Re: Bronx Metro-North Station Area Plan – Hunts Point Cross-Section

Dear Commissioners,

In response to a question raised by Commissioner Osorio during a site visit held on May 3, 2024, related to the proposed future conditions extending from the future Hunts Point Metro-North station and the existing 6 train connection at Del Valle Square, please find attached a copy of the cross-section. This same graphic was also shared during the pre-hearing Review Session held on May 13, 2024.

Regards,
Paul Philps
