Racial Equity Report on Housing and Opportunity

Project name: 289 Kent Avenue Rezoning

Contact: Jeremy E. Kozin, Fried, Frank, Harris, Shriver & Jacobson LLP

Prepared by: Austin Coury, Urban Cartographics Date: February 19, 2026

Note: Racial Equity Reports are prepared prior to the certification of the subject application by the City Planning Commission (CPC). A description of the final adopted application is available in the associated CPC report.

PROJECT TYPE

Projects that meet one or more of the following criteria are subject to the racial equity report requirement. Please select all relevant actions or project types and describe the project details associated with the relevant project type:

☒ Text amendment to the zoning resolution affecting 5 or more community districts

☐ Historic district designation affecting 4 or more city blocks

☐ Seeking a change to the use regulations or permitted floor area for any use in a manufacturing district where a building in the project contains at least 100,000 square feet of floor area

Applications submitted pursuant to subdivision a of section 197-c of the charter that seek approval for:

☐ Acquisition or disposition of land to facilitate a non-residential project containing at least 50,000 square feet of floor area

☐ Acquisition or disposition of land to facilitate a residential project, other than a residential project consisting of a building to be preserved, provided that such equity report shall only be required related to a building in such project containing at least 50,000 square feet of floor area

☒ An increase in permitted residential floor area of at least 50,000 square feet

☐ An increase in permitted non-residential floor area of at least 200,000 square feet

☐ A decrease in permitted floor area or number of housing units on at least four contiguous city blocks

If the application meets the above criteria but the proposed development does not, please explain the difference between the proposed development and the application.

1. EXECUTIVE SUMMARY

The executive summary should provide readers with a short, plain-language summary of the subsequent sections of the racial equity report, including major project elements and key neighborhood and demographic conditions.

This report accompanies a land use application by Web Holdings LLC (the "Applicant") seeking: (1) a zoning map amendment to rezone Brooklyn Block 2403, Lots 1, 15 & 41 from an M3-1 zoning district to an M1-3A/R7X (MX-8) zoning district, (2) a zoning map amendment to rezone Brooklyn Block 2403, Lots 31, 33, 37 (p/o) & 7501 (p/o) from an M3-1 zoning district to an M1-2A zoning district, and (3) a zoning text amendment to Appendix F to establish the M1-3A/R7X (MX-8) rezoning area within a Mandatory Inclusionary Housing area.

The object of the application is to facilitate a new mixed-use building containing residential and commercial uses (the "Proposed Development") on the Development Site, which is comprised of two tax lots: Brooklyn Tax Block 2403, Lots 1 & 41. The Development Site encompasses the entire eastern blockfront of Kent Avenue between South 1st Street and South 2nd Street and has a total of 598 feet of frontage on the three aforementioned streets. Specifically, it has 253 feet of frontage along Kent Avenue (a "narrow" street per zoning at 60 feet wide), 125 feet of frontage along South 1st Street (a narrow street at 50 feet wide), and 220 feet of frontage along South 2nd Street (a narrow street at 60 feet wide). The Proposed Development is slated to rise 18-stories and approximately 181 feet in height and contain 272,759 total square feet of floor area (6.0 FAR). Of this, 29,283 square feet would be put to commercial use and the remaining 243,476 square feet would be put to residential use. The Proposed Development would preliminarily contain 278 dwelling units, 70 of which would be permanently income-restricted in compliance with "Option 1" of Mandatory Inclusionary Housing. However, the final MIH Option will be determined by CPC/City Council which may affect the proposed affordability breakdown. The Proposed Development would not provide any parking.

The area to be rezoned (the "Project Area") includes the Development Site as well as Lots 15, 31, 33, 37 (p/o) & 7501 (p/o) resulting in a comprehensive zoning proposal. The proposed zoning change would rezone a portion of the existing M3-1 district to an M1-3A/R7X (MX-8) district within 220 feet of Kent Avenue on the subject block. It would also rezone another portion of the existing M3-1 district on the southeastern part of the block to an M1-2A district within a 200-foot depth of Wythe Avenue, stretching north to the block's centerline.

The Development Site is comprised of two lots, Lots 1 & 41, which combine for a total of 45,460 square feet of lot area. Both lots are improved upon with vacant commercial buildings – the existing building on Lot 1 rises two stories, while the existing building on Lot 41 rises three stories. Together, they contain approximately 66,432 square feet of floor area (1.46 FAR). Regarding the rest of the Project Area, Lot 15 is a 9,500 square foot lot improved upon with a one-story warehouse building containing 9,500 square feet of floor area (1.0 FAR). Lot 31 is improved upon with a one-story full lot-coverage commercial building containing 8,633 square feet of floor area (1.0 FAR). Lot 33 is a 1,250 square foot lot improved upon with a three-story mixed-use building with retail on the ground floor and nonconforming residential use above, containing 3,150 square feet of floor area (2.52 FAR). Lot 37 is unimproved and serves as a surface parking lot, while the 2,500-square foot portion of Lot 7501 in the Project Area contains a small one-story retail store.

The Project Area falls within PUMA 4301, which is roughly coextensive with the boundaries of Brooklyn Community District 1 and includes the Greenpoint and Williamsburg neighborhoods. As of 2020, this area's population was 204,125. Of this population, 6.7% identified as Asian non-Hispanic, 5.2% identified as Black non-Hispanic, 22.3% identified as Hispanic, and 60.9% identified as White non-Hispanic. The remaining 4.9% identified as non-Hispanic or some other race or combination of races. The Asian population makes up a significantly smaller share of the local population than of the borough and citywide populations, and the percentage of the local population that is Black is just a fraction of its share at the borough and citywide levels. The share of the area population that identifies as Hispanic is slightly more than when compared to Brooklyn as a whole, but significantly smaller when compared to New York City as a whole. The White population makes up about double the share of the local population as it does in the whole of Brooklyn and NYC.

2019-2023 American Community Survey data shows the median household income in the area was $102,584, which is significantly higher than Brooklyn's and New York City's medians. Asian and White households have significantly higher median incomes ($119,828 and $124,636, respectively) than the overall figure for the area, while Black and Hispanic households have significantly lower median incomes ($68,247 and $65,491, respectively) when compared to the same. The area's median age was 31.8 years old. 22% the area's population was foreign-born, and 17.9% of the area's population indicated they spoke English less than "very well".

Brooklyn CD1 saw a 17.9% increase in population between 2010 and 2020 and a 41.2% increase in housing production between 2010 and 2024. This demonstrates that the area's housing production is outpacing local population growth as well as housing production in the rest of the borough (13%) and city (10%). The median gross rent in the area is $2,348/month, which is significantly higher than Brooklyn's and New York City's medians. According to ACS PUMA data between 2019 and 2023, 28.8% of the area's rental units were affordable to households in the extremely low- to low-income bands (0-50% AMI), another 18.3% were affordable to households in the low-income band (51-80% AMI), and another 26% were affordable to households in the moderate-income band (81-120% AMI). 26.9% of the area's rental units were only affordable to households in the middle-income band or higher. 46.6% of the population in this area has access to a subway or SBS station within ¼ of a mile, and 33.1% has access to an ADA-accessible subway station within ¼ of a mile. This reflects that the area as a whole is slightly more transit-accessible for able-bodied and disabled residents than the rest of Brooklyn and New York City.

The Project Area is located within Neighborhood Tabulation Area BK0102 (Williamsburg), which is considered in the "Intermediate" category on the Displacement Risk Map. The population vulnerability subindex lists the area as "Low" risk, the housing conditions subindex lists it as "Intermediate" risk, and the market pressure subindex lists the area as "Highest" risk.

The proposed project would help New York City meet several of its goals to affirmatively further fair housing and promote equitable access to opportunity by creating 70 new units of income-restricted housing at an average of 60% AMI in a new building designed to be ADA-accessible, while setting aside a certain percentage of income-restricted units for existing community district residents and those with disabilities. It would also provide its residents with immediate access to a large waterfront park, as well as two ADA-accessible modes of transit.

The purpose of this report is to provide additional context not found in the land use application to facilitate public conversation about neighborhood change. To that end, it includes the following sections:

Section 1: Executive Summary *(this section)*

Section 2: Description of project components – Details of the proposed residential units in the proposed development: rent-regulated / market-rate, unit quantities, unit types, income restrictions, projected rents. And details of non-residential uses: proposed jobs and likely demographic characteristics of the prospective workforce.

Section 3: Community profile summary - Graphs and charts describing neighborhood demographics, socioeconomic and housing conditions, with accompanying narrative explanation.

Section 4: Narrative statement - A statement describing how the project components and neighborhood characteristics relate to the City's commitment to affirmatively furthering fair housing and promoting equitable access to opportunity.

Section 5: Community profile – The complete data of all indicators in the Equitable Development Data Explorer for the local, community, the borough, and the city (for refence purposes).

Appendix – Other documents or information referenced by this report that are not included elsewhere in the applicant's land use application (supporting data for market-rate rents).

2. PROJECT SPECIFIC INFORMATION

For guidance, please refer to the racial equity report submission guide.

2.1. Description of residential space and affordability

2.1.1 Reporting residential floor area

Total residential zoning square feet: 243,476 sf

2.1.2 Profile of anticipated residential affordability

Report the number of anticipated housing units. If income-restricted, report unit count by Area Media Income (AMI) tier. If not, report as "not income-restricted."

Income Restriction	**Unit Count**		**Anticipated Affordability*** **				
			AMI	Rent (2025)*		Eligible Income (2025)**	
	#	%		studio – 3-bedroom		1-person – 5-person	
Very Low Income	28	10%	40%	$1,130	$1,690	$45,400	$70,000
Low Income	14	5%	60%	$1,700	$2,530	$68,000	$105,000
Low Income	28	10%	80%	$2,270	$3,370	$90,700	$140,000
Not Income Restricted	208	75%	n/a	$4,050	$6,900	$161,800	$276,000
Total New Units	**278**	**100%**					

**Rents are based on unit size. Rents shown are illustrative (based on 2025 AMI), rounded to the nearest $10) and will change. Final rents will be determined based on the HUD Income Limits in place at time of project construction.*

***Qualifying incomes are based on household size. Incomes shown are illustrative (based on 2025 AMI, rounded to the nearest $100) and will change. Final qualifying incomes will be determined by the HUD Income Limits in place at time of project marketing.*

****Affordability numbers are preliminary and are for illustrative purposes only. The final MIH option will be determined by CPC and City Council.*

Provide additional comments below, such as anticipated unit sizes. If applicable, report the proposed Mandatory Inclusionary Housing option. If applicable, describe any affordable housing financing programs.

The Proposed Development will contain a total of 278 residential units. Of these 278 units, 70 will be income-restricted pursuant to Mandatory Inclusionary Housing Program ("MIH") Option 1, and 208 will be market-rate (not income-restricted).

Pursuant to MIH Option 1, the 70 income-restricted units comprise at least 25% of the Proposed Development's residential floor area, at a weighted Area Median Income ("AMI") average of 60%. Additionally, 10% of the total units will be available at 40% AMI, there are no more than three income bands, and there is no income band greater than 80% AMI. The table above provides example rents and eligible incomes, by AMI income band.

The Proposed Development would contain 56 studio apartments (14 of which would be income-restricted), 111 one-bedroom apartments (28 of which would be income-restricted), 83 two-bedroom apartments (21 of which would be income-restricted), and 28 three-bedroom apartments (seven of which would be income-restricted). Six of the income-restricted studios each will be offered at 40% and 80% AMI, while the other two will be offered at 60% AMI. 11 of the income-restricted one-bedrooms each will be offered at 40% and 80% AMI, with the other six offered at 60% AMI. Eight of the income-restricted two-bedrooms each will be offered at 40% and 80% AMI, while the other five will be offered at 60% AMI. Three of the income-restricted three-bedrooms each will be offered at 40% and 80% AMI, with the remaining income-restricted three-bedroom offered at 60% AMI.

This affordability and unit mix breakdown is for illustrative purposes only, and the final MIH option will be determined by CPC and City Council.

The Proposed Development will not be seeking any affordable housing financing programs.

Based on current rental data, as applied to the unit types and unit sizes in the Proposed Development, the estimated monthly rents of the market-rate units are as follows:

	Third Quartile Area Market-Rate Rents	Associated Household Incomes (30% Rent Burden)
Studio Apartments	$4,050/month	$161,800/year
One-Bedroom Apartments	$5,200/month	$208,000/year
Two-Bedroom Apartments	$5,400/month	$216,000/year
Three-Bedroom Apartments	$6,900/month	$276,000/year

To determine the basic third quartile area market-rate rents (monthly), data from the website StreetEasy for the surrounding area was reviewed (see Appendix).

2.3 Estimating construction jobs

Report anticipated construction jobs in both person-years and average yearly workers for each development site.

Development Site	Person-years	Average yearly workers
289 Kent Avenue	229.1	119.3
Total	**229.1**	**119.3**

3. Community Profile Summary

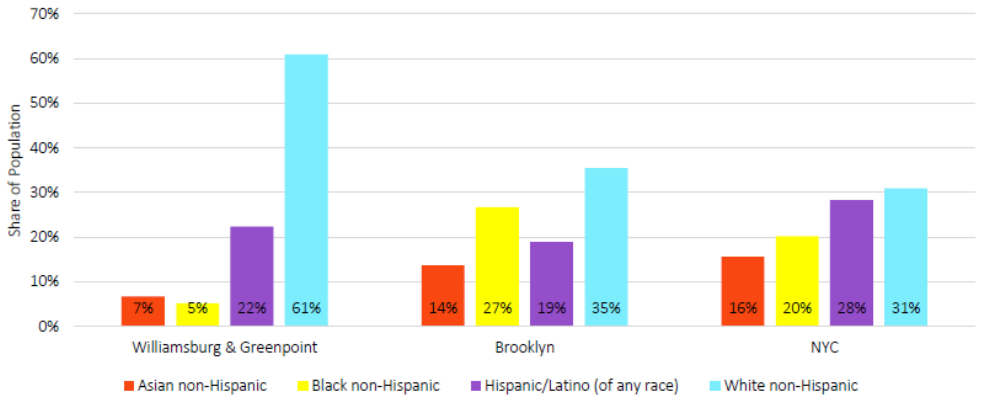

The community profile summary is intended to provide a user-friendly snapshot of household, housing, and neighborhood indicators in the project area. This summary includes graphs and charts of selected indicators found in the full community profile (Section 5). The summary is available for download through the Equitable Development Data Explorer.

Demographic Conditions

Figure 1: Race & Ethnicity, 2020

Shows the share of area population by mutually exclusive race and Hispanic ethnicity. Compares the local area to the borough and city.

"In 2020, [percent] of the population in [area] identified as [race/ethnicity]."

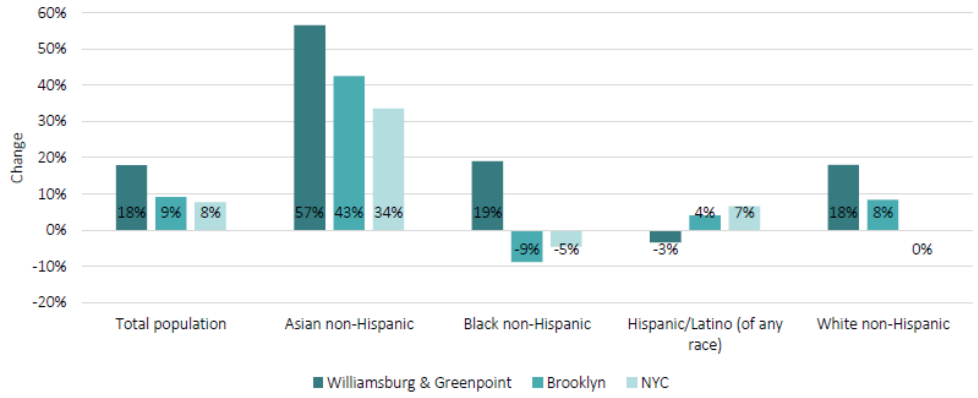

Source: Census 2020; Community Profile Table 1.01

Figure 2: Percent Change in Race & Ethnicity, 2010 to 2020

Shows the percent change of the area population by mutually exclusive race and Hispanic ethnicity. Compares the local area to the borough and city.

"From 2010 to 2020, the [race/ethnicity] population in [area] increased/decreased by [percent]."

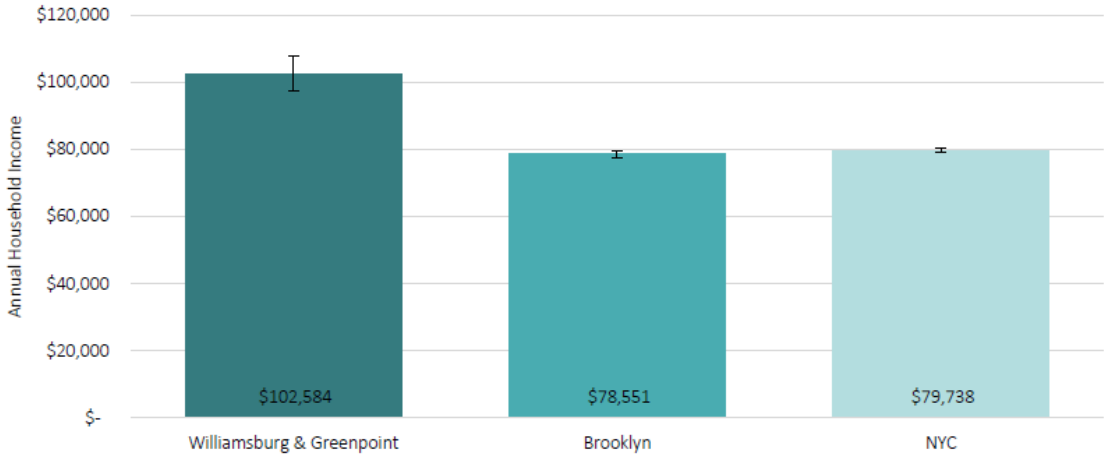

Source: Census 2010, 2020; Community Profile Table 1.01

Household Economic Security – Income

Figure 3: Median Household Income, 2019-2023 (Five-Year Estimate)

Shows the estimated median household income (in 2023 dollars) for the local area, borough, and city. Median means half of all households in the area make more than this amount and half make less. Compares the local area to the borough and city.

"For 2019-2023, the estimated median household income in [area] was [$]."

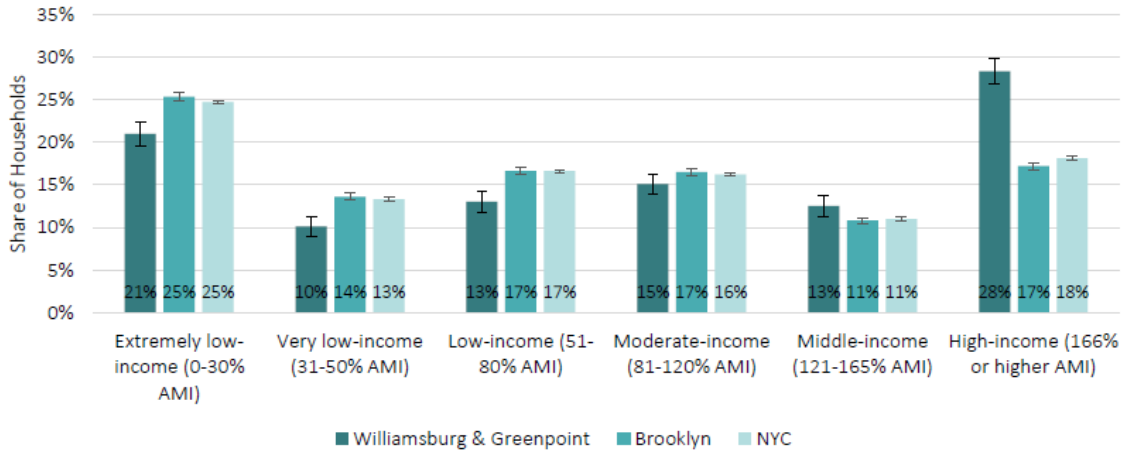

Source: American Community Survey 2019-2023; Community Profile Table 2.02

Figure 4: Share of Households in Each HUD AMI Band, 2019-2023 (Five-Year Estimate)

Shows the share of households within each 2021 U.S. Housing and Urban Development (HUD) Area Median Income (AMI) band. Compares the local area to the borough and city. U.S. Housing and Urban Development (HUD) Area Median Income (AMI) is based on rental prices.

"For 2019-2023, an estimated [percent] of households in [area] were in [HUD AMI band]."

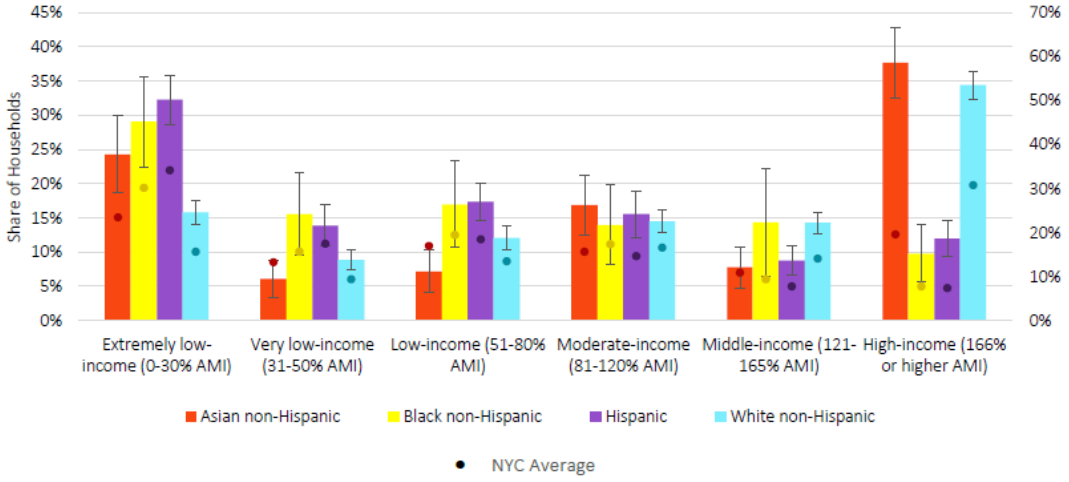

Source: American Community Survey 2019-2023; Community Profile Table 2.03

Figure 5: Share of Households in Each HUD AMI Band by Race & Ethnicity, 2019-2023 (Five-Year Estimate)

Shows the share of PUMA households within each 2021 U.S. Housing and Urban Development (HUD) Area Median Income (AMI) band, by mutually exclusive race & Hispanic ethnicity of householder. HUD AMI bands are used to determine eligibility for income-restricted housing.

"In the local area, an estimated [percent] of [race/ethnicity] households were in [HUD AMI band] in 2019-2023."

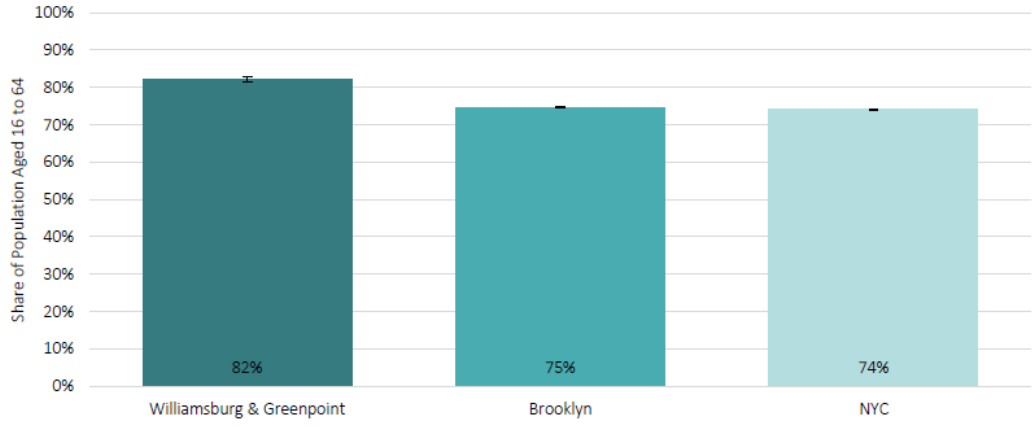

Source: American Community Survey 2019-2023; Community Profile Table 2.03

Household Economic Security – Jobs

Figure 6: Labor Force Participation, 2019-2023 (Five-Year Estimate)

Shows the share of the total population aged 16-64 who is employed or seeking work. Compares the local area to the borough and city.

"In 2019-2023, an estimated [percent] in [area] were employed or seeking work."

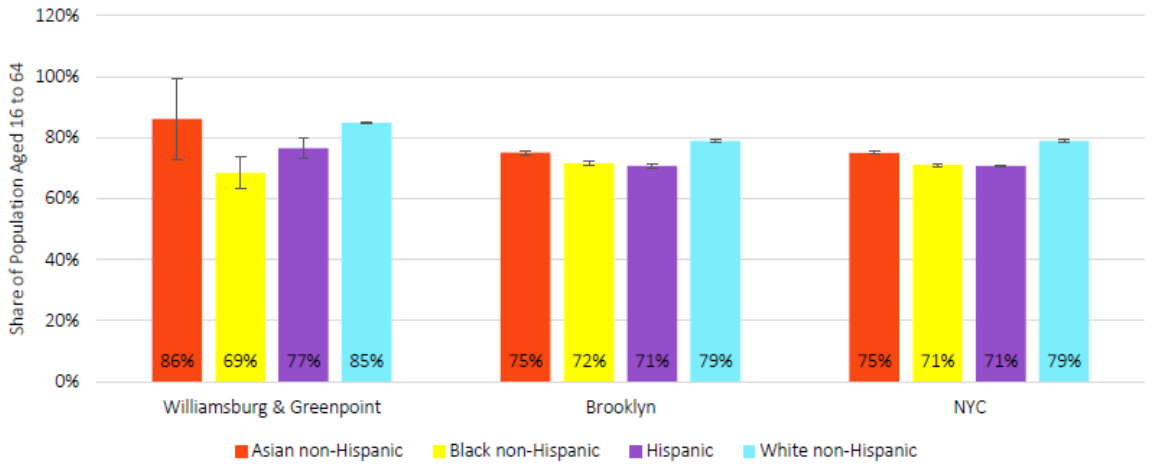

Source: American Community Survey 2019-2023; Community Profile Table 2.04

Figure 7: Labor Force Participation by Race & Ethnicity, 2019-2023 (Five-Year Estimate)

Shows the share of the total population aged 16-64 who is employed or seeking work, by mutually exclusive race & Hispanic ethnicity. Compares the local area to the borough and city.

"In 2019-2023, an estimated [percent] of [race/ethnicity] group in [area] were employed or seeking work."

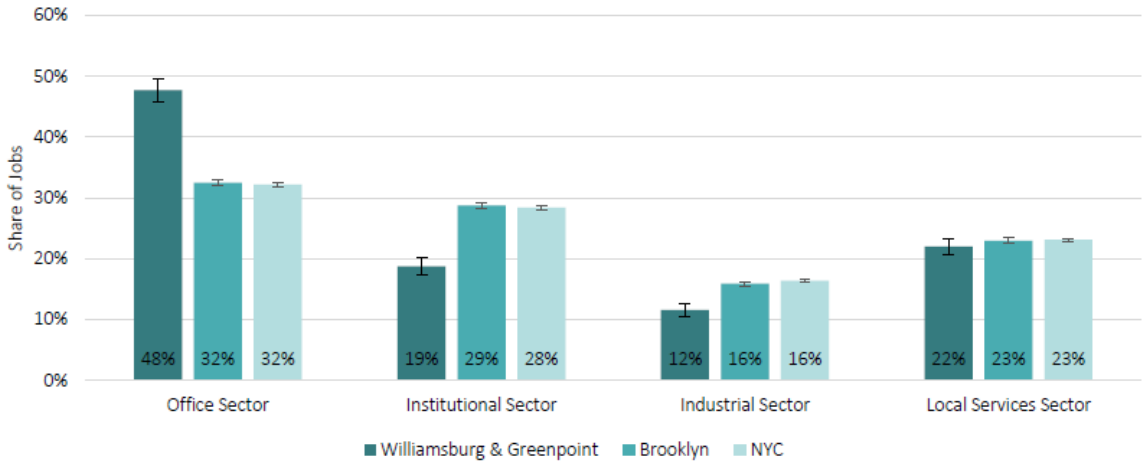

Source: American Community Survey 2019-2023; Community Profile Table 2.04

Figure 8: Share of Employed Residents by Business Sector[1], 2019-2023 (Five-Year Estimate)

Shows the share of workers who live in an area by the business sector in which they work. Compares the local area to the borough and city.

"In 2019-2023, an estimated [percent] of employed people in [area] worked in [business sector]."

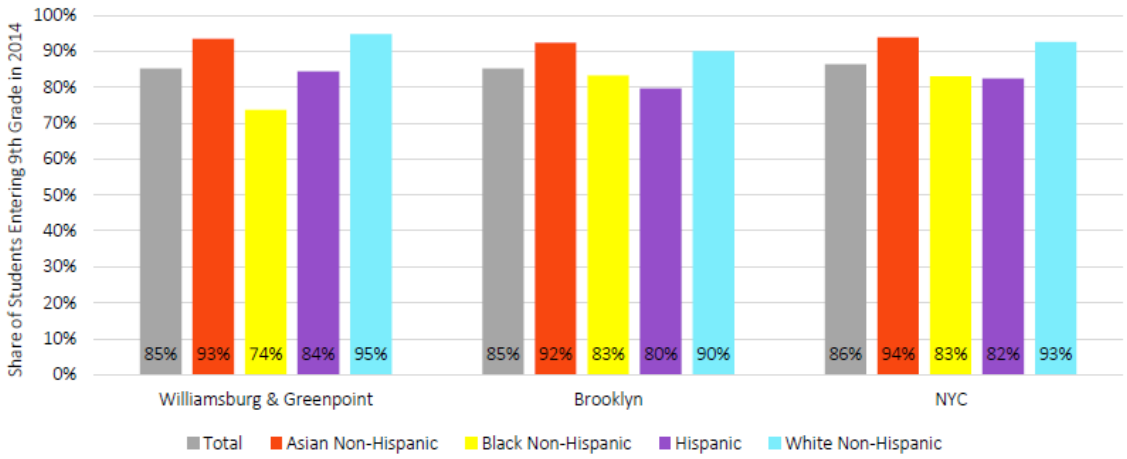

Source: American Community Survey 2019-2023; Community Profile Table 2.06

Education & Access to Transit

Figure 9: High School Graduation Rate, 2024

Shows the rate of students who entered 9th grade in 2020 and graduated by 2024. Shows the share of total students and share of students by mutually exclusive race and ethnicity groups. Compares the local area to the borough and city.

"The 2024 graduation rate for [race/ethnicity] group in [area] was [percent]."

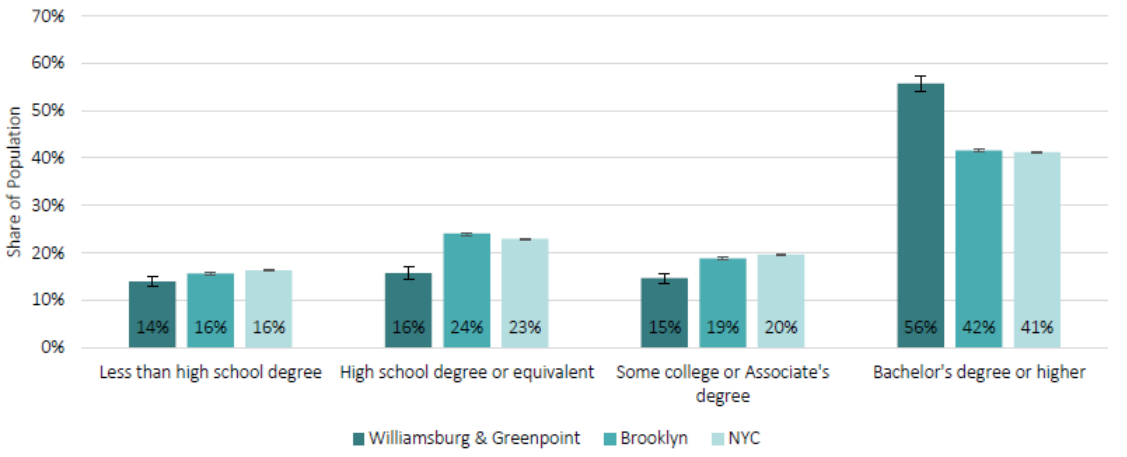

Source: NYC Department of Education 2024; Community Profile Table 5.13

Figure 10: Educational Attainment, 2019-2023 (Five-Year Estimate)

Shows the share of the population 25 years and over, by highest level of educational attainment. Compares the local area to the borough and city.

"In 2019-2023, an estimated [percent] of the population 25 years and over in [area] had [educational attainment]."

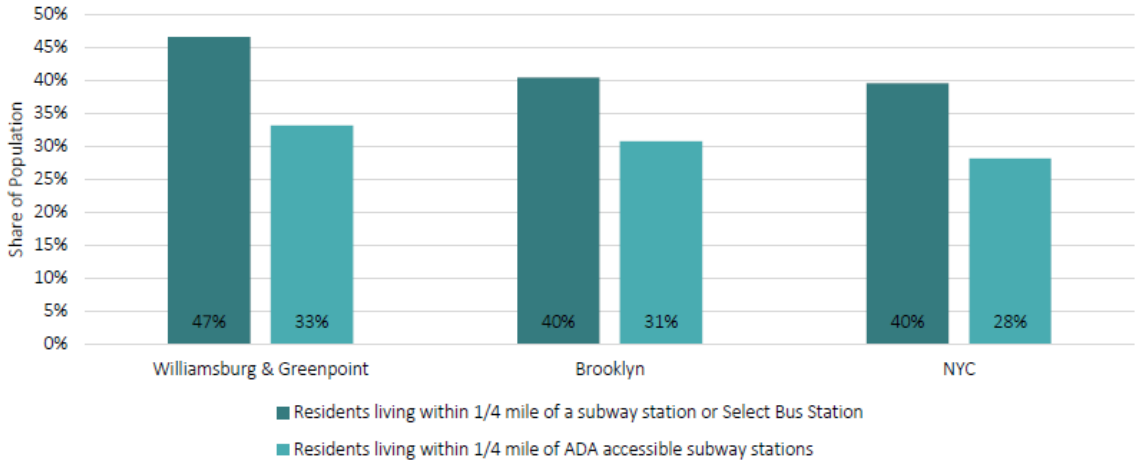

Source: American Community Survey 2019-2023; Community Profile Table 2.01

Figure 11: Access to Transit, 2023

Shows the share of population that lives within ¼ mile of a subway station or select bus service stop; and share of population that lives ¼ mile of an ADA accessible subway station. Compares the local area to the borough and city.

"In 2023, about [percent] of residents in [area] lived near an ADA accessible subway station."

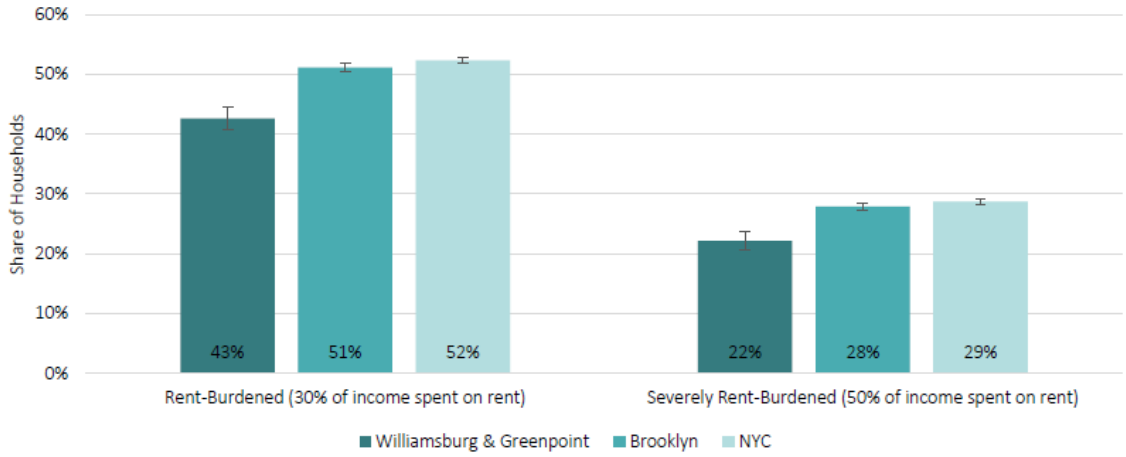

Source: Department of City Planning 2023; Community Profile Table 5.09

Housing Security, Affordability, and Quality

Figure 12: Rent-Burdened & Severely Rent-Burdened Households, 2019-2023 (Five-Year Estimate)

Shows the percent of households who spent 30% or more of their income on rent (rent-burdened) and the percent who spent 50% or more of their income on rent (severely rent-burdened). Compares the local area to the borough and city.

"In 2019-2023, an estimated [percent] of households in [area] were severely rent-burdened."

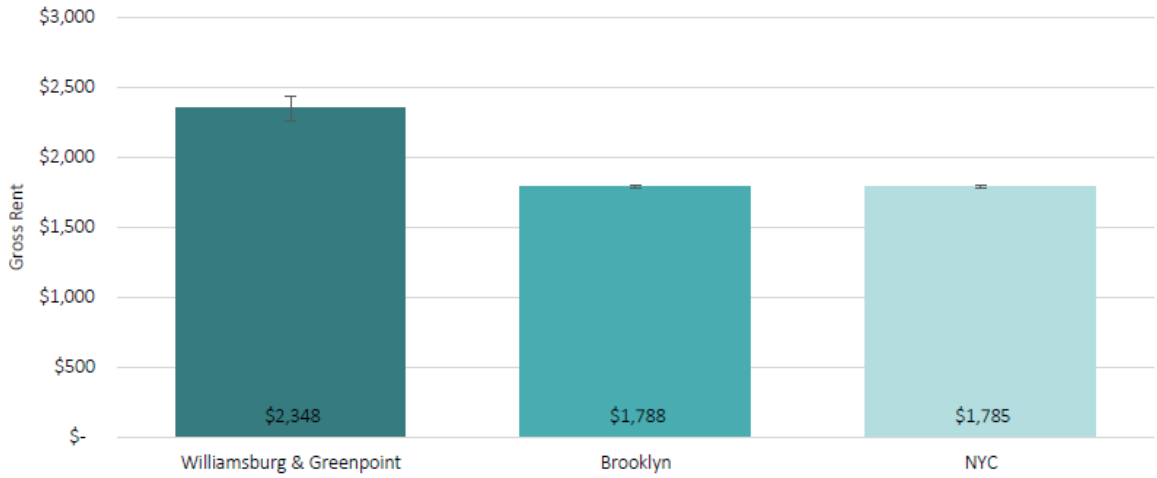

Source: American Community Survey 2019-2023; Community Profile Table 3.04

Figure 13: Median Gross Rent, 2019-2023 (Five-Year Estimate)

Shows the median rent for occupied units paying rent. Median means half of all units have rental costs higher than this amount and half have rents lower than this amount. Compares the local area to the borough and city.

"In 2019-2023, the estimated median price of rental units in [area] was [$]."

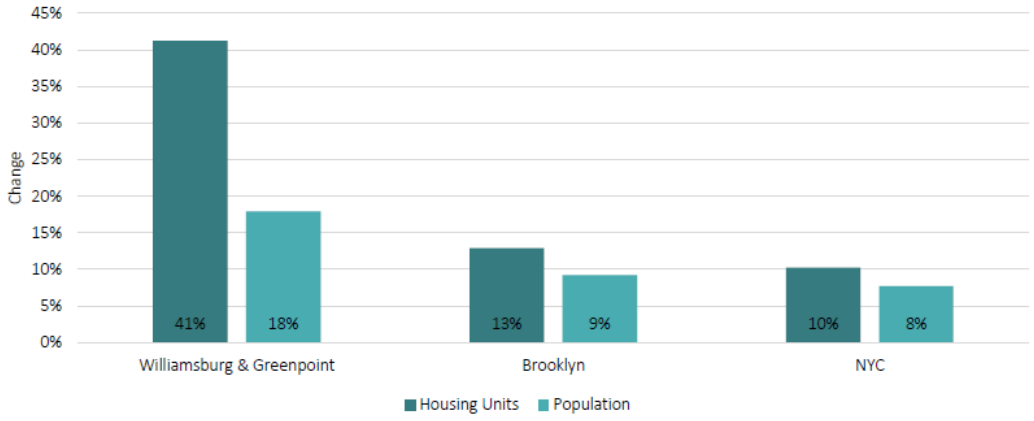

Source: American Community Survey 2019-2023; Community Profile Table 3.03

Housing Production

Figure 14: Percent Change in Housing Supply and Population, 2010 to 2024

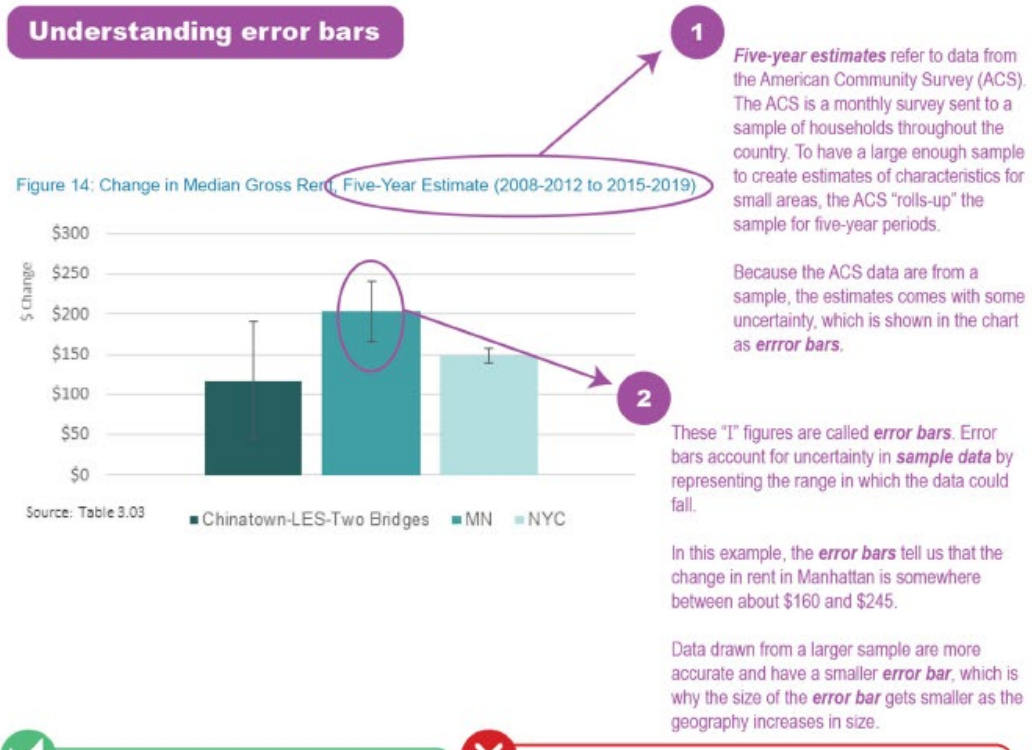

Shows the percent change in the number of housings units and population. Compares the local area to the borough and city.

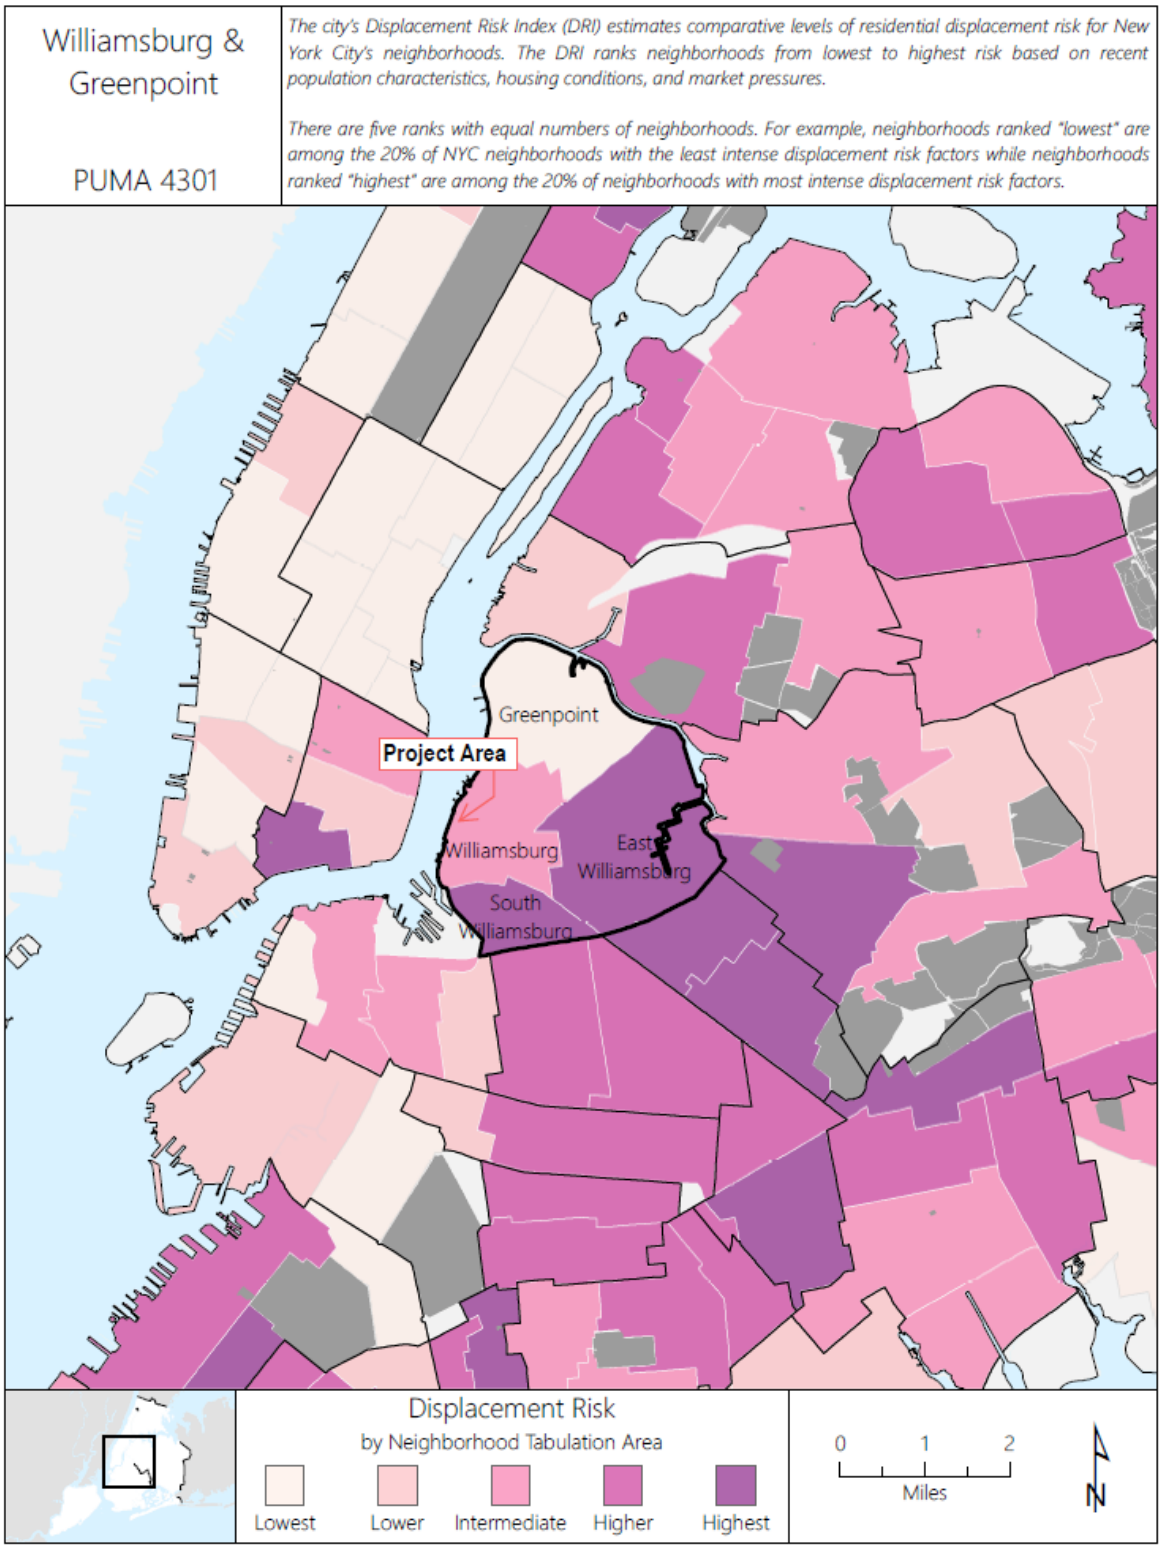

"From 2010 to 2024, housing units in [area] increased/decreased by [percent] and population increased/decreased by [percent]."

4. Affirmatively furthering fair housing and promoting equitable access to opportunity

Provide a narrative statement describing how the project relates to New York City's goals and strategies to affirmatively further fair housing and promote equitable access to opportunity. These goals and strategies are described in the city's fair housing plan, Where We Live NYC.

The proposed development furthers several of the fair housing and equitable access to opportunity goals outlined in the City's fair housing plan known as "Where We Live NYC" as follows:

Goal #2: Facilitate equitable housing development in New York City and the region

The Proposed Development furthers this goal in two major ways: by providing a significant amount of new income-restricted housing units, and by providing new income-restricted housing units in a location highly accessible to jobs and amenities.

Brooklyn Community District 1 saw a population growth of 17.9% between 2010-2020 and a net 41.2% increase in housing units from 2010-2024. While this reflects that the area's housing production is more than keeping pace with local population growth and exceeds the rate of housing production in Brooklyn and New York City as a whole, the Proposed Development's 70 income-restricted units will help dozens of very low- and low-income families afford to live in the neighborhood without fear of being rent-burdened.

The Proposed Development is located about ½ mile south of the "North Williamsburg" stop of the NYC Ferry as well as the "Bedford Avenue" stop of the New York City Transit L train, both of which are accessible stations for their respective modes of transit. It is also just one block east of Domino Park in prime Williamsburg, providing its residents with immediate access to tens of thousands of square feet of open space and programming space, as well as a robust commercial hub with substantial office space and destination retail.

Goal #3: Preserve affordable housing and prevent displacement of long-standing residents

At the outset, the Development Site does not currently contain any residential use. Therefore, none is threatened by the Proposed Development itself. That said, the Proposed Development affirmatively furthers the goal of creating affordable housing by producing 70 new permanently affordable (income-restricted) housing units. As discussed in the previous section, these will all be offered in the very low and low-income brackets at 40%, 60% and 80% AMIs, providing those households an opportunity to live in modern, accessible, and affordable units.

Moreover, the new permanently affordable units will be subject to HPD Marketing Guidelines, which provide a preference for applications from within the Community District. This serves to specifically prevent the displacement of existing residents. While the Neighborhood Tabulation Area in which the Development Site is located (NTA BK0102 – Williamsburg) is considered to be in the "Intermediate" displacement risk category, it borders two neighborhoods in the "Highest" category. Adding 278 total units and 70 income-restricted units in this section of Brooklyn would, therefore, alleviate some of the pressure facing this area as well as surrounding neighborhoods. The population vulnerability subindex lists the area as "Low" risk, while the housing conditions subindex lists the area as "Intermediate" risk, as

92% of the housing in the area is not income-restricted. The market pressure subindex lists the area as “Highest” risk, with a larger rent change than the City as a whole.

Goal #5: Create more independent and integrated living options for people with disabilities

Because this is a new development, it must be built pursuant to ADA guidelines, and set aside a portion of the income-restricted units for people with disabilities. This not only means the building will be designed to be accessible (including ADA-compliant elevators and ramps), but it will provide new affordable housing opportunities for people with disabilities as well. The Proposed Development is also just east of Domino Park and about ½ mile from two accessible transit stops, the “North Williamsburg” stop of the NYC Ferry and the “Bedford Avenue” stop of the NYCT L train. This suggests that disabled residents will have convenient access to a significant amount of green space as well as the City’s general transit network.

5. Community Profile

The community profile provides data tables for all indicators from the Equitable Development Data Explorer (EDDE) for the relevant Community District2. Includes approximately 50 indicators across five categories:

- *demographic;*
- *household economic security;*
- *housing affordability, quality, and security;*
- *housing production; and*
- *quality of life and access to opportunity.*

Where possible, these indicators are broken down by mutually exclusive race/ethnicity and show change over time.

All community profiles can be downloaded from the Equitable Development Data Explorer.
