Racial Equity Report on Housing and Opportunity

Project name: 783 4th Avenue Rezoning

Contact: Eric Palatnik, PC.

Prepared by: Austin Coury, Urban Cartographics Date: January 19, 2026

Note: Racial Equity Reports are prepared prior to the certification of the subject application by the City Planning Commission (CPC). A description of the final adopted application is available in the associated CPC report.

PROJECT TYPE

Projects that meet one or more of the following criteria are subject to the racial equity report requirement. Please select all relevant actions or project types and describe the project details associated with the relevant project type:

☐ Text amendment to the zoning resolution affecting 5 or more community districts

☐ Historic district designation affecting 4 or more city blocks

☐ Seeking a change to the use regulations or permitted floor area for any use in a manufacturing district where a building in the project contains at least 100,000 square feet of floor area

Applications submitted pursuant to subdivision a of section 197-c of the charter that seek approval for:

☐ Acquisition or disposition of land to facilitate a non-residential project containing at least 50,000 square feet of floor area

☐ Acquisition or disposition of land to facilitate a residential project, other than a residential project consisting of a building to be preserved, provided that such equity report shall only be required related to a building in such project containing at least 50,000 square feet of floor area

☒ An increase in permitted residential floor area of at least 50,000 square feet

☐ An increase in permitted non-residential floor area of at least 200,000 square feet

☐ A decrease in permitted floor area or number of housing units on at least four contiguous city blocks

If the application meets the above criteria but the proposed development does not, please explain the difference between the proposed development and the application.

1. EXECUTIVE SUMMARY

The executive summary should provide readers with a short, plain-language summary of the subsequent sections of the racial equity report, including major project elements and key neighborhood and demographic conditions.

This report accompanies a land use application by 783 4th Avenue LLC (the "Applicant") seeking: (1) a zoning map amendment, rezoning a portion of their development site from an M1-1D district to an R8A/C2-4 district and the other portion from an M1-1D district to an R7A district and a zoning text amendment to Appendix F to make the affected area part of a Mandatory Inclusionary Housing area.

The object of the application is to facilitate three new buildings (collectively, the "Proposed Development.") The Development Site itself is comprised of Block 661, Lots 5, 13, 14 & 66, stretching between 27th and 28th Streets on the east side of 4th Avenue. The Proposed Development is comprised of three buildings: The largest building (Building A) will be a 13-story, 134-foot-tall mixed-use building on the southeast corner of 4th Avenue and 27th Street, with 84,579 total square feet 3,800 square feet of which will be put to commercial use on the ground floor) and 98 dwelling units (23 of which will be permanently income-restricted). Building B will rise nine-stories and 94 feet and front on a midblock portion of 27th Street, and contain 62,653 square feet of residential use and 68 dwelling units (17 of which will be permanently income-restricted). Building C will rise eight-stories and 84 feet and front on a midblock portion of 28th Street, and contain 37,215 square feet of residential use and 48 dwelling units (all of which will be permanently income-restricted). In total, the Proposed Development will contain 184,447 square feet 5.66 FAR) and 214 dwelling units, 88 of which will be permanently income-restricted in compliance with "Option 1" of the Mandatory Inclusionary Housing Program, at an average of 55% AMI.

The area to be rezoned (the "Project Area") includes the Development Site as well as Lots 1-4, 68 & 69 to create a comprehensive zoning proposal. Specifically, the R8A/C2-4 portion of the rezoning would extend at a 100-foot depth east of 4th Avenue, with the R7A portion of the rezoning extending an additional 125 feet east from the new R8A/C2-4 district boundary. The Development Site is currently improved upon with several community facility buildings used for social services by St. Rocco's Catholic Church. As for the project area, Lot 1 contains a small one-story commercial building, Lots 2 through 4 contain small two- to three-story mixed-use buildings with commercial uses on the ground floor, and Lots 68 & 69 are both improved upon with small two-story residential buildings.

The Project Area falls within PUMA 4307, which is roughly coextensive with the boundaries of Brooklyn Community District 7 and includes the neighborhoods of Sunset Park and Windsor Terrace. As of 2020, this area's population was 133,706. Of this population, 30.5% identified as Asian non-Hispanic, 3.2% identified as Black non-Hispanic, 39.1% identified as Hispanic, and 24% identified as White non-Hispanic. The remaining 3.3% identified as non-Hispanic of some other race or combination of races. The Asian and Hispanic populations make up significantly larger shares of the area population than when compared to Brooklyn and New York City as a whole, while the share of the local

population that is White is significantly lower than compared to the rest of the borough and city. The share of the Black population in the area is much less than when compared to its share of the borough and citywide populations.

2019-2023 American Community Survey data shows the median household income in the area was $84,156, which is slightly higher than Brooklyn and New York City's medians. Asian and Hispanic households had significantly lower median incomes ($61,527 and $60,658, respectively) than the overall number in the area, while White households had a much higher median income then compared to the same ($129,812). Black households also had a significantly higher median income ($99,693) than the area's figure. The area's median age was 37.6 years old. 40.1% of the population was foreign born, and 43% of the area's population indicated that they spoke English less than "very well."

Brooklyn Community District 7 saw a 5.7% increase in population between 2010 and 2020, and a 6.9% increase in housing production. Therefore, the area's housing production is keeping up with its population growth, but is significantly below housing production in the entirety of Brooklyn and New York City. The median gross rent in the area is $1,916/month, which is slightly above the Brooklyn and New York City medians. According to ACS PUMA data between 2019 and 2023, 30.3% of the area's rental units were affordable to households in the extremely low- to very low-income bands (0-50% AMI), another 39.6% were affordable to households in the low-income band (51-80% AMI), and another 23.9% were affordable to those in the moderate-income band (81-120%). 31.8% of the population in this area has access to a subway or SBS station within ¼ of a mile, and the same percentage has access to an ADA-accessible subway station within ¼ of a mile. This reflects that the area as a whole is slightly less transit-accessible for able-bodied people as the rest of Brooklyn and New York City, but about as transit-accessible for disabled people when compared to the same.

The Project Area falls within Neighborhood Tabulation Area (NTA) BK0702, which is rated as having a "High" displacement risk according to the NYC Equitable Development Data Explorer. Its population vulnerability subindex is also considered as High risk, its housing conditions subindex lists the area as Intermediate risk, and the market pressure subindex is considered as Highest risk. Notable statistics include that 38% of the population in the area has an income below 200% of the federal poverty rate, and 96% of the housing in the area is not income-restricted.

The proposed project would help New York City meet several of its goals to affirmatively further fair housing and promote equitable access to opportunity by creating 88 new units of income-restricted housing at an average of 55% AMI at a highly transit-accessible location, in a new building designed to be ADA-accessible, while setting aside a certain percentage of income-restricted units for existing community district residents and those with disabilities.

The purpose of this report is to provide additional context not found in the land use application to facilitate public conversation about neighborhood change. To that end, it includes the following sections:

Section 1: Executive Summary *(this section)*

Section 2: Description of project components – Details of the proposed residential units in the proposed development: rent-regulated / market-rate, unit quantities, unit types, income restrictions, projected rents. And details of non-residential uses: proposed jobs and likely demographic characteristics of the prospective workforce.

Section 3: Community profile summary - Graphs and charts describing neighborhood demographics, socioeconomic and housing conditions, with accompanying narrative explanation.

Section 4: Narrative statement - A statement describing how the project components and neighborhood characteristics relate to the City's commitment to affirmatively furthering fair housing and promoting equitable access to opportunity.

Section 5: Community profile – The complete data of all indicators in the Equitable Development Data Explorer for the local, community, the borough, and the city (for refence purposes).
Appendix – Other documents or information referenced by this report that are not included elsewhere in the applicant's land use application (supporting data for market-rate rents).

2. PROJECT SPECIFIC INFORMATION

For guidance, please refer to the racial equity report submission guide.

2.1. Description of residential space and affordability

2.1.1 Reporting residential floor area

Total residential zoning square feet: 177,024 sf

2.1.2 Profile of anticipated residential affordability

Report the number of anticipated housing units. If income-restricted, report unit count by Area Media Income (AMI) tier. If not, report as "not income-restricted."

Income Restriction	Unit Count		Anticipated Affordability***				
			AMI	Rent (2025)*		Eligible Income (2025)**	
	#	%		studio – 3-bedroom		1-person – 5-person	
Extremely Low Income	13	6%	30%	$850	$1,260	$34,000	$52,500
Very Low Income	14	7%	40%	$1,130	$1,690	$45,400	$70,000
Very Low Income	26	12%	50%	$1,420	$2,110	$56,700	$87,500
Low Income	11	5%	60%	$1,700	$2,530	$68,000	$105,000
Low Income	24	11%	80%	$2,270	$3,370	$90,700	$140,000
Not Income Restricted	126	59%	n/a	$2,880	$5,500	$122,000	$240,000
Total New Units	**214**	**100%**					

**Rents are based on unit size. Rents shown are illustrative (based on 2025 AMI), rounded to the nearest $10) and will change. Final rents will be determined based on the HUD Income Limits in place at time of project construction.*

***Qualifying incomes are based on household size. Incomes shown are illustrative (based on 2025 AMI, rounded to the nearest $100) and will change. Final qualifying incomes will be determined by the HUD Income Limits in place at time of project marketing.*

****Affordability numbers are preliminary*

Provide additional comments below, such as anticipated unit sizes. If applicable, report the proposed Mandatory Inclusionary Housing option. If applicable, describe any affordable housing financing programs.

The Proposed Development will contain a total of 214 residential units split between three buildings. Of these 214 units, 88 will be income-restricted pursuant to Option 1 of the Mandatory Inclusionary Housing Program ("MIH"), and 126 will be market-rate (not income-restricted). Building A will be the largest of the three, containing 98 units with 23 being permanently affordable. Building B will contain 68 units, with 17 being permanently affordable. Building C will be the smallest of the three, containing 48 units with all being permanently affordable.

Pursuant to MIH Option 1, the 88 income-restricted units comprise 41% of the Proposed Development's residential floor area at a weighted Area Median Income ("AMI") average of 55%. In addition, more than 10% of the overall units in the Proposed Development will be offered at or under 40% AMI. 13 units will be offered at 30% AMI, 14 units will be offered at 40% AMI, 26 units will be offered at 50% AMI, 11 units will be offered at 60% AMI, and 24 units will be offered at 80% AMI. The table above provides example rents and eligible incomes, by AMI income band.

The Proposed Development would contain a total of 36 studio apartments (with 22 being income-restricted), 59 one-bedroom apartments (with 29 being income-restricted), 100 two-bedroom apartments (with 31 being income-restricted), and 19 three-bedroom apartments (with six being income-restricted). Six of the total income-restricted studios will be offered at 30% AMI, 11 will be offered at 50% AMI, and the other five will be offered at 80% AMI. Five of the total income-restricted one-bedroom apartments will be offered at 30% AMI, one will be offered at 40% AMI, 11 will be offered at 50% AMI, five will be offered at 60% AMI, and another seven will be offered at 80% AMI. Two of the total two-bedroom apartments will be offered at 30% AMI, 10 of the total two-bedroom apartments will be offered at 40% AMI, four will be offered at 50% AMI, five will be offered at 60% AMI, and another 10 will be offered at 80% AMI. Three of the total income-restricted three-bedroom apartments will be offered at 40% AMI, one will be offered at 60% AMI, and another two will be offered at 80% AMI. These will be relatively proportionally split between the three buildings that make up the Proposed Development.

Buildings A and B of the Proposed Development will not be seeking any affordable housing financing programs, while Building C would be seeking affordable financing through HPD.

Based on current rental data, as applied to the unit types and unit sizes in the Proposed Development, the estimated monthly rents of the market-rate units are as follows:

	Third Quartile Area Market-Rate Rents (Adjusted)	Associated Household Incomes (30% Rent Burden)
Studios	$3,050/month	$122,000/year
One-Bedroom Apartments	$3,800/month	$152,000/year
Two-Bedroom Apartments	$4,750/month	$190,000/year
Three-Bedroom Apartments	$6,000/month	$240,000/year

To determine the basic third quartile area market-rate rents (monthly), data from the website StreetEasy for the surrounding area was reviewed (see Appendix). Given the shortage of available data for comparable units in this area, two-bedroom rents were adjusted upward by 25% due to a generally much older housing stock present for those types of units, compared to recently rented studios, one-bedrooms, and three-bedrooms.

2.3 Estimating construction jobs

Report anticipated construction jobs in both person-years and average yearly workers for each development site.

Development Site	Person-years	Average yearly workers
Building A (783 4th Avenue – Corner)	210.2	109.5
Building B (28th Street)	162.6	84.7
Building C (27th Street)	82.1	42.8
Total	**454.9**	**237**

3. Community Profile Summary

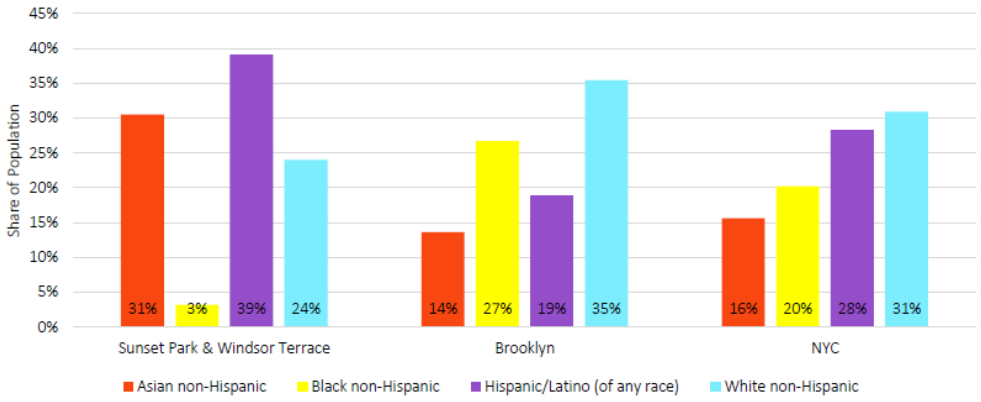

The community profile summary is intended to provide a user-friendly snapshot of household, housing, and neighborhood indicators in the project area. This summary includes graphs and charts of selected indicators found in the full community profile (Section 5). The summary is available for download through the Equitable Development Data Explorer.

Demographic Conditions

Figure 1: Race & Ethnicity, 2020

Shows the share of area population by mutually exclusive race and Hispanic ethnicity. Compares the local area to the borough and city.

"In 2020, [percent] of the population in [area] identified as [race/ethnicity]."

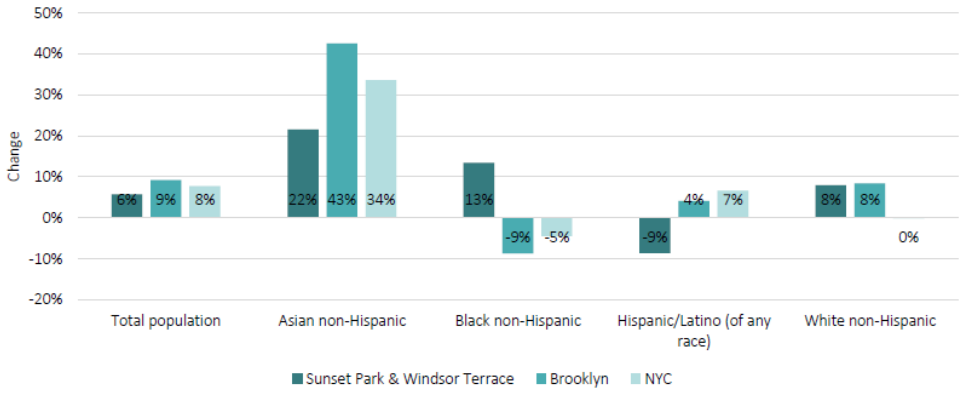

Source: Census 2020; Community Profile Table 1.01

Figure 2: Percent Change in Race & Ethnicity, 2010 to 2020

Shows the percent change of the area population by mutually exclusive race and Hispanic ethnicity. Compares the local area to the borough and city.

"From 2010 to 2020, the [race/ethnicity] population in [area] increased/decreased by [percent]."

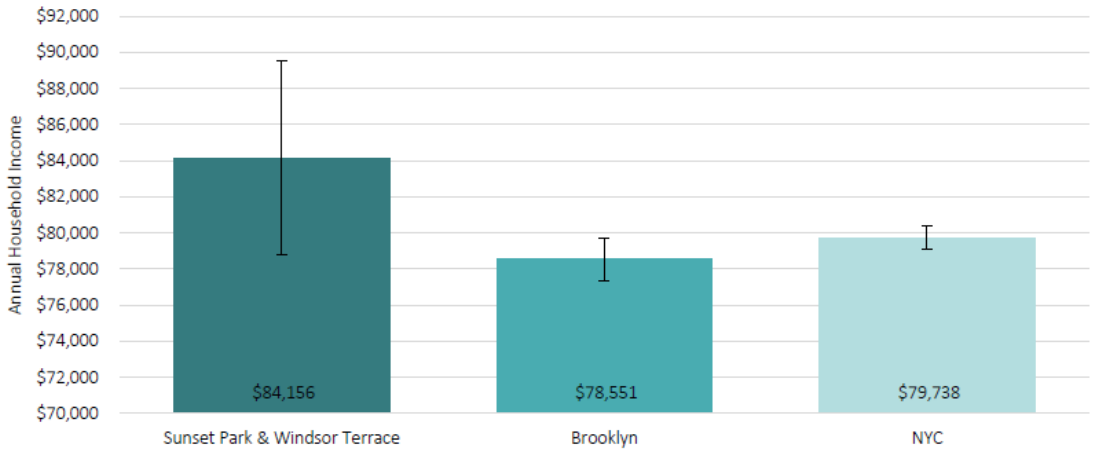

Source: Census 2010, 2020; Community Profile Table 1.01

Household Economic Security – Income

Figure 3: Median Household Income, 2019-2023 (Five-Year Estimate)

Shows the estimated median household income (in 2023 dollars) for the local area, borough, and city. Median means half of all households in the area make more than this amount and half make less. Compares the local area to the borough and city.

"For 2019-2023, the estimated median household income in [area] was [$]."

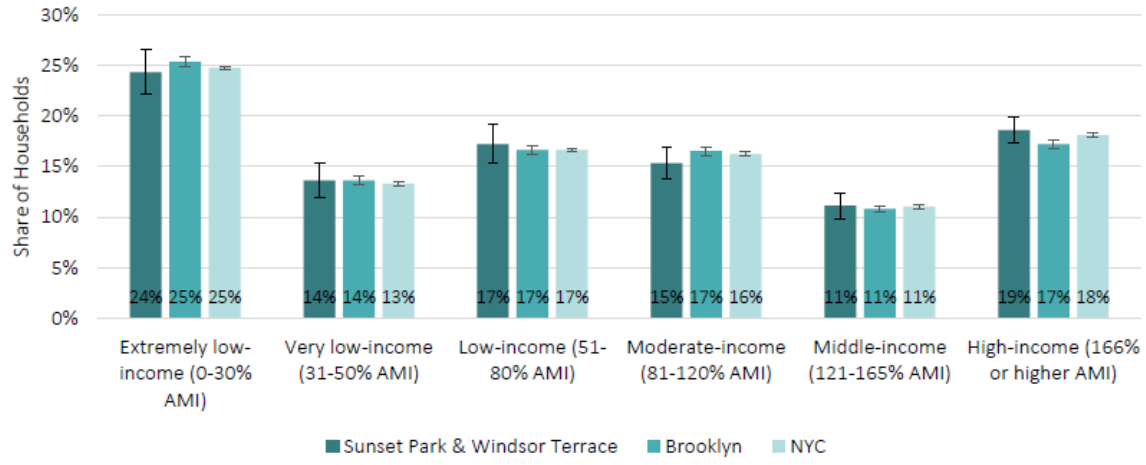

Source: American Community Survey 2019-2023; Community Profile Table 2.02

Figure 4: Share of Households in Each HUD AMI Band, 2019-2023 (Five-Year Estimate)

Shows the share of households within each 2021 U.S. Housing and Urban Development (HUD) Area Median Income (AMI) band. Compares the local area to the borough and city. U.S. Housing and Urban Development (HUD) Area Median Income (AMI) is based on rental prices.

"For 2019-2023, an estimated [percent] of households in [area] were in [HUD AMI band]."

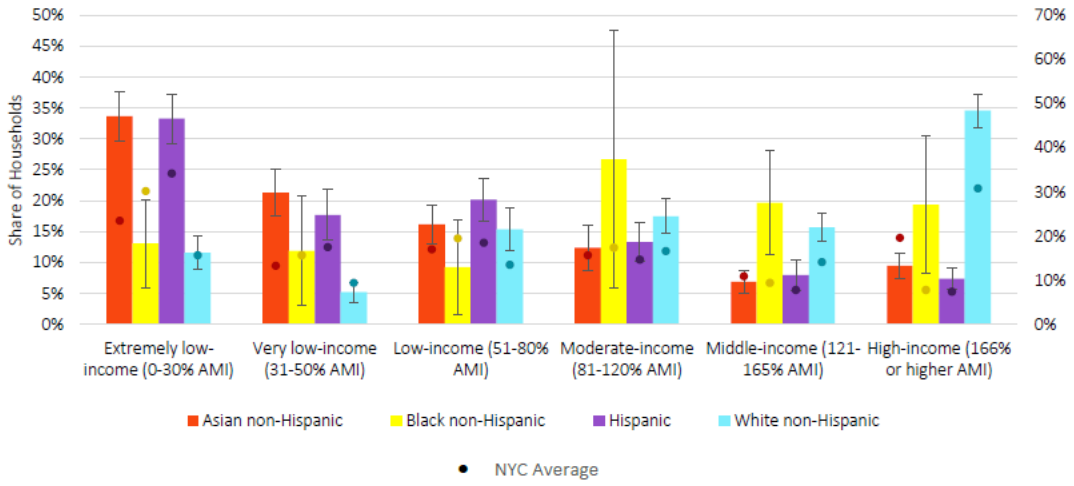

Source: American Community Survey 2019-2023; Community Profile Table 2.03

Figure 5: Share of Households in Each HUD AMI Band by Race & Ethnicity, 2019-2023 (Five-Year Estimate)

Shows the share of PUMA households within each 2021 U.S. Housing and Urban Development (HUD) Area Median Income (AMI) band, by mutually exclusive race & Hispanic ethnicity of householder. HUD AMI bands are used to determine eligibility for income-restricted housing.

"In the local area, an estimated [percent] of [race/ethnicity] households were in [HUD AMI band] in 2019-2023."

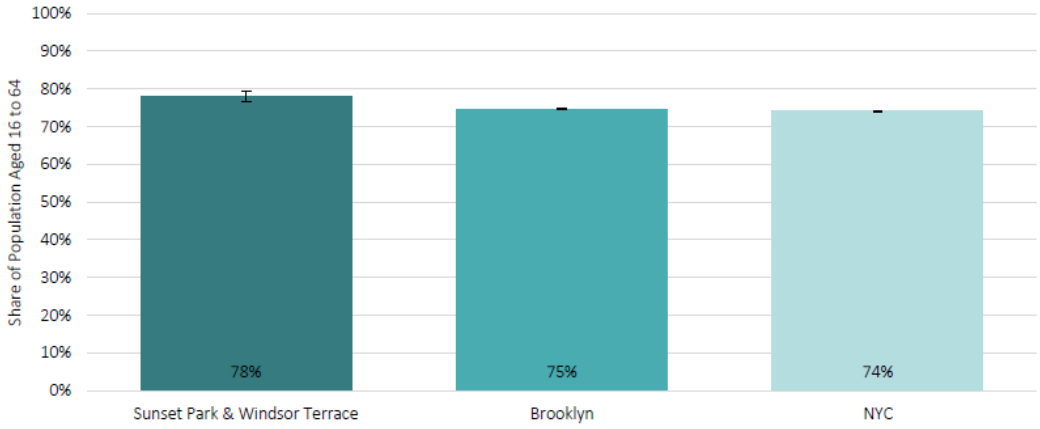

Source: American Community Survey 2019-2023; Community Profile Table 2.03

Household Economic Security – Jobs

Figure 6: Labor Force Participation, 2019-2023 (Five-Year Estimate)

Shows the share of the total population aged 16-64 who is employed or seeking work. Compares the local area to the borough and city.

"In 2019-2023, an estimated [percent] in [area] were employed or seeking work."

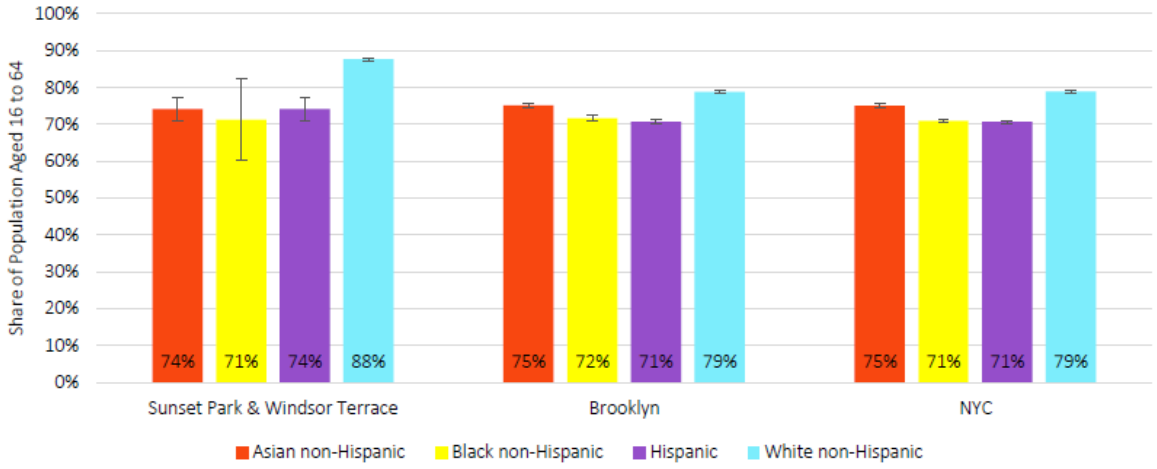

Source: American Community Survey 2019-2023; Community Profile Table 2.04

Figure 7: Labor Force Participation by Race & Ethnicity, 2019-2023 (Five-Year Estimate)

Shows the share of the total population aged 16-64 who is employed or seeking work, by mutually exclusive race & Hispanic ethnicity. Compares the local area to the borough and city.

"In 2019-2023, an estimated [percent] of [race/ethnicity] group in [area] were employed or seeking work."

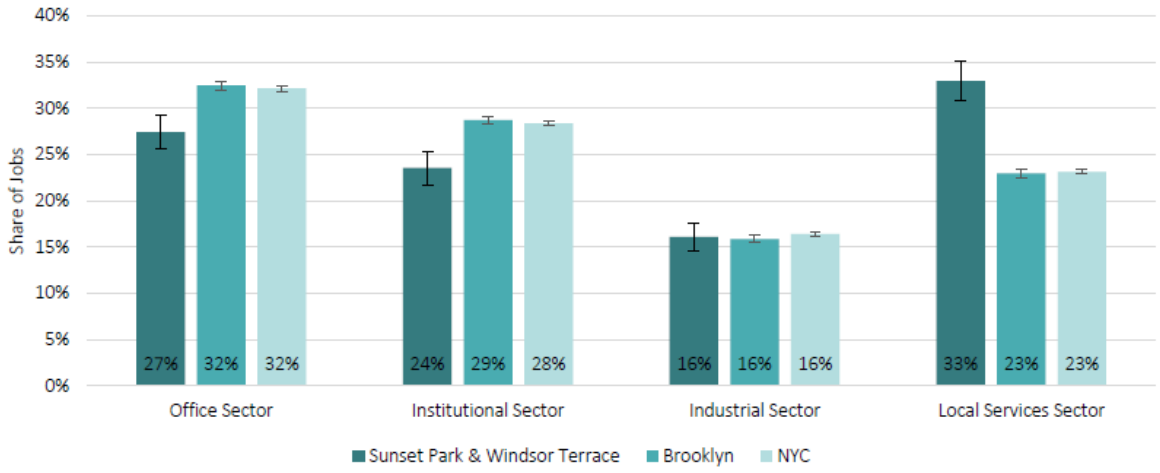

Source: American Community Survey 2019-2023; Community Profile Table 2.04

Figure 8: Share of Employed Residents by Business Sector[1], 2019-2023 (Five-Year Estimate)

Shows the share of workers who live in an area by the business sector in which they work. Compares the local area to the borough and city.

"In 2019-2023, an estimated [percent] of employed people in [area] worked in [business sector]."

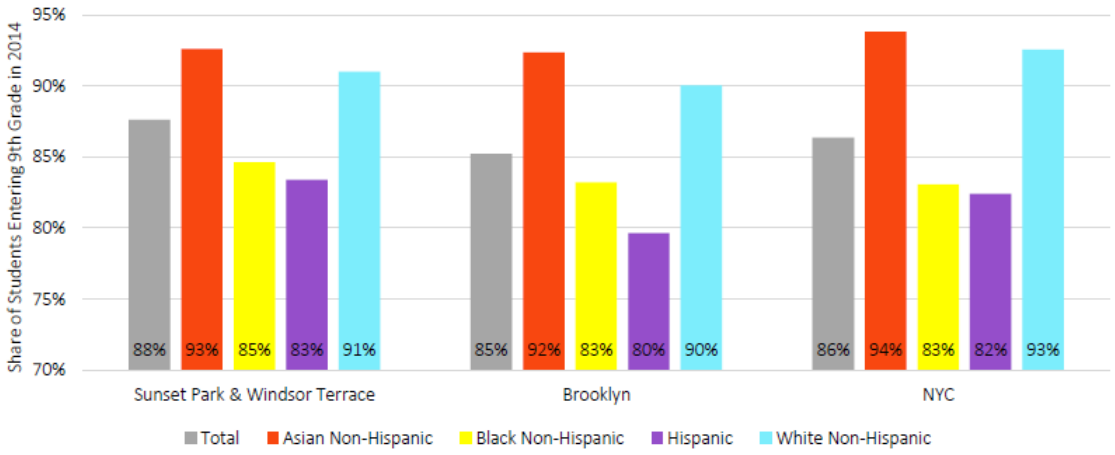

Source: American Community Survey 2019-2023; Community Profile Table 2.06

Education & Access to Transit

Figure 9: High School Graduation Rate, 2024

Shows the rate of students who entered 9th grade in 2020 and graduated by 2024. Shows the share of total students and share of students by mutually exclusive race and ethnicity groups. Compares the local area to the borough and city.

"The 2024 graduation rate for [race/ethnicity] group in [area] was [percent]."

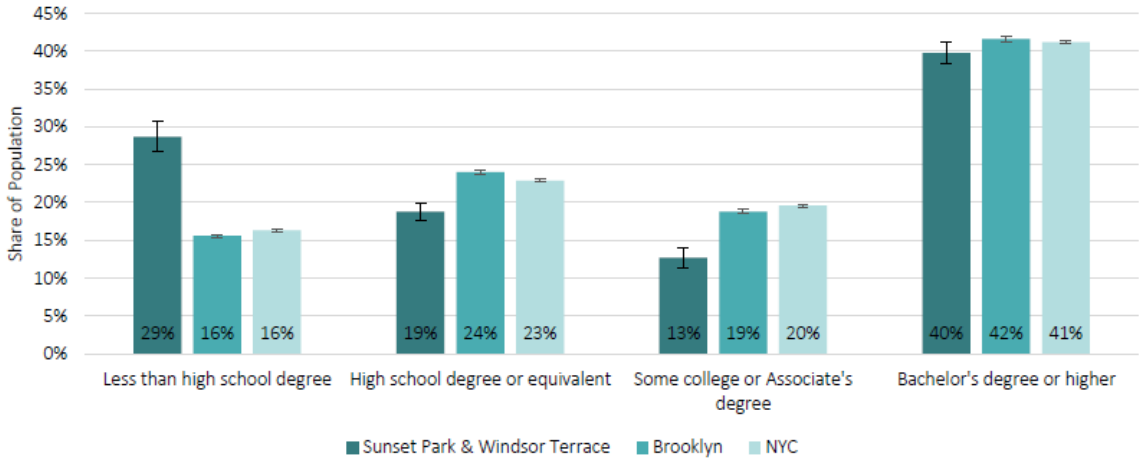

Source: NYC Department of Education 2024; Community Profile Table 5.13

Figure 10: Educational Attainment, 2019-2023 (Five-Year Estimate)

Shows the share of the population 25 years and over, by highest level of educational attainment. Compares the local area to the borough and city.

"In 2019-2023, an estimated [percent] of the population 25 years and over in [area] had [educational attainment]."

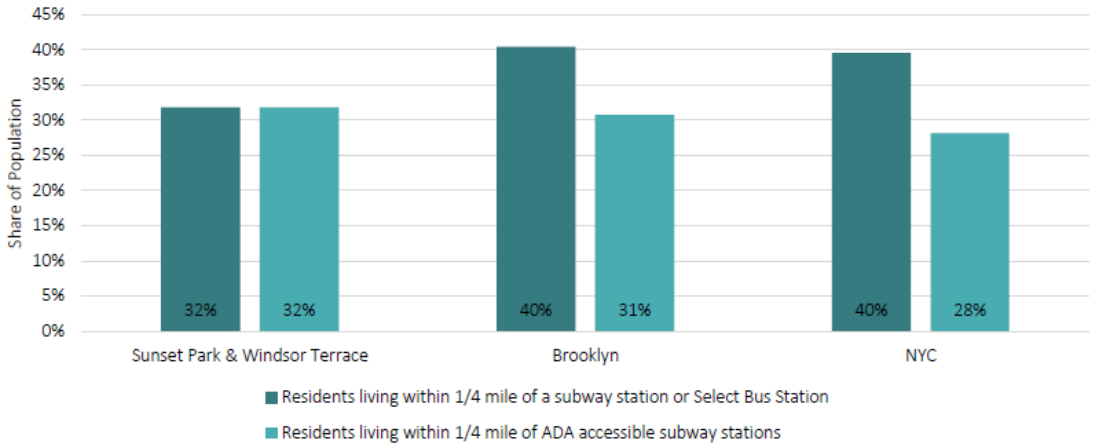

Source: American Community Survey 2019-2023; Community Profile Table 2.01

Figure 11: Access to Transit, 2023

Shows the share of population that lives within ¼ mile of a subway station or select bus service stop; and share of population that lives ¼ mile of an ADA accessible subway station. Compares the local area to the borough and city.

"In 2023, about [percent] of residents in [area] lived near an ADA accessible subway station."

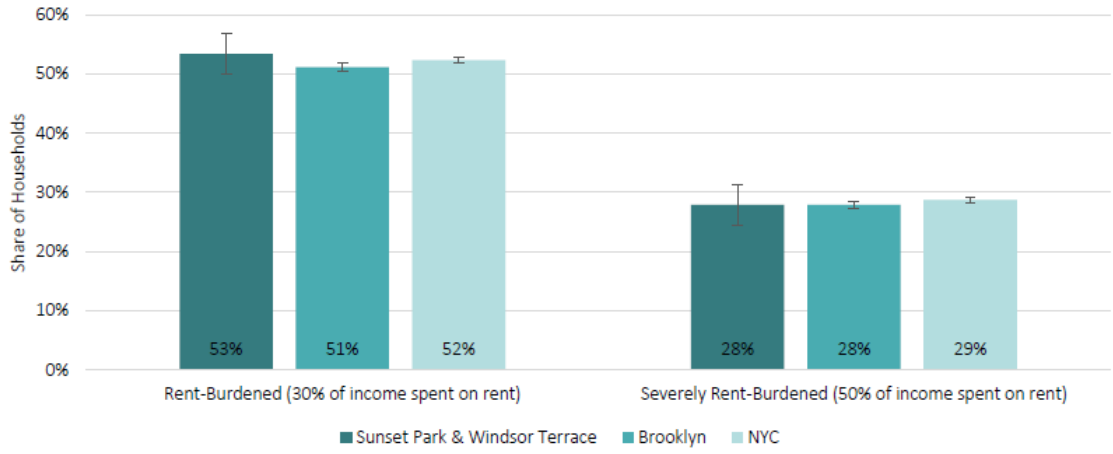

Source: Department of City Planning 2023; Community Profile Table 5.09

Housing Security, Affordability, and Quality

Figure 12: Rent-Burdened & Severely Rent-Burdened Households, 2019-2023 (Five-Year Estimate)

Shows the percent of households who spent 30% or more of their income on rent (rent-burdened) and the percent who spent 50% or more of their income on rent (severely rent-burdened). Compares the local area to the borough and city.

"In 2019-2023, an estimated [percent] of households in [area] were severely rent-burdened."

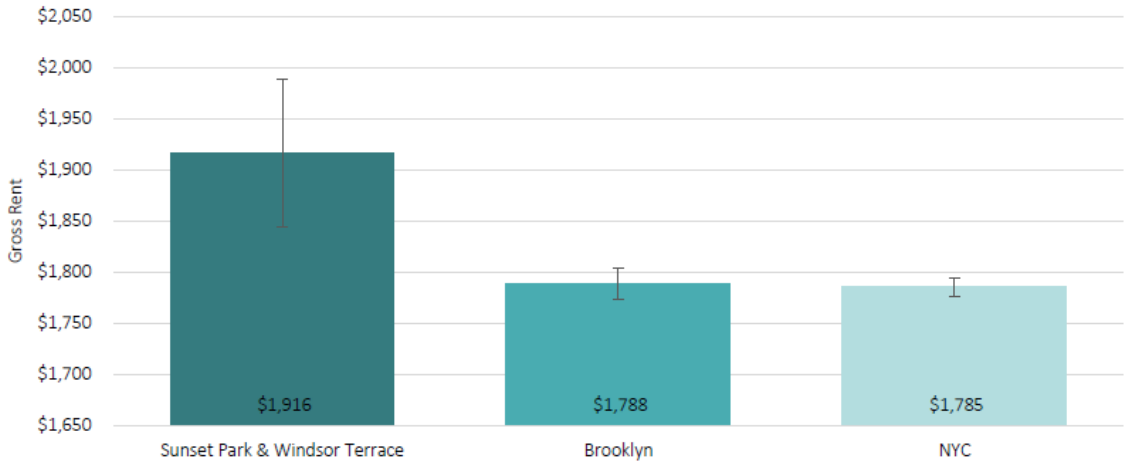

Source: American Community Survey 2019-2023; Community Profile Table 3.04

Figure 13: Median Gross Rent, 2019-2023 (Five-Year Estimate)

Shows the median rent for occupied units paying rent. Median means half of all units have rental costs higher than this amount and half have rents lower than this amount. Compares the local area to the borough and city.

"In 2019-2023, the estimated median price of rental units in [area] was [$]."

Source: American Community Survey 2019-2023; Community Profile Table 3.03

Housing Production

Figure 14: Percent Change in Housing Supply and Population, 2010 to 2024

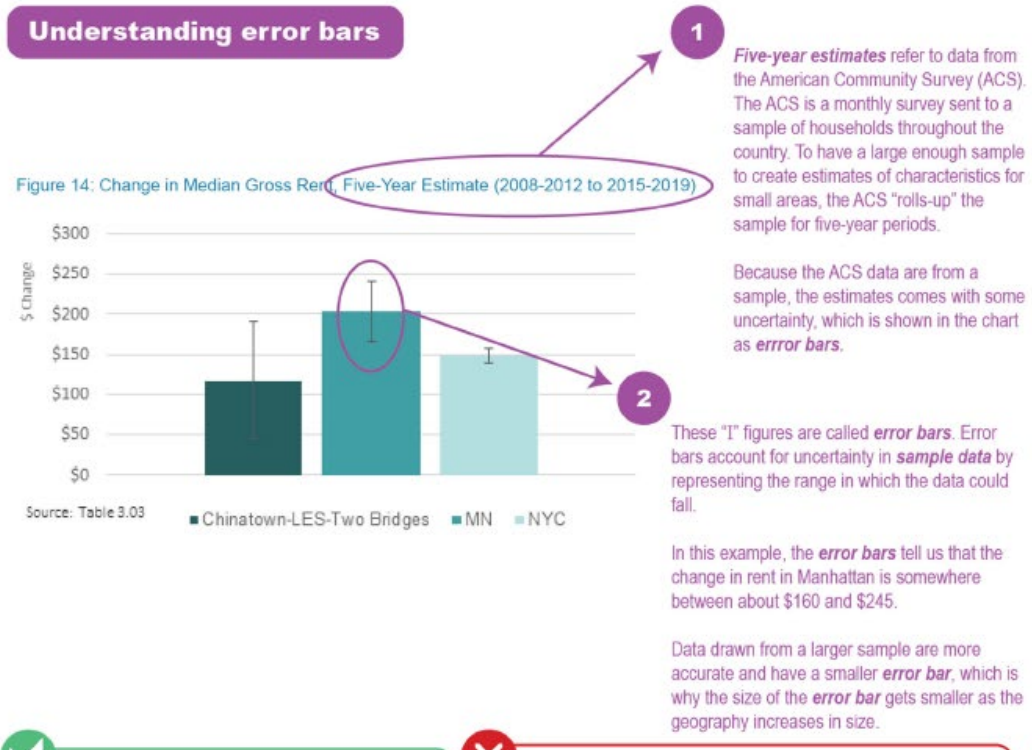

Shows the percent change in the number of housings units and population. Compares the local area to the borough and city.

"From 2010 to 2024, housing units in [area] increased/decreased by [percent] and population increased/decreased by [percent]."

Understanding error bars

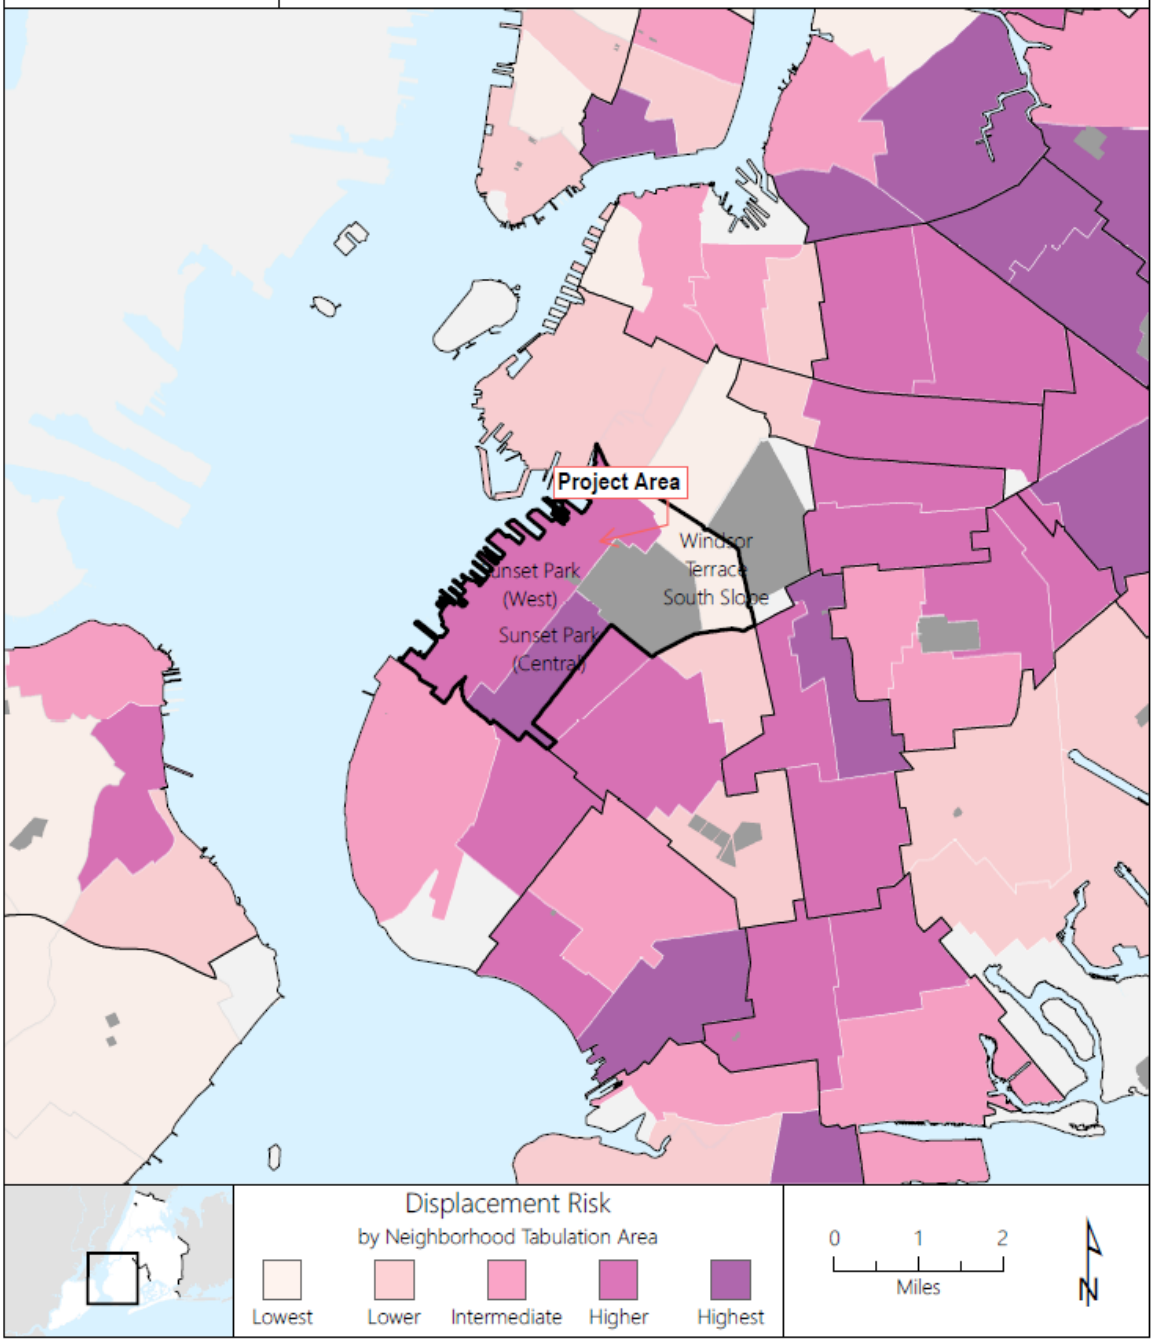

Sunset Park &
Windsor Terrace

PUMA 4307

The city's Displacement Risk Index (DRI) estimates comparative levels of residential displacement risk for New York City's neighborhoods. The DRI ranks neighborhoods from lowest to highest risk based on recent population characteristics, housing conditions, and market pressures.

There are five ranks with equal numbers of neighborhoods. For example, neighborhoods ranked "lowest" are among the 20% of NYC neighborhoods with the least intense displacement risk factors while neighborhoods ranked "highest" are among the 20% of neighborhoods with most intense displacement risk factors.

Urban Cartographics

4. Affirmatively furthering fair housing and promoting equitable access to opportunity

Provide a narrative statement describing how the project relates to New York City's goals and strategies to affirmatively further fair housing and promote equitable access to opportunity. These goals and strategies are described in the city's fair housing plan, Where We Live NYC.

The proposed development furthers several of the fair housing and equitable access to opportunity goals outlined in the City's fair housing plan known as "Where We Live NYC" as follows:

Goal #2: Facilitate equitable housing development in New York City and the region

The Proposed Development furthers this goal in several major ways: by providing new housing in a neighborhood that has experienced little housing production, by providing a substantial amount of new income-restricted housing units, and by providing new income-restricted housing in a location highly accessible to jobs, amenities, and services.

Public Use Microdata Area (PUMA) 4307, which roughly corresponds to Brooklyn Community District 7, saw a population growth of 5.7% between 2010-2020, and a net 6.9% increase in housing units from 2010-2024. While the area's population grew at a lower rate than that of Brooklyn and New York City as a whole, the housing production also lagged behind borough and citywide levels (13% for Brooklyn and 10% for NYC). The proposed development's 214 new units of housing and 88 units of income-restricted housing at the extremely low- to low-income levels would provide a huge boost to an area that has not experienced much housing production in recent years.

The Project Area also sits just two blocks south of the "25th Street" stop of the New York City Transit R train, which sits just five stops away from Downtown Brooklyn to the north, one of the main Central Business Districts in the entire city.

Goal #3: Preserve affordable housing and prevent displacement of long-standing residents

At the outset, the Development Site does not currently contain any residential use. Therefore, none is threatened by the Proposed Development itself. That said, the Proposed Development affirmatively furthers the goal of creating affordable housing by producing 88 new permanently affordable (income-restricted) housing units. As discussed in the previous section, these will all be offered in the extremely low-, very low-, and low-income brackets at 30%, 40%, 50%, 60% and 80% AMIs, providing those households an opportunity to live in modern, accessible, and affordable units.

Moreover, the new permanently affordable units will be subject to HPD Marketing Guidelines, which provide a preference for applications from within the Community District. This serves to specifically prevent the displacement of existing residents. The Neighborhood Tabulation Area in which the Development Site is located (NTA BK0702 – Sunset Park West) is considered to have a "High" displacement risk, and is bordered by a neighborhood in the "Highest" risk category (Sunset Park Central). The population vulnerability subindex lists the area as "High" risk, with 77.8% of the population being non-White and 38% of the population having an income below 200% of the federal poverty rate. The housing conditions subindex lists the area as Intermediate risk, with 96% of the housing in the area not income-restricted. The market pressure subindex lists the area as Highest risk.

Goal #5: Create more independent and integrated living options for people with disabilities

Because this is a new development, it must be built pursuant to ADA guidelines, and set aside a portion of the income-restricted units for people with disabilities. This not only means the building will be designed to be accessible (including ADA-compliant elevators and ramps), but it will provide new affordable housing opportunities for people with disabilities as well.

5. Community Profile

The community profile provides data tables for all indicators from the Equitable Development Data Explorer (EDDE) for the relevant Community District2. Includes approximately 50 indicators across five categories:

- *demographic;*
- *household economic security;*
- *housing affordability, quality, and security;*
- *housing production; and*
- *quality of life and access to opportunity.*

Where possible, these indicators are broken down by mutually exclusive race/ethnicity and show change over time.

All community profiles can be downloaded from the Equitable Development Data Explorer.
