# Racial Equity Report on Housing and Opportunity

Project name: 47-03 108th Street Rezoning

Contact: Frank St. Jacques, Akerman LLP

Prepared by: Austin Coury, Urban Cartographics Date: October 10, 2025

*Note: Racial Equity Reports are prepared prior to the certification of the subject application by the City Planning Commission (CPC). A description of the final adopted application is available in the associated CPC report.*

## PROJECT TYPE

*Projects that meet one or more of the following criteria are subject to the racial equity report requirement. Please select all relevant actions or project types and describe the project details associated with the relevant project type:*

☐ Text amendment to the zoning resolution affecting 5 or more community districts

☐ Historic district designation affecting 4 or more city blocks

☐ Seeking a change to the use regulations or permitted floor area for any use in a manufacturing district where a building in the project contains at least 100,000 square feet of floor area

*Applications submitted pursuant to subdivision a of section 197-c of the charter that seek approval for:*

☐ Acquisition or disposition of land to facilitate a non-residential project containing at least 50,000 square feet of floor area

☐ Acquisition or disposition of land to facilitate a residential project, other than a residential project consisting of a building to be preserved, provided that such equity report shall only be required related to a building in such project containing at least 50,000 square feet of floor area

☒ An increase in permitted residential floor area of at least 50,000 square feet

☐ An increase in permitted non-residential floor area of at least 200,000 square feet

☐ A decrease in permitted floor area or number of housing units on at least four contiguous city blocks

*If the application meets the above criteria but the proposed development does not, please explain the difference between the proposed development and the application.*

## 1. EXECUTIVE SUMMARY

*The executive summary should provide readers with a short, plain-language summary of the subsequent sections of the racial equity report, including major project elements and key neighborhood and demographic conditions.*

This report accompanies a land use application by 108 Realty Group Inc. (the "Applicant") seeking: (1) a zoning map amendment, rezoning their development site from an R6B district to an R7X/C2-4 district, and (2) a zoning text amendment to Appendix F to make the affected area part of a Mandatory Inclusionary Housing area.

The object of the application is to facilitate a new mixed-use building (the "Proposed Development") containing residential, commercial, and community facility uses at the Development Site, which is classified by the New York City Department of Finance as Queens Tax Block 2003, Lot 1. The Development Site encompasses the entire eastern blockfront of 108th Street between 47th Avenue and 48th Avenue in the Corona neighborhood of Queens Community District 4. The Development Site contains 20,000 square feet of lot area and contains 400 feet of frontage. Specifically, it contains 200 feet of frontage along 108th Street (a "wide" street per zoning at 80 feet wide), and 100 feet of frontage each along 47th and 48th Avenues (both "narrow" streets at 60 feet wide). The Proposed Development is slated to rise 13 stories and 145 feet and contain 119,483 square feet of floor area (6.0 FAR). Of this, 93,067 square feet will be put to residential use on the 3rd-13th floors, 8,680 square feet will be put to retail use on the ground floor, and 17,736 square feet will be put to community facility use on the first and second floors. 45 parking spaces will be provided at the cellar level.

The Development Site comprises the entire area to be rezoned (the "Rezoning Area"). It is currently improved upon with two automotive repair shops and a used car sales business, all operating out of a single one-story building with 7,800 square feet of floor area (0.39 FAR).

The Project Area falls within PUMA 4404, which is roughly coextensive with the boundaries of Queens Community District 4 and includes the neighborhoods of Elmhurst and Corona. As of 2020, this area's population was 181,730. Of this population, 36.5% identified as Asian non-Hispanic, 4.2% identified as Black non-Hispanic, 51.8% identified as Hispanic, and 5.2% identified as White non-Hispanic. The remaining 2.3% identified as non-Hispanic or some other race or combination of races. The share of the local population that identifies as Asian is significantly higher than its share at the borough and citywide levels, while the share of the local population that identifies as Hispanic is almost double when compared to its share in the borough and city as a whole. The percentage of the local population that identifies as Black or White is just a fraction of their levels when compared to Queens and New York City as a whole.

2019-2023 American Community Survey data shows the median household income in the area was $69,487, which is significantly lower than Queens's and New York City's medians. Asian, Hispanic, and White households had similar median incomes ($65,833, $71,054, and $64,067, respectively) as the area as a whole. Black households also had a roughly similar median income ($64,090) when compared to the same, but this figure was deemed statistically unreliable by the City's Equitable Development Data Explorer. The area's median age was 37.6 years old. 63.4% of the area's population was foreign-born, and almost half of the area's population (47.9%) indicated that they spoke English less than "very well."

Queens Community District 4 saw a 5% increase in population between 2010 and 2020, and a 6.7% increase in housing production between 2010 and 2024. Therefore, the area's housing production is growing at a slightly faster rate than the area's population, but is still lagging behind housing production in the rest of the borough and city. The median gross rent in the area is $1,933/month, which is about the same as Queens's median but slightly higher than New York City's median. According to ACS PUMA data between 2019 and 2023, 17.4% of the area's rental units were affordable to households in the extremely low- to very low-income bands (0-50% AMI), another 58.2% were affordable to households in the low-income band (51-80% AMI), and another 23.1% were affordable to those in the moderate-income band (81-120% AMI). 36.1% of the population in this area has access to a subway or SBS station within ¼ of a mile, and 30.8% has access to an ADA-accessible subway station within ¼ of a mile. This reflects that the area is significantly more transit-accessible for all residents when compared to Queens as a whole. In contrast, it is slightly less transit-accessible for able-bodied residents when compared to New York City as a whole, but slightly more transit-accessible for disabled residents when compared to the same.

The Project Area is located within Neighborhood Tabulation Area QN0402 (Corona), which is considered in the "High" category on the Displacement Risk Map. The population vulnerability subindex lists the area as "Highest" risk, while the housing conditions and market pressure subindices list it as "Intermediate" risk.

The proposed project would help New York City meet several of its goals to affirmatively further fair housing and promote equitable access to opportunity by creating 30 new units of income-restricted housing at an average of 60% AMI in a new building designed to be ADA-accessible, while setting aside a certain percentage of income-restricted units for existing community district residents and those with disabilities.

The purpose of this report is to provide additional context not found in the land use application to facilitate public conversation about neighborhood change. To that end, it includes the following sections:

Section 1: Executive Summary *(this section)*

Section 2: Description of project components – Details of the proposed residential units in the proposed development: rent-regulated / market-rate, unit quantities, unit types, income restrictions, projected rents. And details of non-residential uses: proposed jobs and likely demographic characteristics of the prospective workforce.

Section 3: Community profile summary - Graphs and charts describing neighborhood demographics, socioeconomic and housing conditions, with accompanying narrative explanation.

Section 4: Narrative statement - A statement describing how the project components and neighborhood characteristics relate to the City's commitment to affirmatively furthering fair housing and promoting equitable access to opportunity.

Section 5: Community profile – The complete data of all indicators in the Equitable Development Data Explorer for the local, community, the borough, and the city (for refence purposes).

Appendix – Other documents or information referenced by this report that are not included elsewhere in the applicant's land use application (supporting data for market-rate rents.

## 2. PROJECT SPECIFIC INFORMATION

*For guidance, please refer to the racial equity report submission guide.*

### 2.1. Description of residential space and affordability

2.1.1 Reporting residential floor area

**Total residential zoning square feet:** 93,067 sf

2.1.2 Profile of anticipated residential affordability

Report the number of anticipated housing units. If income-restricted, report unit count by Area Media Income (AMI) tier. If not, report as "not income-restricted."

| Income Restriction | Unit Count | | Anticipated Affordability*** | | | | |
|---|---|---|---|---|---|---|---|
| | | | AMI | Rent (2025)* | | Eligible Income (2025)** | |
| | # | % | | 1-bedroom | 2-bedroom | 1-person | 4-person |
| Very Low Income | 12 | 10% | 40% | $1,220 | $1,460 | $45,400 | $64,800 |
| Low Income | 6 | 5% | 60% | $1,820 | $2,190 | $68,000 | $97,200 |
| Low Income | 12 | 10% | 80% | $2,430 | $2,920 | $90,700 | $129,600 |
| Not Income Restricted | 89 | 75% | n/a | $2,780 | $3,240 | $111,200 | $129,600 |
| **Total New Units** | **119** | **100%** | | | | | |

**Rents are based on unit size. Rents shown are illustrative (based on 2025 AMI), rounded to the nearest $10) and will change. Final rents will be determined based on the HUD Income Limits in place at time of project construction.*

***Qualifying incomes are based on household size. Incomes shown are illustrative (based on 2025 AMI, rounded to the nearest $100) and will change. Final qualifying incomes will be determined by the HUD Income Limits in place at time of project marketing.*

****Affordability numbers are preliminary*

*Provide additional comments below, such as anticipated unit sizes. If applicable, report the proposed Mandatory Inclusionary Housing option. If applicable, describe any affordable housing financing programs.*

The Proposed Development will contain a total of 119 residential units. Of these 119 units, 30 will be income-restricted pursuant to Mandatory Inclusionary Housing Program ("MIH") Option 1, and 89 will be market-rate (not income-restricted). Pursuant to MIH Option 1, the 30 income-restricted units comprise at least 25% of the Proposed Development's residential floor area at a weighted Area Median Income ("AMI") average of 60%, at least 10% of the units will be offered at the 40% AMI band, and there will be no more than three different income bands. The table above provides example rents and eligible incomes, by AMI income band.

The Proposed Development would contain 76 one-bedroom apartments (19 of which would be income-restricted) and 43 two-bedroom apartments (11 of which would be income-restricted). Six of the income-restricted one-bedrooms each will be offered at 40% and 80% AMI, with the other three offered at 60% AMI. Six of the income-restricted two-bedrooms each will be offered at 40% and 80% AMI, while the other three would be offered at 60% AMI.

The Proposed Development will not be seeking any affordable housing financing programs.

Based on current rental data, as applied to the unit types and unit sizes in the Proposed Development, the estimated monthly rents of the market-rate units are as follows:

| | Third Quartile Area Market-Rate Rents | Associated Household Incomes (30% Rent Burden) |
|---|---|---|
| One-Bedroom Apartments | $2,780/month | $111,200/year |
| Two-Bedroom Apartments | $3,240/month | $129,600/year |

To determine the basic third quartile area market-rate rents (monthly), data from the website StreetEasy for the surrounding area was reviewed (see Appendix).

## 2.3 Estimating construction jobs

*Report anticipated construction jobs in both person-years and average yearly workers for each development site.*

| Development Site | Person-years | Average yearly workers |
|---|---|---|
| 47-03 108th Street | 263.1 | 150.4 |
| | | |
| **Total** | **263.1** | **150.4** |

## 3. Community Profile Summary

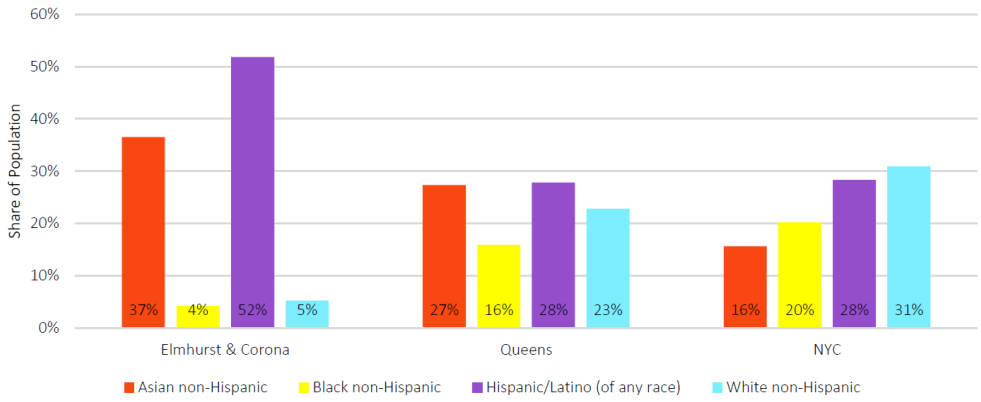
*The community profile summary is intended to provide a user-friendly snapshot of household, housing, and neighborhood indicators in the project area. This summary includes graphs and charts of selected indicators found in the full community profile (Section 5). The summary is available for download through the Equitable Development Data Explorer.*

### Demographic Conditions

Figure 1: Race & Ethnicity, 2020

Shows the share of area population by mutually exclusive race and Hispanic ethnicity. Compares the local area to the borough and city.

*"In 2020, [percent] of the population in [area] identified as [race/ethnicity]."*

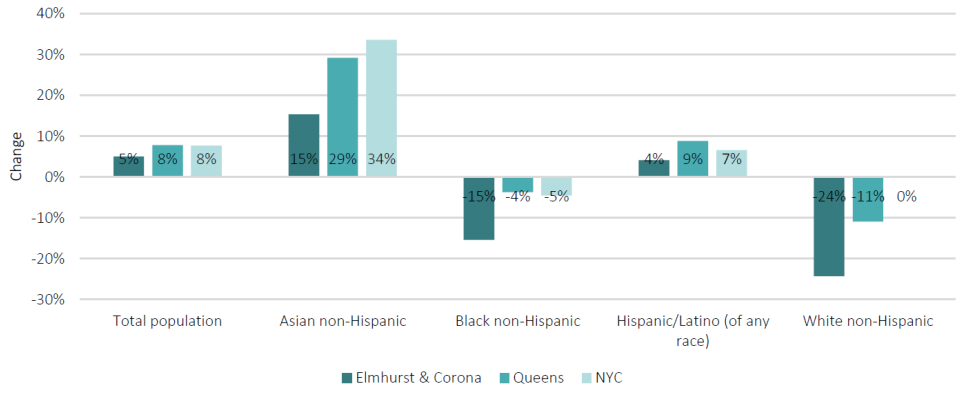


*Source: Census 2020; Community Profile Table 1.01*

Figure 2: Percent Change in Race & Ethnicity, 2010 to 2020

Shows the percent change of the area population by mutually exclusive race and Hispanic ethnicity. Compares the local area to the borough and city.

*"From 2010 to 2020, the [race/ethnicity] population in [area] increased/decreased by [percent]."*



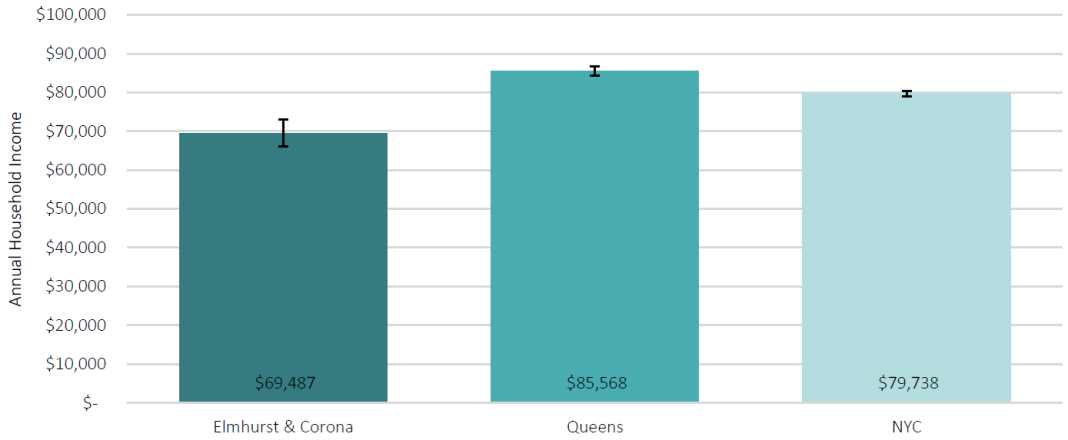
*Source: Census 2010, 2020; Community Profile Table 1.01*

## Household Economic Security – Income

### Figure 3: Median Household Income, 2019-2023 (Five-Year Estimate)

Shows the estimated median household income (in 2023 dollars) for the local area, borough, and city. Median means half of all households in the area make more than this amount and half make less. Compares the local area to the borough and city.

*"For 2019-2023, the estimated median household income in [area] was [$]."*

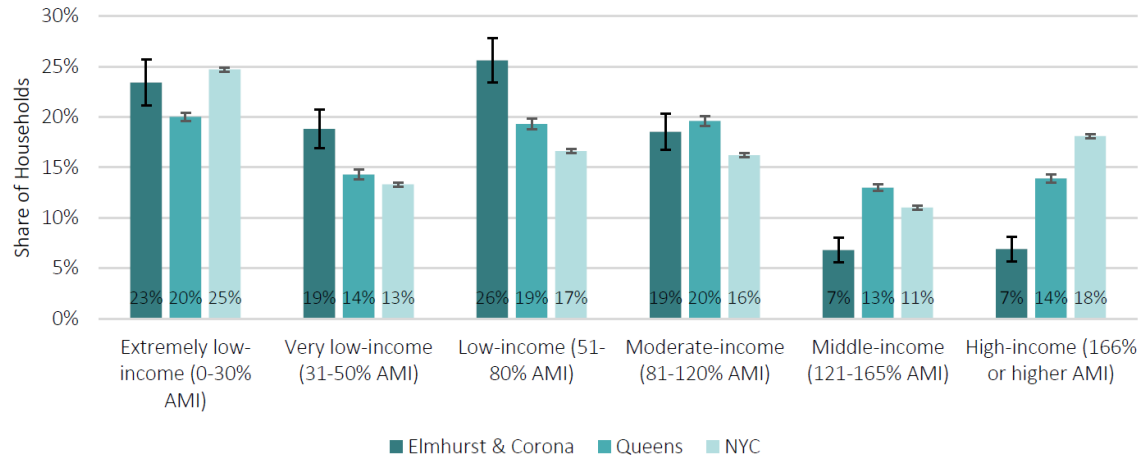


*Source: American Community Survey 2019-2023; Community Profile Table 2.02*

### Figure 4: Share of Households in Each HUD AMI Band, 2019-2023 (Five-Year Estimate)

Shows the share of households within each 2021 U.S. Housing and Urban Development (HUD) Area Median Income (AMI) band. Compares the local area to the borough and city. U.S. Housing and Urban Development (HUD) Area Median Income (AMI) is based on rental prices.

*"For 2019-2023, an estimated [percent] of households in [area] were in [HUD AMI band]."*

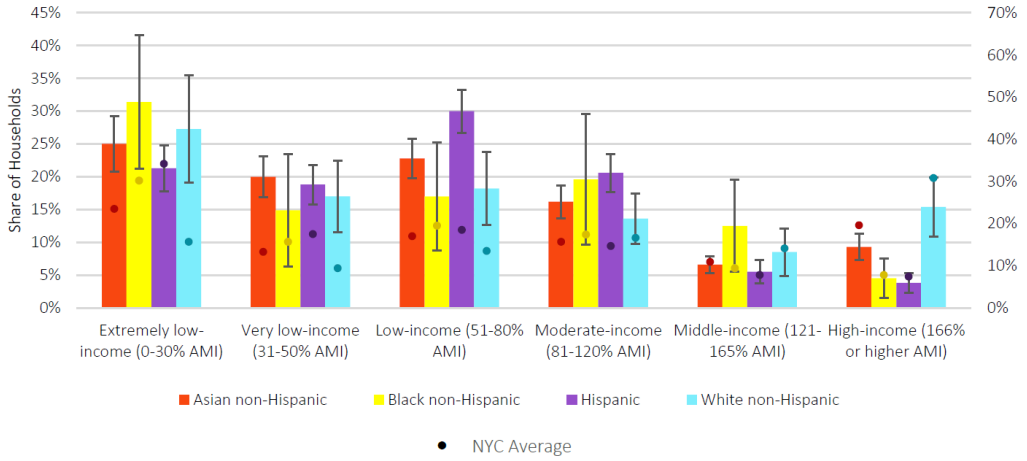


*Source: American Community Survey 2019-2023; Community Profile Table 2.03*

### Figure 5: Share of Households in Each HUD AMI Band by Race & Ethnicity, 2019-2023 (Five-Year Estimate)

Shows the share of PUMA households within each 2021 U.S. Housing and Urban Development (HUD) Area Median Income (AMI) band, by mutually exclusive race & Hispanic ethnicity of householder. HUD AMI bands are used to determine eligibility for income-restricted housing.

*"In the local area, an estimated [percent] of [race/ethnicity] households were in [HUD AMI band] in 2019-2023."*



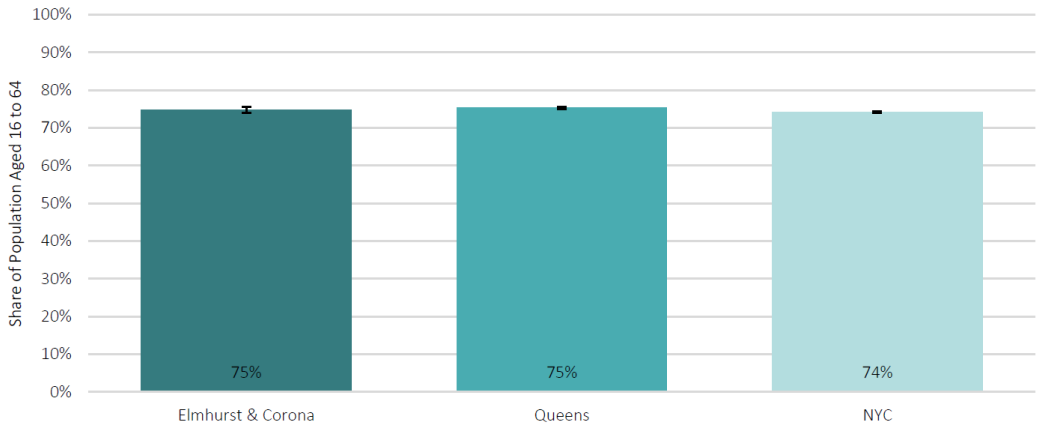
*Source: American Community Survey 2019-2023; Community Profile Table 2.03*

## Household Economic Security – Jobs

### Figure 6: Labor Force Participation, 2019-2023 (Five-Year Estimate)

Shows the share of the total population aged 16-64 who is employed or seeking work. Compares the local area to the borough and city.

*"In 2019-2023, an estimated [percent] in [area] were employed or seeking work."*

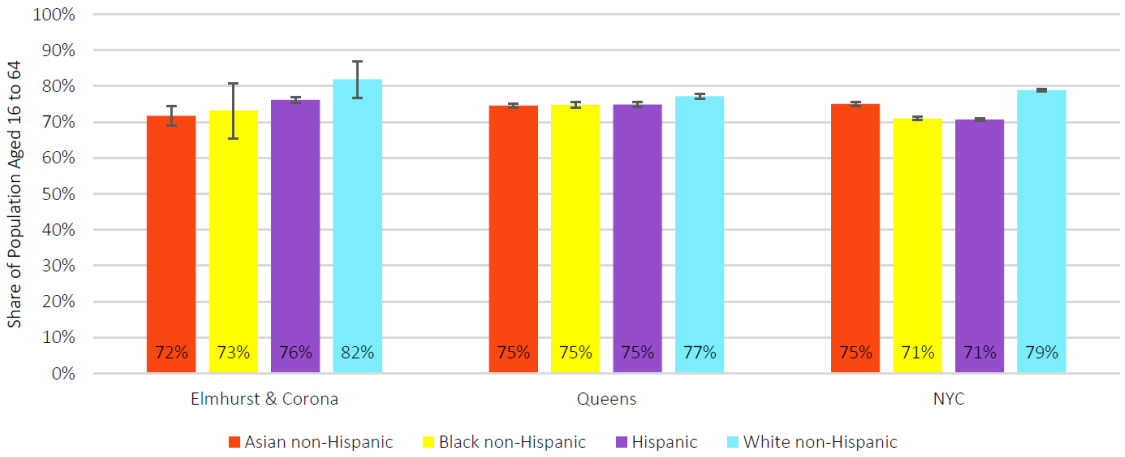


*Source: American Community Survey 2019-2023; Community Profile Table 2.04*

## Figure 7: Labor Force Participation by Race & Ethnicity, 2019-2023 (Five-Year Estimate)

Shows the share of the total population aged 16-64 who is employed or seeking work, by mutually exclusive race & Hispanic ethnicity. Compares the local area to the borough and city.

*"In 2019-2023, an estimated [percent] of [race/ethnicity] group in [area] were employed or seeking work."*

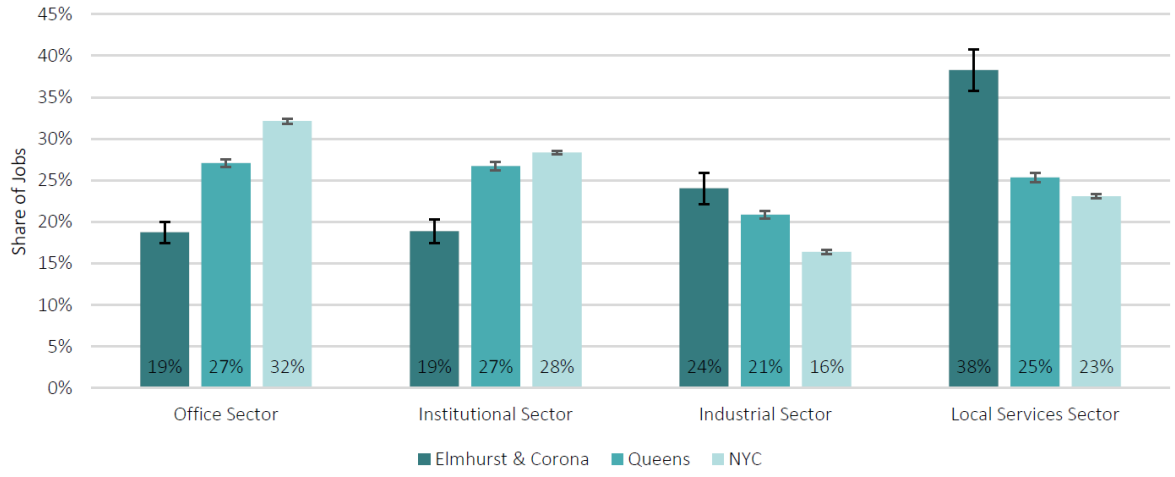


*Source: American Community Survey 2019-2023; Community Profile Table 2.04*

## Figure 8: Share of Employed Residents by Business Sector[1], 2019-2023 (Five-Year Estimate)

Shows the share of workers who live in an area by the business sector in which they work. Compares the local area to the borough and city.

*"In 2019-2023, an estimated [percent] of employed people in [area] worked in [business sector]."*



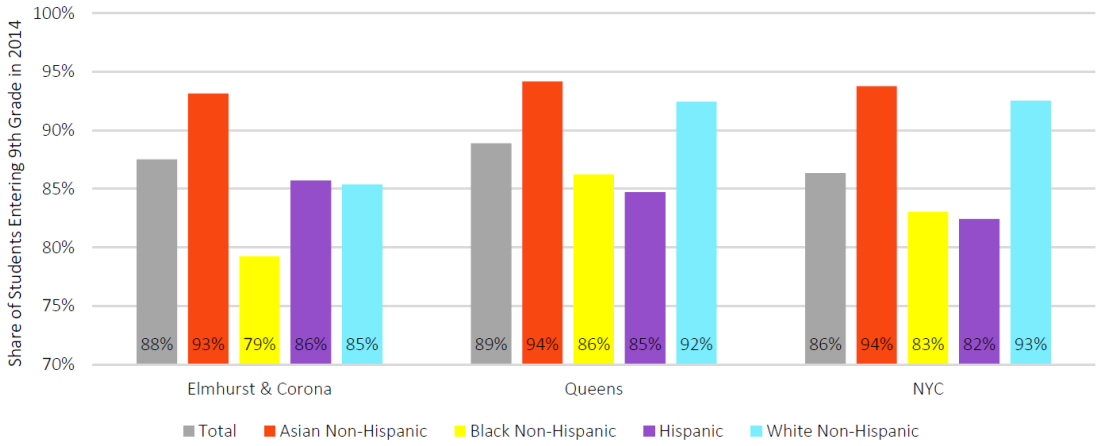
*Source: American Community Survey 2019-2023; Community Profile Table 2.06*

## Education & Access to Transit

### Figure 9: High School Graduation Rate, 2024

Shows the rate of students who entered 9th grade in 2020 and graduated by 2024. Shows the share of total students and share of students by mutually exclusive race and ethnicity groups. Compares the local area to the borough and city.

*"The 2024 graduation rate for [race/ethnicity] group in [area] was [percent]."*

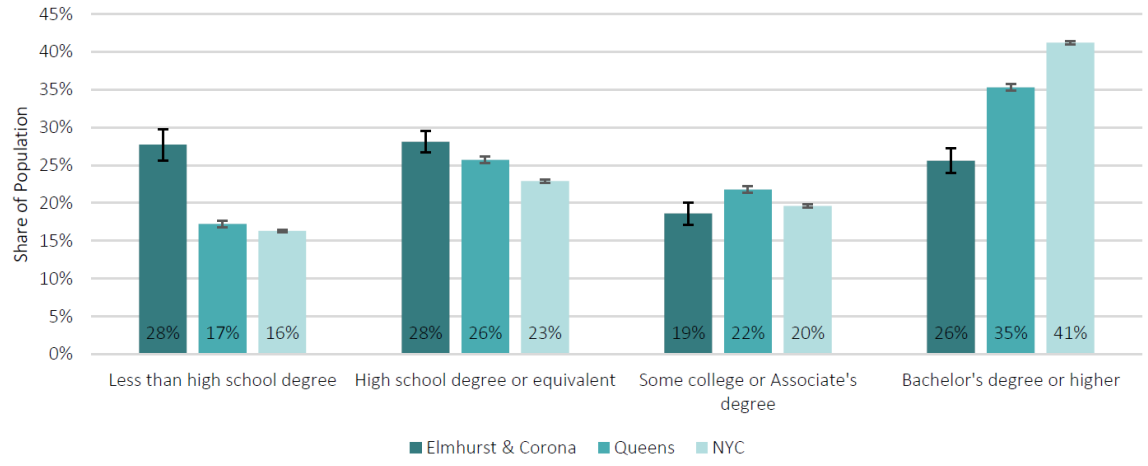


*Source: NYC Department of Education 2024; Community Profile Table 5.13*

### Figure 10: Educational Attainment, 2019-2023 (Five-Year Estimate)

Shows the share of the population 25 years and over, by highest level of educational attainment. Compares the local area to the borough and city.

*"In 2019-2023, an estimated [percent] of the population 25 years and over in [area] had [educational attainment]."*

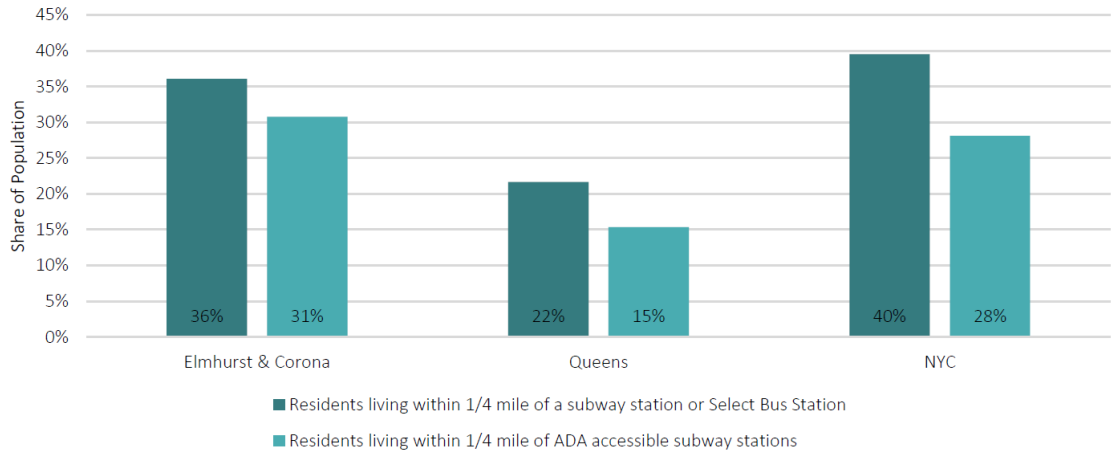


*Source: American Community Survey 2019-2023; Community Profile Table 2.01*

### Figure 11: Access to Transit, 2023

Shows the share of population that lives within ¼ mile of a subway station or select bus service stop; and share of population that lives ¼ mile of an ADA accessible subway station. Compares the local area to the borough and city.

*"In 2023, about [percent] of residents in [area] lived near an ADA accessible subway station."*



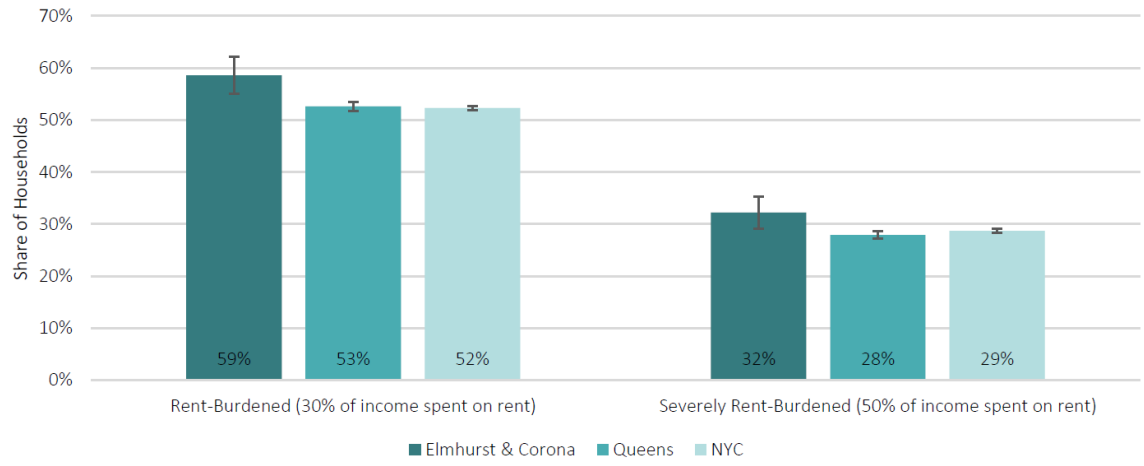
*Source: Department of City Planning 2023; Community Profile Table 5.09*

## Housing Security, Affordability, and Quality

### Figure 12: Rent-Burdened & Severely Rent-Burdened Households, 2019-2023 (Five-Year Estimate)

Shows the percent of households who spent 30% or more of their income on rent (rent-burdened) and the percent who spent 50% or more of their income on rent (severely rent-burdened). Compares the local area to the borough and city.

*"In 2019-2023, an estimated [percent] of households in [area] were severely rent-burdened."*

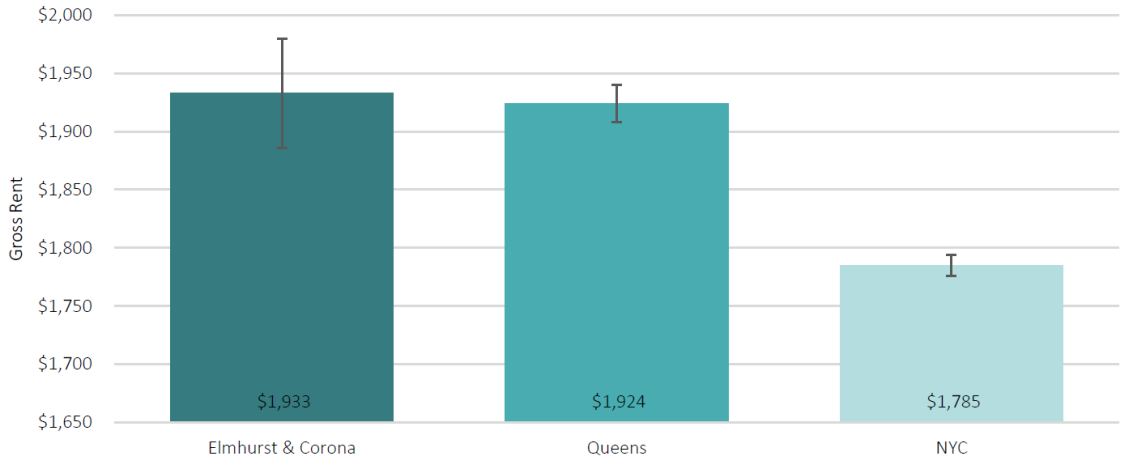


*Source: American Community Survey 2019-2023; Community Profile Table 3.04*

### Figure 13: Median Gross Rent, 2019-2023 (Five-Year Estimate)

Shows the median rent for occupied units paying rent. Median means half of all units have rental costs higher than this amount and half have rents lower than this amount. Compares the local area to the borough and city.

*"In 2019-2023, the estimated median price of rental units in [area] was [$]."*



*Source: American Community Survey 2019-2023; Community Profile Table 3.03*

## Housing Production

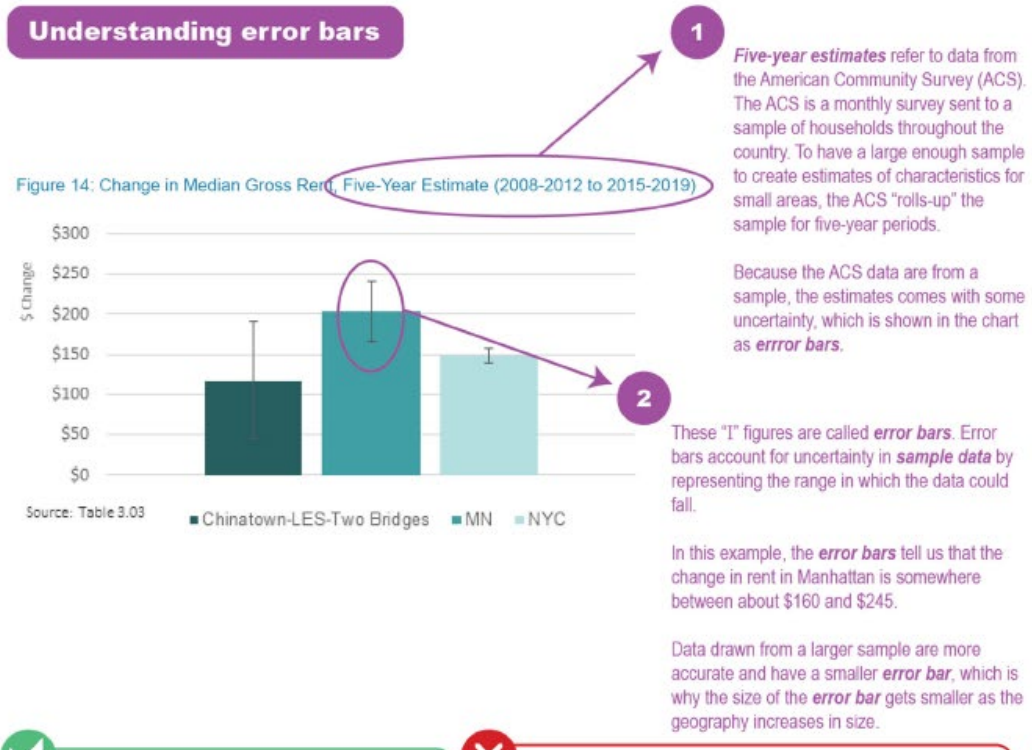
### Figure 14: Percent Change in Housing Supply and Population, 2010 to 2024

Shows the percent change in the number of housings units and population. Compares the local area to the borough and city.

*"From 2010 to 2024, housing units in [area] increased/decreased by [percent] and population increased/decreased by [percent]."*

*Source: NYC Department of City Planning Housing Database 2024 Q4 and Census 2010, 2020; Community Profile Tables 4.01 and 1.01*

## Understanding error bars

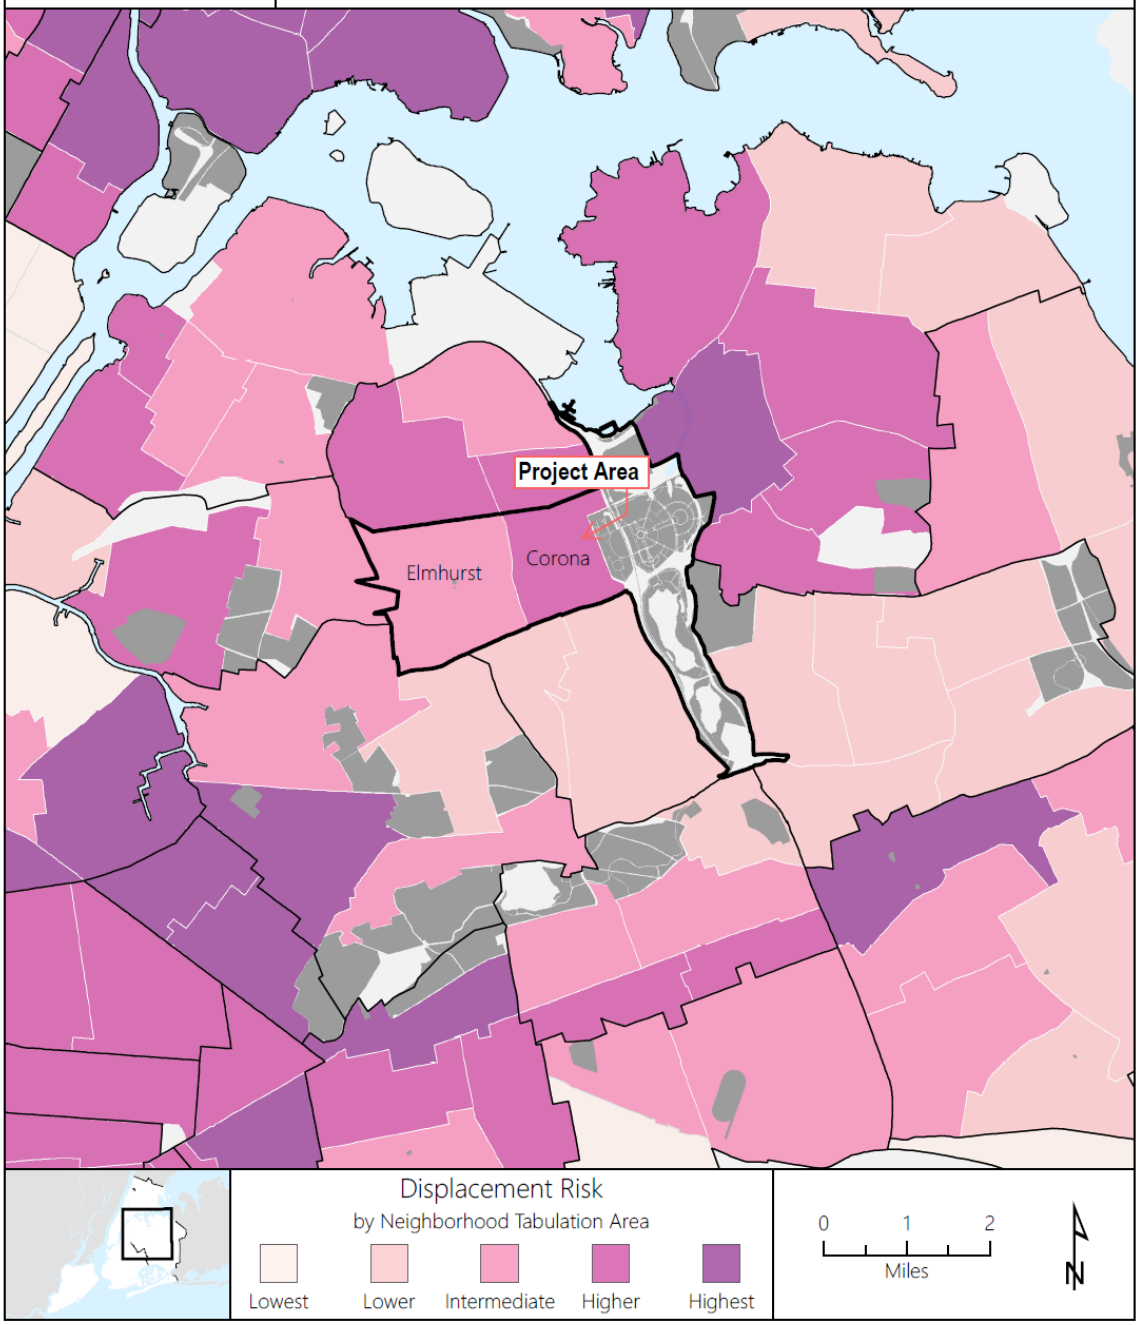


Elmhurst & Corona

PUMA 4404

*The city's Displacement Risk Index (DRI) estimates comparative levels of residential displacement risk for New York City's neighborhoods. The DRI ranks neighborhoods from lowest to highest risk based on recent population characteristics, housing conditions, and market pressures.*

*There are five ranks with equal numbers of neighborhoods. For example, neighborhoods ranked "lowest" are among the 20% of NYC neighborhoods with the least intense displacement risk factors while neighborhoods ranked "highest" are among the 20% of neighborhoods with most intense displacement risk factors.*



Urban Cartographics

## 4. Affirmatively furthering fair housing and promoting equitable access to opportunity

*Provide a narrative statement describing how the project relates to New York City's goals and strategies to affirmatively further fair housing and promote equitable access to opportunity. These goals and strategies are described in the city's fair housing plan, Where We Live NYC.*

The proposed development furthers several of the fair housing and equitable access to opportunity goals outlined in the City's fair housing plan known as "Where We Live NYC" as follows:

**Goal #2: Facilitate equitable housing development in New York City and the region**

The Proposed Development furthers this goal in several major ways: by providing new income-restricted housing units, by providing new rental housing unit types that are not broadly available in the neighborhood, and by providing income-restricted housing in an area highly accessible to major amenities.

Public Use Microdata Area (PUMA) 4404, which roughly corresponds to Queens Community District 4, saw a population growth of 5% between 2010-2020, and a net 6.7% increase in housing units from 2010-2024. While this means that housing production in the area has slightly outpaced population growth in the area, it also highlights that local housing production significantly lags behind housing production in the rest of the borough and city, which have housing production rates of 9% and 10%, respectively. The Proposed Development's 119 total units and 30 income-restricted units would, therefore, still represent a needed boost to the neighborhood's housing stock.

The Proposed Development would also bring 76 new one-bedroom apartments and 43 new two-bedroom apartments to the area, two rental unit types not commonly found in the area. When looking at rental data for Corona over the past 180 days on the real estate website Street Easy, only 26 one-bedrooms and 14 two-bedrooms were rented. The proposed 76 one-bedroom and 43 two-bedroom units as part of this development would therefore constitute a significant influx in these rental unit types for the neighborhood, allowing more than a hundred small and medium-sized households the opportunity to live in the area where they previously may have found difficulty.

The Proposed Development also sits just one block west of Flushing Meadows Corona Park, one of the largest parks in the city. The park provides hundreds of acres of green space and many recreational opportunities, as well as access to major Queens cultural institutions like the Queens Zoo, Queens Museum, and the New York Hall of Science.

**Goal #3: Preserve affordable housing and prevent displacement of long-standing residents**

At the outset, the Development Site does not currently contain any residential use. Therefore, none is threatened by the Proposed Development itself. That said, the Proposed Development affirmatively furthers the goal of creating affordable housing by producing 30 new permanently affordable (income-restricted) housing units. As discussed in the previous section, these will all be offered in the very low and low-income brackets at 40%, 60% and 80% AMIs, providing those households an opportunity to live in modern, accessible, and affordable units.

Moreover, the new permanently affordable units will be subject to HPD Marketing Guidelines, which provide a preference for applications from within the Community District. This serves to specifically prevent the displacement of existing residents. This is critical, as the Neighborhood Tabulation Area in which the Development Site is located (NTA QN0402 – Corona) is considered to be in the "High" displacement risk category. The Proposed Development's 119 total units and 30 income-restricted units would alleviate some of the pressure facing this area. The population vulnerability subindex lists the area as "Highest" risk, with 44.4% of the population with an income below 200% of the federal poverty rate. The housing conditions subindex lists it as "Intermediate" risk, with 96% of the housing in the area not income-restricted, and the market pressure subindex also lists the area as "Intermediate" risk.

**Goal #5: Create more independent and integrated living options for people with disabilities**

Because this is a new development, it must be built pursuant to ADA guidelines, and set aside a portion of the income-restricted units for people with disabilities. This not only means the building will be designed to be accessible (including ADA-compliant elevators and ramps), but it will provide new affordable housing opportunities for people with disabilities as well. The Proposed Development also proposes to include an adult daycare on its second floor, providing an opportunity for seniors and disabled adults to participate in meaningful social programming. The Proposed Development will also sit less a block west of Flushing Meadows Corona Park, a huge park providing hundreds of acres of accessible green space, recreational space, and cultural space.

## 5. Community Profile

*The community profile provides data tables for all indicators from the Equitable Development Data Explorer (EDDE) for the relevant Community District2. Includes approximately 50 indicators across five categories:*

- *demographic;*
- *household economic security;*
- *housing affordability, quality, and security;*
- *housing production; and*
- *quality of life and access to opportunity.*

*Where possible, these indicators are broken down by mutually exclusive race/ethnicity and show change over time.*

*All community profiles can be downloaded from the Equitable Development Data Explorer.*
