introduction....13-1
Principal Conclusions....13-3
Existing Noise Receptors....13-3
New Noise Receptors....13-4
Noise Background....13-5
Noise Standards and Impact Criteria....13-7
Noise Exposure Guidelines....13-7
Impact Criteria....13-7
Assessment Methodology....13-9
General Methodology....13-9
Mobile Sources....13-10
Stationary Sources....13-10
Existing Condition....13-11
No-Action Condition....13-14
With-Action Condition....13-14
Stationary Source Noise Analysis....13-17
Acceptability Assessment....13-17
Noise Attenuation Measures....13-18

Public Health....14-1

Introduction....14-1
Principal Conclusions....14-2
Methodology....14-2
Assessment....14-2

Neighborhood Character....15-1

Introduction....15-1
Principal Conclusions....15-2
Methodology....15-2
Preliminary Assessment....15-4
Defining Features of the Neighborhood....15-4
Potential to Affect the Defining Features of the Neighborhood....15-5

Potential to Affect the Contributing Elements of Neighborhood Character *15-6*

Construction **16-1**

Introduction 16-1
