NOTES

- Indicates street line hereby established
- Indicates street line heretofore established and hereby retained
- Indicates street line heretofore established and hereby eliminated
- Indicates roadway and sidewalk treatment hereby established or heretofore established and hereby retained. (For illustrative purposes only)
- Indicates U.S. Bulkhead line
- PARK — Indicates park or park addition heretofore established and hereby retained
- PARK — Indicates park or park addition hereby established
- PARK — Indicates park heretofore established and hereby eliminated
- 912 — Indicates Queens tax block number
- 60 — Indicates roadway dimensions heretofore established and hereby retained
- 954.95 — Indicates roadway dimensions hereby established
- ~~249.28~~ — Indicates roadway and parkland dimensions heretofore established and hereby eliminated
- Indicates area which may be used for utilities limited to this application
- *15.54* — Indicates elevation hereby established
- *11.20* — Indicates elevation heretofore established and hereby retained

NOTE 1 - EASEMENT/CORRIDOR:
An area of any street hereby eliminated or previously eliminated from the City Map may be reserved for Department of Environmental Protection (DEP) utility infrastructure purposes, pursuant to an easement reserved for the City's benefit or, in the case of property to be retained in City ownership, pursuant to a memorandum of understanding between DEP and the City agency with jurisdiction or management responsibility over the eliminated street area. For verification as to the existence of an easement refer to the official property records in the offices in which instruments affecting real property are required to be recorded.

NOTE 2
Within the area which may be used for utilities, the City may grant one or more easements for purposes of utility connections and related below-grade infrastructure serving the development that is the subject of Application C ____ MMQ.
Each executed easement agreement shall include a metes and bounds description or dimensioned survey drawing of the area occupied by utility connections and such infrastructure.

No changes are contemplated in blocks shown without dimensions.

Elevations apply to center line of streets unless otherwise indicated.

Elevations refer to Queens Datum, which is 2.725 feet above the N.G.S. Datum at Sandy Hook, New Jersey.
