Racial Equity Report on Housing and Opportunity

Project name: 164th Street Rezoning

Contact: Steven Sinacori, Akerman LLP

Prepared by: Austin Coury, Urban Cartographics Date: August 27, 2025

Note: Racial Equity Reports are prepared prior to the certification of the subject application by the City Planning Commission (CPC). A description of the final adopted application is available in the associated CPC report.

PROJECT TYPE

Projects that meet one or more of the following criteria are subject to the racial equity report requirement. Please select all relevant actions or project types and describe the project details associated with the relevant project type:

☐ Text amendment to the zoning resolution affecting 5 or more community districts

☐ Historic district designation affecting 4 or more city blocks

☐ Seeking a change to the use regulations or permitted floor area for any use in a manufacturing district where a building in the project contains at least 100,000 square feet of floor area

Applications submitted pursuant to subdivision a of section 197-c of the charter that seek approval for:

☐ Acquisition or disposition of land to facilitate a non-residential project containing at least 50,000 square feet of floor area

☐ Acquisition or disposition of land to facilitate a residential project, other than a residential project consisting of a building to be preserved, provided that such equity report shall only be required related to a building in such project containing at least 50,000 square feet of floor area

☒ An increase in permitted residential floor area of at least 50,000 square feet

☐ An increase in permitted non-residential floor area of at least 200,000 square feet

☐ A decrease in permitted floor area or number of housing units on at least four contiguous city blocks

If the application meets the above criteria but the proposed development does not, please explain the difference between the proposed development and the application.

1. EXECUTIVE SUMMARY

The executive summary should provide readers with a short, plain-language summary of the subsequent sections of the racial equity report, including major project elements and key neighborhood and demographic conditions.

This report accompanies a land use application by 88-66 Myrtle LLC (the "Applicant") seeking: (1) a zoning map amendment, rezoning their development site from an R3-2 district to an R6A/C2-4 district, and (2) a zoning text amendment to Appendix F to make the affected area part of a Mandatory Inclusionary Housing area.

The object of the application is to facilitate a new mixed-use building containing residential and community facility uses (the "Proposed Development") on the Development Site, which is comprised of Queens Tax Block 6967, Lots 1, 25, 28 & 30. The Development Site encompasses the entire eastern blockfront of 164th Street between 75th Road and 76th Avenue and contains a total of approximately 435 feet of street frontage. It has approximately 200.5 feet of frontage along 164th Street (a "wide" street per zoning at 120 feet wide), approximately 90.5 feet of frontage along 75th Road (a zoning narrow street at 60 feet wide), and approximately 104 feet of frontage along 76th Avenue (a zoning narrow street at 60 feet wide). The Proposed Development is slated to rise six-stories and 65 feet in height and contain 91,426 square feet of floor area (3.9 FAR). The first floor would contain 17,627 square feet of community facility use, while the second through sixth floors would contain 73,799 square feet of residential use. The Proposed Development would contain 80 dwelling units, 24 of which would be permanently income-restricted in compliance with "Option 2" of Mandatory Inclusionary Housing. 37 parking spaces would be provided.

The area to be rezoned (the "Project Area") is effectively coterminous with the Development Site, extending only a couple of feet eastward into Lot 5 north of the block's centerline. Lot 5 is a 4,000 square foot lot containing a two-family home with 2,352 square feet of floor area (0.59 FAR). The Development Site is comprised of Lots 1, 25, 28 & 30, and totals 23,444 square feet of lot area. Lot 1 is a 5,544 square foot lot improved upon with a two-story building containing 2,800 square feet of floor area and local retail and office space on the ground floor with two residential units above. Lot 25 is a 4,000 square foot lot improved upon with a two-story single-family home containing 1,136 square feet of floor area. Lot 28 is a 10,066 square foot lot improved upon with a one-story childcare center containing 3,000 square feet of floor area. Lot 30 is a vacant 3,834 square foot lot used for open storage.

The Project Area falls within PUMA 4408, which is roughly coextensive with the boundaries of Queens Community District 8 and includes the neighborhoods of Fresh Meadows, Hillcrest, Pomonok, Briarwood, and Jamaica Estates. As of 2020, this area's population was 157,986. Of this population, 36.7% identified as Asian non-Hispanic, 11.7% identified as Black non-Hispanic, 18.3% identified as Hispanic, and 27.9% identified as White non-Hispanic. The remaining 5.3% identified as non-Hispanic or some other race or combination of races. The Asian population makes up a significantly larger share of the local population when compared to the rest of the borough and city, while the Hispanic population makes up a significantly smaller share of the local population when compared to both. The Black population makes up a slightly smaller share of the area population compared to the rest of Queens, but a significantly smaller share when compared to the City as a whole. The White population makes up a slightly larger share of the local population when compared to the rest of Queens, but a slightly smaller share when compared to the rest of New York City.

2019-2023 American Community Survey data shows the median household income in the area was $84,217, which is roughly the same as Queens's median ($85,568) and slightly higher than the New York City median ($79,738). Black households have roughly the same median income ($81,459) as the overall figure for the area, while Asian and Hispanic households have slightly lower median incomes ($77,190 and $71,581, respectively) when compared to the same. White households have a significantly higher median income ($101,866) than the overall median for the area. The area's median age was 40 years old. Almost half of the area's population (47.4%) was foreign-born, and 29.3% of the area's population indicated they spoke English less than "very well".

Queens CD8 saw a 6.7% increase in population between 2010 and 2020, and only a 4.1% increase in housing production between 2010 and 2024. This demonstrates that the area's housing production is lagging behind both local population growth and housing production in the rest of the borough (9%) and city (10%). The median gross rent in the area is $1,856/month, which is slightly lower than Queens's median and slightly higher than New York City's median. According to ACS PUMA data between 2019 and 2023, 24.7% of the area's rental units were affordable to households in the extremely low to very low-income bands (0-50% AMI), another 49.9% were affordable to households in the low-income band (51-80% AMI), and another 23.9% were affordable to households in the moderate-income band (81-120% AMI). 20.9% of the population in this area has access to a subway or SBS station within ¼ of a mile, and 5.7% has access to an ADA-accessible subway station within ¼ of a mile. This reflects that the area as a whole is about as transit-accessible for able-bodied residents as Queens in general, but significantly less so for disabled residents, while it is significantly less transit-accessible for all residents as New York City as a whole.

The Project Area is located within Neighborhood Tabulation Area QN0802 (Pomonok-Electchester-Hillcrest), which is considered in the "Low" category on the Displacement Risk Map. The population vulnerability subindex lists the area as "High" risk, while the housing conditions subindex lists the area as "Lowest" risk and the market pressure subindex lists the area as "Intermediate" risk.

The proposed project would help New York City meet several of its goals to affirmatively further fair housing and promote equitable access to opportunity by creating 24 new units of income-restricted housing at an average of 80% AMI in a new building designed to be ADA-accessible, while setting aside a certain percentage of income-restricted units for existing community district residents and those with disabilities.

The purpose of this report is to provide additional context not found in the land use application to facilitate public conversation about neighborhood change. To that end, it includes the following sections:

Section 1: Executive Summary *(this section)*

Section 2: Description of project components – Details of the proposed residential units in the proposed development: rent-regulated / market-rate, unit quantities, unit types, income restrictions, projected rents. And details of non-residential uses: proposed jobs and likely demographic characteristics of the prospective workforce.

Section 3: Community profile summary - Graphs and charts describing neighborhood demographics, socioeconomic and housing conditions, with accompanying narrative explanation.

Section 4: Narrative statement - A statement describing how the project components and neighborhood characteristics relate to the City's commitment to affirmatively furthering fair housing and promoting equitable access to opportunity.

Section 5: Community profile – The complete data of all indicators in the Equitable Development Data Explorer for the local, community, the borough, and the city (for refence purposes).

Appendix – Other documents or information referenced by this report that are not included elsewhere in the applicant's land use application (supporting data for market-rate rents).

2. PROJECT SPECIFIC INFORMATION

For guidance, please refer to the racial equity report submission guide.

2.1. Description of residential space and affordability

2.1.1 Reporting residential floor area

Total residential zoning square feet: 73,799 sf

2.1.2 Profile of anticipated residential affordability

Report the number of anticipated housing units. If income-restricted, report unit count by Area Media Income (AMI) tier. If not, report as "not income-restricted."

Income Restriction	**Unit Count**		**Anticipated Affordability*** **				
			AMI	Rent (2025)*		Eligible Income (2025)**	
	#	%		studio – 2-bedroom		1-person – 4-person	
Low Income	8	10%	60%	$1,700	$2,190	$68,000	$97,200
Low Income	8	10%	80%	$2,270	$2,920	$90,700	$129,600
Moderate Income	8	10%	100%	$2,840	$3,650	$113,400	$162,000
Not Income Restricted	56	70%	n/a	$1,750	$3,610	$80,000	$108,000
Total New Units	**80**	**100%**					

**Rents are based on unit size. Rents shown are illustrative (based on 2025 AMI), rounded to the nearest $10) and will change. Final rents will be determined based on the HUD Income Limits in place at time of project construction.*

***Qualifying incomes are based on household size. Incomes shown are illustrative (based on 2025 AMI, rounded to the nearest $100) and will change. Final qualifying incomes will be determined by the HUD Income Limits in place at time of project marketing.*

****Affordability numbers are preliminary*

Provide additional comments below, such as anticipated unit sizes. If applicable, report the proposed Mandatory Inclusionary Housing option. If applicable, describe any affordable housing financing programs.

The Proposed Development will contain a total of 80 residential units. Of these 80 units, 24 will be income-restricted pursuant to Mandatory Inclusionary Housing Program ("MIH") Option 2, and 56 will be market-rate (not income-restricted). Pursuant to MIH Option 2, the 24 income-restricted units comprise at least 30% of the Proposed Development's residential floor area, at a weighted Area Median Income ("AMI") average of 80%.

The Proposed Development would contain five studio apartments (two of which would be income-restricted), 46 one-bedroom apartments (13 of which would be income-restricted), and 29 two-bedroom apartments (nine of which would be income-restricted). One of the income-restricted studios will be offered at 60% AMI while the other will be offered at 100% AMI. Four of the income-restricted one-bedrooms each will be offered at 60% and 100% AMI, while the other five will be offered at 80% AMI. Three of the income-restricted two-bedrooms each will be offered at 60%, 80% and 100% AMI.

The Proposed Development will not be seeking any affordable housing financing programs.

Based on current rental data, as applied to the unit types and unit sizes in the Proposed Development, the estimated monthly rents of the market-rate units are as follows:

	Third Quartile Area Market-Rate Rents	Associated Household Incomes (30% Rent Burden)
Studio Apartments	$2,000/month	$80,000/year
One-Bedroom Apartments	$2,300/month	$92,000/year
Two-Bedroom Apartments	$2,700/month	$108,000/year

To determine the basic third quartile area market-rate rents (monthly), data from the website StreetEasy for the surrounding area was reviewed (see Appendix).

2.3 Estimating construction jobs

Report anticipated construction jobs in both person-years and average yearly workers for each development site.

Development Site	Person-years	Average yearly workers
75-41 164th Street	226.6	151.1
Total	**226.6**	**151.1**

3. Community Profile Summary

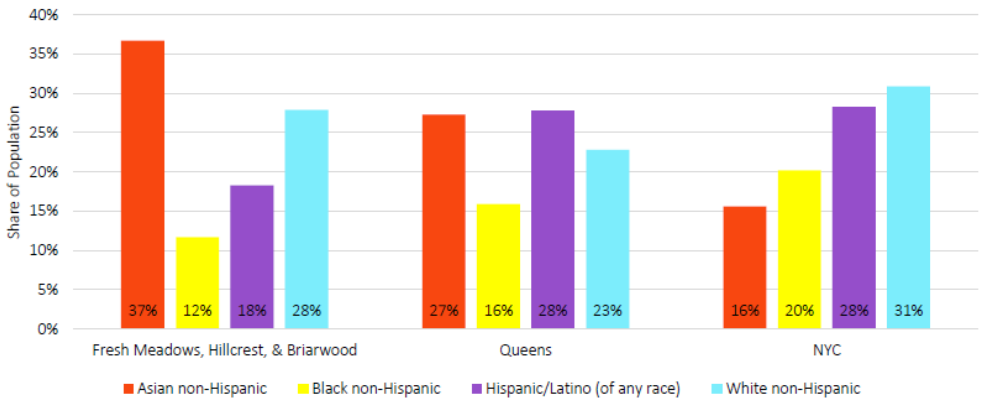

The community profile summary is intended to provide a user-friendly snapshot of household, housing, and neighborhood indicators in the project area. This summary includes graphs and charts of selected indicators found in the full community profile (Section 5). The summary is available for download through the Equitable Development Data Explorer.

Demographic Conditions

Figure 1: Race & Ethnicity, 2020

Shows the share of area population by mutually exclusive race and Hispanic ethnicity. Compares the local area to the borough and city.

"In 2020, [percent] of the population in [area] identified as [race/ethnicity]."

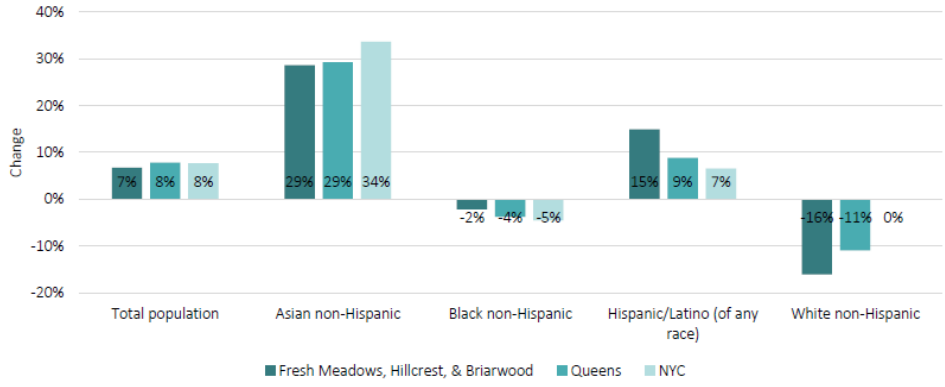

Source: Census 2020; Community Profile Table 1.01

Figure 2: Percent Change in Race & Ethnicity, 2010 to 2020

Shows the percent change of the area population by mutually exclusive race and Hispanic ethnicity. Compares the local area to the borough and city.

"From 2010 to 2020, the [race/ethnicity] population in [area] increased/decreased by [percent]."

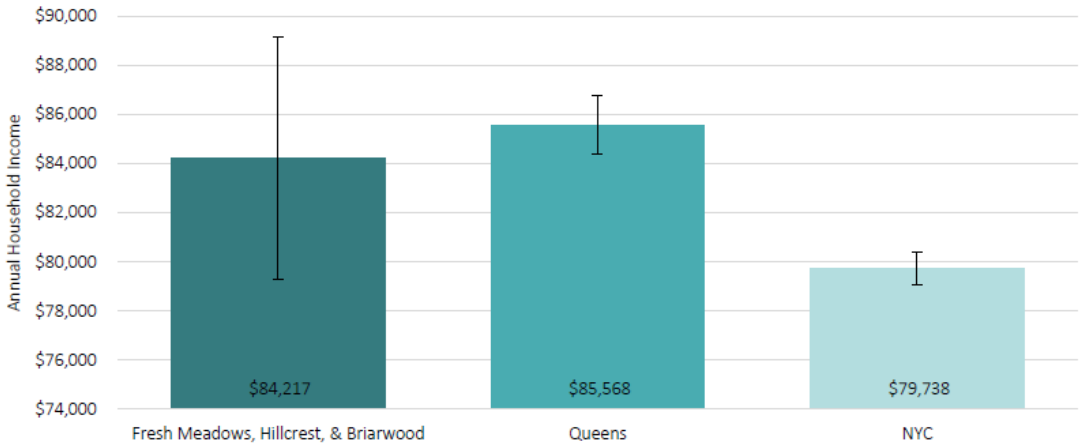

Source: Census 2010, 2020; Community Profile Table 1.01

Household Economic Security – Income

Figure 3: Median Household Income, 2019-2023 (Five-Year Estimate)

Shows the estimated median household income (in 2023 dollars) for the local area, borough, and city. Median means half of all households in the area make more than this amount and half make less. Compares the local area to the borough and city.

"For 2019-2023, the estimated median household income in [area] was [$]."

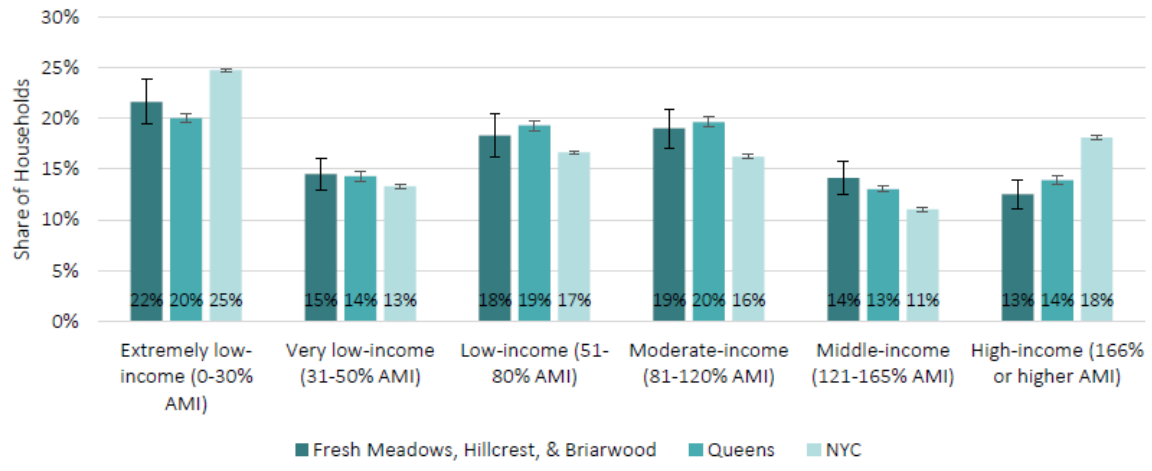

Source: American Community Survey 2019-2023; Community Profile Table 2.02

Figure 4: Share of Households in Each HUD AMI Band, 2019-2023 (Five-Year Estimate)

Shows the share of households within each 2021 U.S. Housing and Urban Development (HUD) Area Median Income (AMI) band. Compares the local area to the borough and city. U.S. Housing and Urban Development (HUD) Area Median Income (AMI) is based on rental prices.

"For 2019-2023, an estimated [percent] of households in [area] were in [HUD AMI band]."

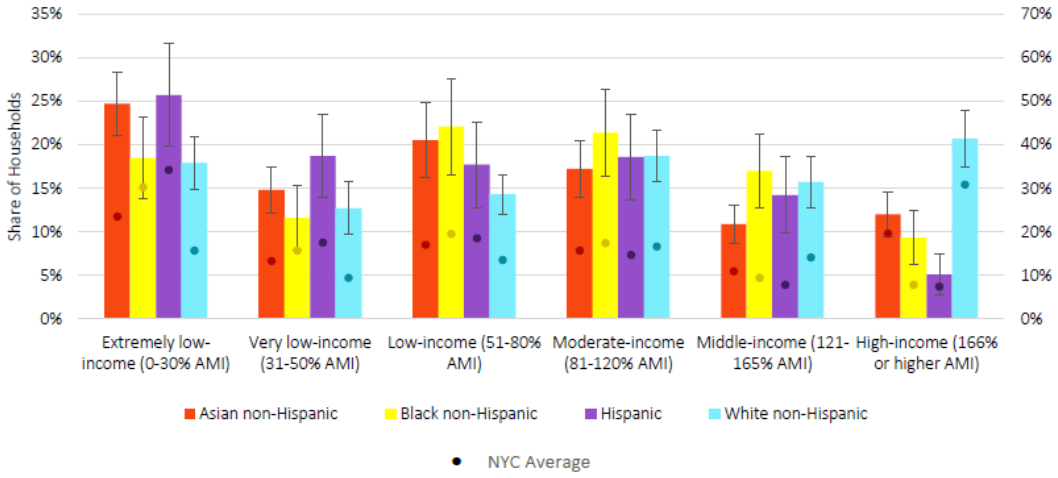

Source: American Community Survey 2019-2023; Community Profile Table 2.03

Figure 5: Share of Households in Each HUD AMI Band by Race & Ethnicity, 2019-2023 (Five-Year Estimate)

Shows the share of PUMA households within each 2021 U.S. Housing and Urban Development (HUD) Area Median Income (AMI) band, by mutually exclusive race & Hispanic ethnicity of householder. HUD AMI bands are used to determine eligibility for income-restricted housing.

"In the local area, an estimated [percent] of [race/ethnicity] households were in [HUD AMI band] in 2019-2023."

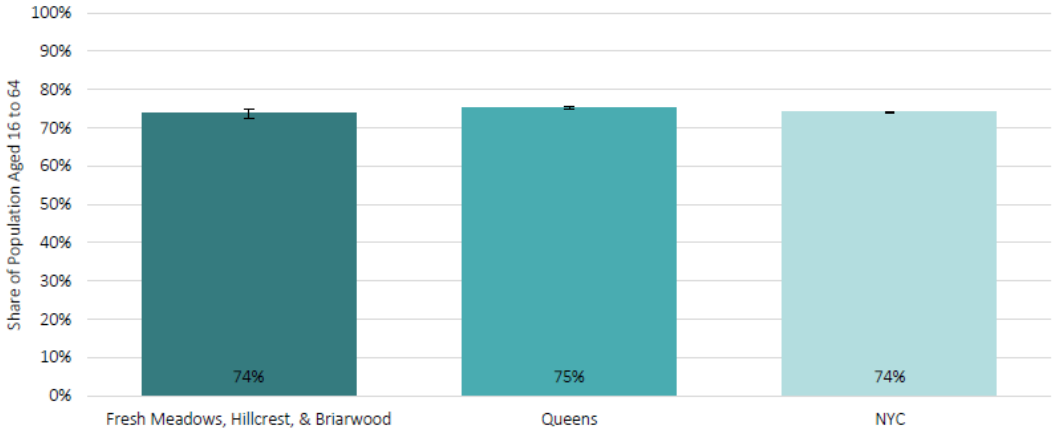

Source: American Community Survey 2019-2023; Community Profile Table 2.03

Household Economic Security – Jobs

Figure 6: Labor Force Participation, 2019-2023 (Five-Year Estimate)

Shows the share of the total population aged 16-64 who is employed or seeking work. Compares the local area to the borough and city.

"In 2019-2023, an estimated [percent] in [area] were employed or seeking work."

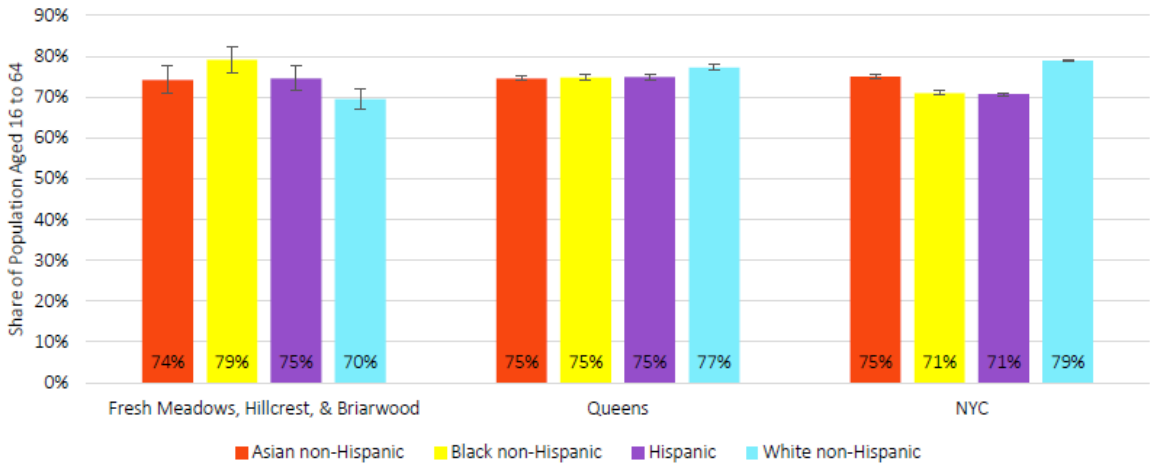

Source: American Community Survey 2019-2023; Community Profile Table 2.04

Figure 7: Labor Force Participation by Race & Ethnicity, 2019-2023 (Five-Year Estimate)

Shows the share of the total population aged 16-64 who is employed or seeking work, by mutually exclusive race & Hispanic ethnicity. Compares the local area to the borough and city.

"In 2019-2023, an estimated [percent] of [race/ethnicity] group in [area] were employed or seeking work."

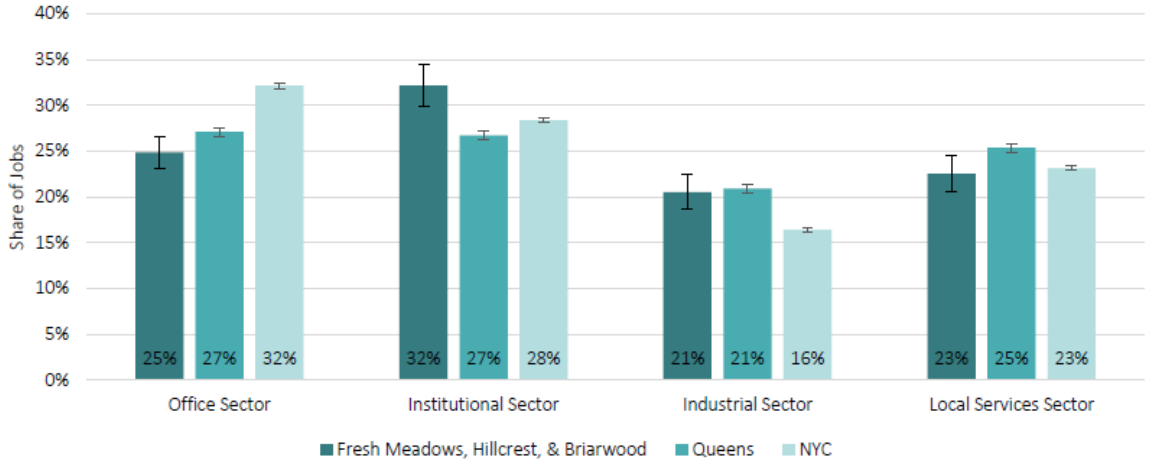

Source: American Community Survey 2019-2023; Community Profile Table 2.04

Figure 8: Share of Employed Residents by Business Sector[1], 2019-2023 (Five-Year Estimate)

Shows the share of workers who live in an area by the business sector in which they work. Compares the local area to the borough and city.

"In 2019-2023, an estimated [percent] of employed people in [area] worked in [business sector]."

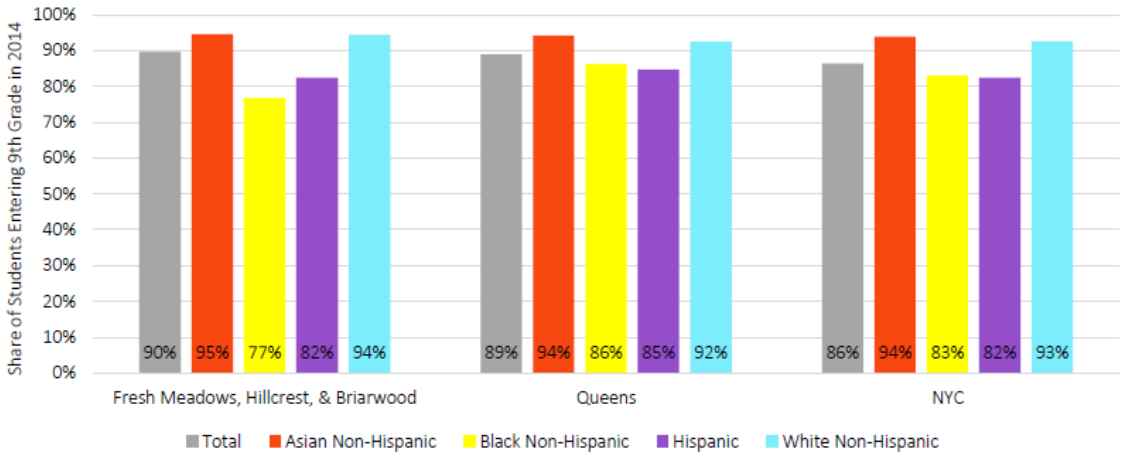

Source: American Community Survey 2019-2023; Community Profile Table 2.06

Education & Access to Transit

Figure 9: High School Graduation Rate, 2024

Shows the rate of students who entered 9th grade in 2020 and graduated by 2024. Shows the share of total students and share of students by mutually exclusive race and ethnicity groups. Compares the local area to the borough and city.

"The 2024 graduation rate for [race/ethnicity] group in [area] was [percent]."

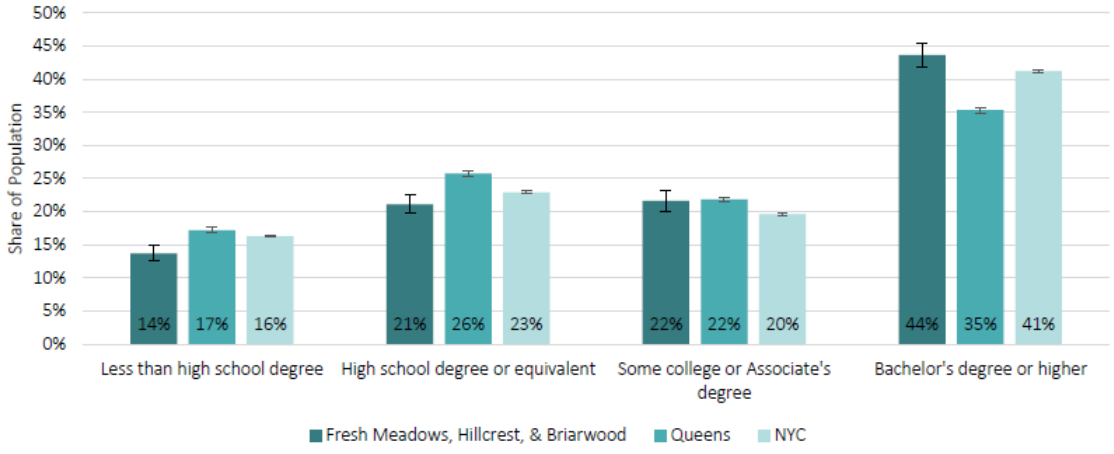

Source: NYC Department of Education 2024; Community Profile Table 5.13

Figure 10: Educational Attainment, 2019-2023 (Five-Year Estimate)

Shows the share of the population 25 years and over, by highest level of educational attainment. Compares the local area to the borough and city.

"In 2019-2023, an estimated [percent] of the population 25 years and over in [area] had [educational attainment]."

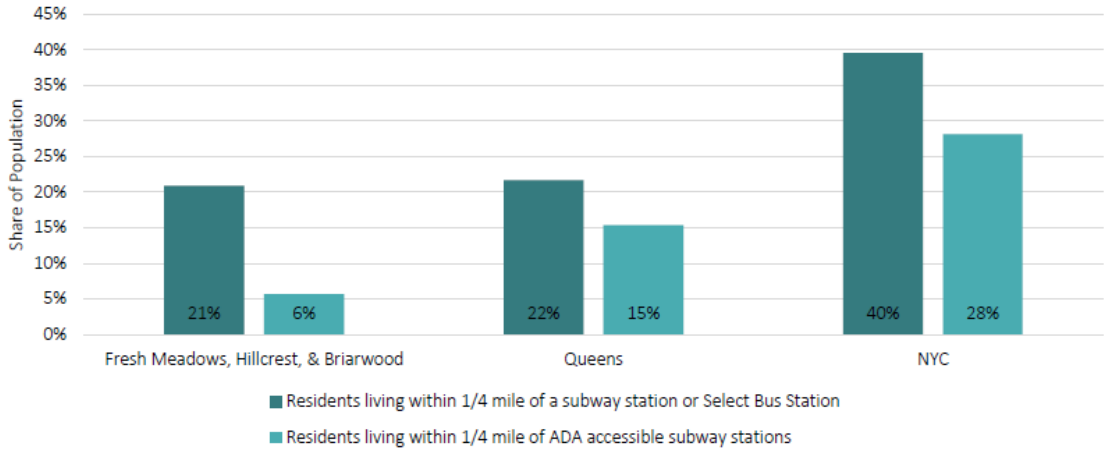

Source: American Community Survey 2019-2023; Community Profile Table 2.01

Figure 11: Access to Transit, 2023

Shows the share of population that lives within ¼ mile of a subway station or select bus service stop; and share of population that lives ¼ mile of an ADA accessible subway station. Compares the local area to the borough and city.

"In 2023, about [percent] of residents in [area] lived near an ADA accessible subway station."

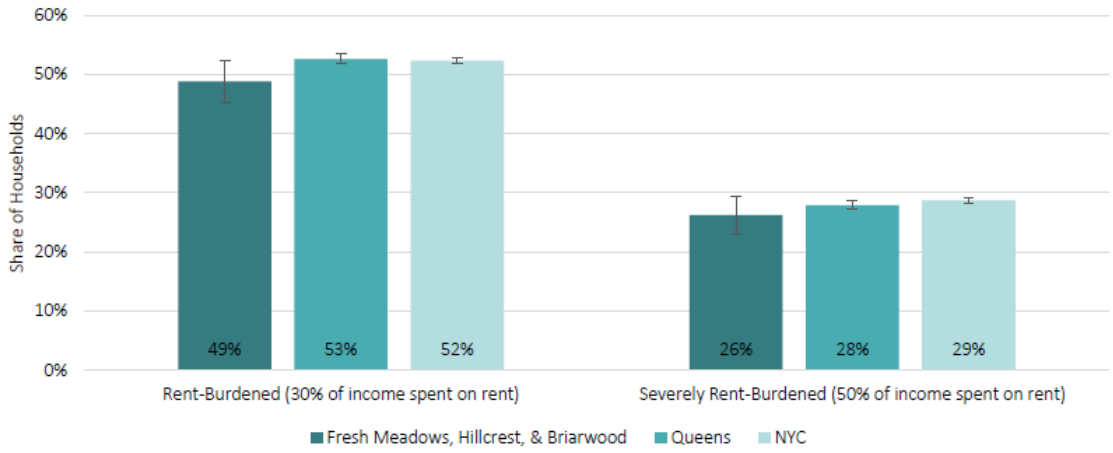

Source: Department of City Planning 2023; Community Profile Table 5.09

Housing Security, Affordability, and Quality

Figure 12: Rent-Burdened & Severely Rent-Burdened Households, 2019-2023 (Five-Year Estimate)

Shows the percent of households who spent 30% or more of their income on rent (rent-burdened) and the percent who spent 50% or more of their income on rent (severely rent-burdened). Compares the local area to the borough and city.

"In 2019-2023, an estimated [percent] of households in [area] were severely rent-burdened."

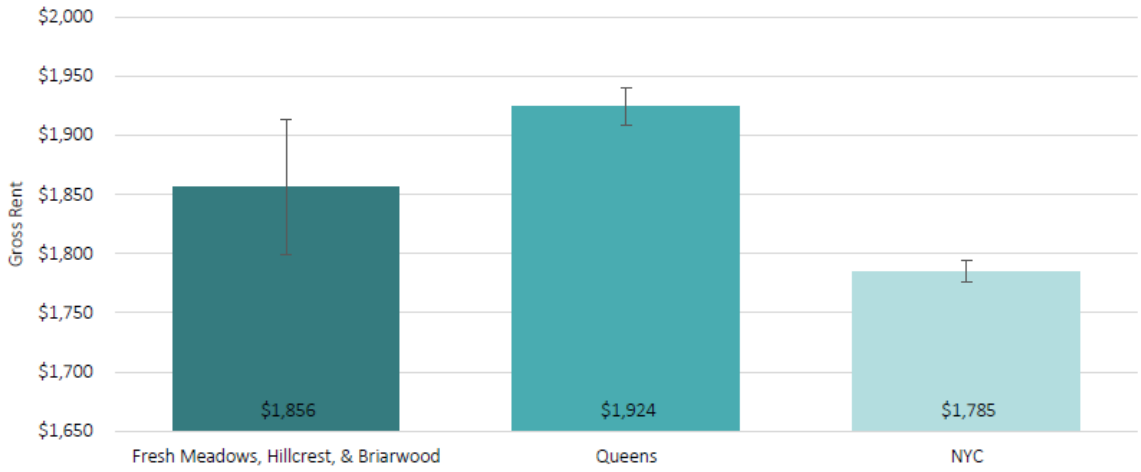

Source: American Community Survey 2019-2023; Community Profile Table 3.04

Figure 13: Median Gross Rent, 2019-2023 (Five-Year Estimate)

Shows the median rent for occupied units paying rent. Median means half of all units have rental costs higher than this amount and half have rents lower than this amount. Compares the local area to the borough and city.

"In 2019-2023, the estimated median price of rental units in [area] was [$]."

Source: American Community Survey 2019-2023; Community Profile Table 3.03

Housing Production

Figure 14: Percent Change in Housing Supply and Population, 2010 to 2024

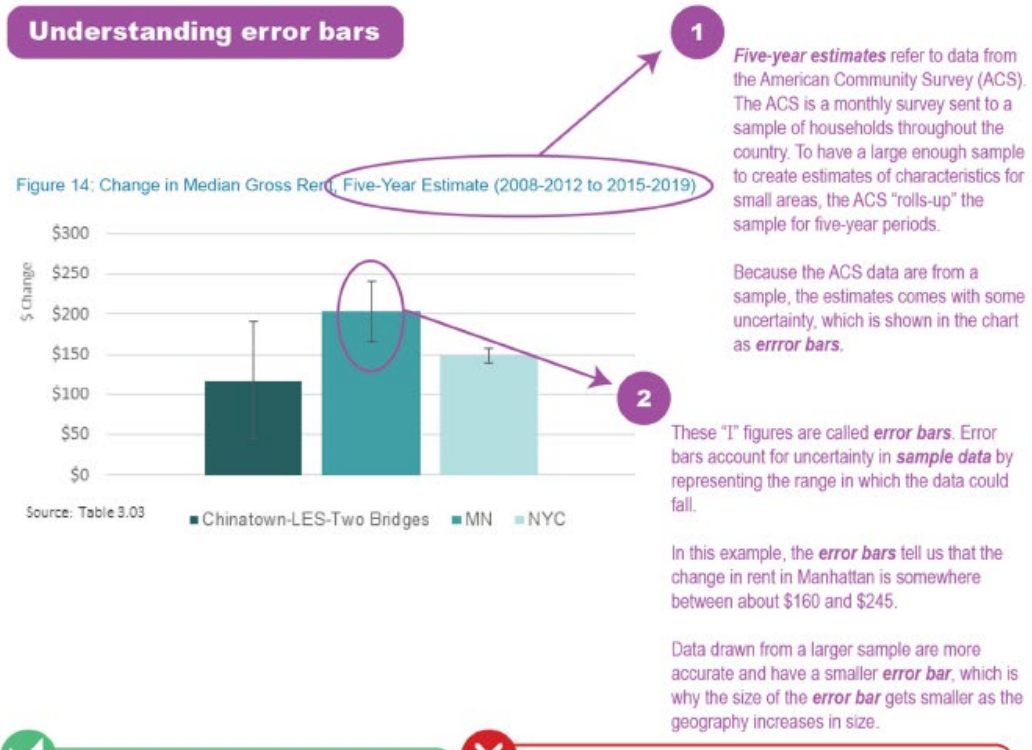

Shows the percent change in the number of housings units and population. Compares the local area to the borough and city.

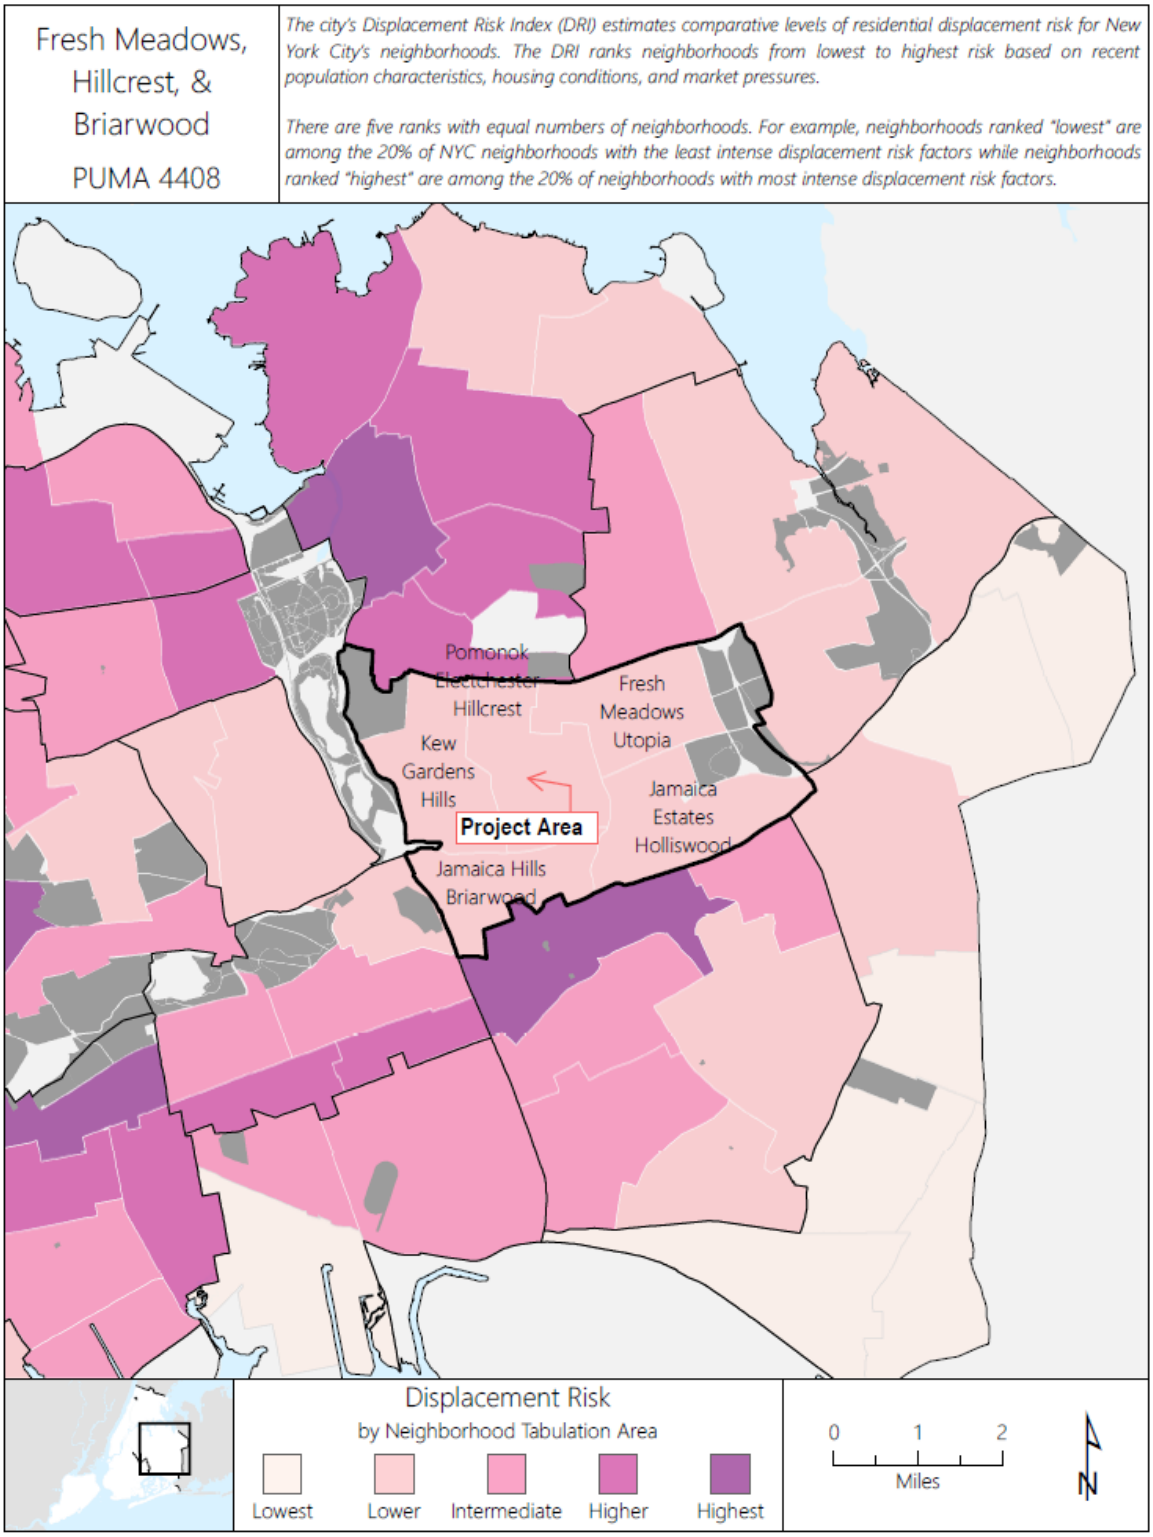

"From 2010 to 2024, housing units in [area] increased/decreased by [percent] and population increased/decreased by [percent]."

4. Affirmatively furthering fair housing and promoting equitable access to opportunity

Provide a narrative statement describing how the project relates to New York City's goals and strategies to affirmatively further fair housing and promote equitable access to opportunity. These goals and strategies are described in the city's fair housing plan, Where We Live NYC.

The proposed development furthers several of the fair housing and equitable access to opportunity goals outlined in the City's fair housing plan known as "Where We Live NYC" as follows:

Goal #2: Facilitate equitable housing development in New York City and the region

The Proposed Development furthers this goal in several major ways: by providing new housing units in a neighborhood that has experienced little housing production, by providing new income-restricted housing units, and by providing a housing unit type that is not broadly available in the neighborhood.

Queens Community District 8 saw a population growth of 6.7% between 2010-2020, but only a net 4.1% increase in housing units from 2010-2024. This conveys that housing production in the area not only lagged behind population growth, but also lagged behind housing production in the rest of Queens and New York City, as the borough and city as a whole experienced increases of housing production by 9% and 10%, respectively. Furthermore, the Proposed Development would add 24 income-restricted housing units at the low- and moderate-income levels, providing dozens of households with an opportunity to live in a modern building without being rent-burdened.

The Proposed Development also proposes five studio apartments, which is an extremely difficult unit type to find in the neighborhood. When looking at rented apartments on StreetEasy over the past year in the Hillcrest, Pomonok, and Fresh Meadows neighborhoods, only seven studios were rented, compared to 95 one-bedrooms and 65 two-bedrooms. The proposal's five new studios would provide an opportunity for several households of young professionals or seniors to find modern housing in the neighborhood where they previously may have not had the chance.

Goal #3: Preserve affordable housing and prevent displacement of long-standing residents

At the outset, the Development Site only currently contains three dwelling units where 80 dwelling units are proposed, resulting in a net gain of 77 dwelling units. Furthermore, the Proposed Development affirmatively furthers the goal of creating affordable housing by producing 24 new permanently affordable (income-restricted) housing units. As discussed in the previous section, these will all be offered in the low and moderate-income brackets at 60%, 80% and 100% AMIs, providing those households an opportunity to live in modern, accessible, and affordable units.

Moreover, the new permanently affordable units will be subject to HPD Marketing Guidelines, which provide a preference for applications from within the Community District. This serves to specifically prevent the displacement of existing residents. The Neighborhood Tabulation Area in which the Development Site is located (NTA QN0802 – Pomonok-Electchester-Hillcrest) is considered to be in the "Low" displacement risk category, but borders a neighborhood in the "Higher" category (Queensboro Hill). Adding 80 total units and 24 income-restricted units in this section of Queens would, therefore, alleviate some of the pressure facing this area as well as surrounding

neighborhoods. The population vulnerability subindex lists the area as “High” risk, with a 74.6% non-White population. The housing conditions subindex lists the neighborhood as “Lowest” risk, and the market pressure subindex lists the area as “Intermediate” risk.

Goal #5: Create more independent and integrated living options for people with disabilities

Because this is a new development, it must be built pursuant to ADA guidelines, and set aside a portion of the income-restricted units for people with disabilities. This not only means the building will be designed to be accessible (including ADA-compliant elevators and ramps), but it will provide new affordable housing opportunities for people with disabilities as well.

5. Community Profile

The community profile provides data tables for all indicators from the Equitable Development Data Explorer (EDDE) for the relevant Community District2. Includes approximately 50 indicators across five categories:

- *demographic;*
- *household economic security;*
- *housing affordability, quality, and security;*
- *housing production; and*
- *quality of life and access to opportunity.*

Where possible, these indicators are broken down by mutually exclusive race/ethnicity and show change over time.

All community profiles can be downloaded from the Equitable Development Data Explorer.
