WEST HARLEM REZONING

Draft Environmental Impact Statement (EIS)

CEQR No. 12DCP070M

ULURP Nos.: 120309 ZMM, N120310 ZRM

Lead Agency:
City Planning Commission, City of New York
Amanda M. Burden, FAICP, Chair

May 4, 2012

West Harlem Rezoning

Draft Environmental Impact Statement

May 4, 2012

CEQR No.: 12DCP070M
ULURP Nos.: 120309 ZMM, N120310 ZRM
Project Location: New York, New York

LEAD AGENCY:
City Planning Commission, City of New York
Amanda M. Burden, FAICP, Chair

LEAD AGENCY CONTACT:
Robert Dobruskin, Director
Environmental Assessment and Review Division
New York City Department of City Planning
22 Reade Street, Room 4E
New York, New York, 10007
(212) 720-3423

Prepared by: Philip Habib & Associates
With: PB Americas, Inc.
Fleming-Lee Shue, Inc.

PREPARED FOR:
The New York City Department of City Planning
Glen A. Price III, Director
Studies Implementation

Edith Hsu-Chen, Director
Manhattan Office

A public hearing on the Draft Environmental Impact Statement (DEIS) will be held at a later date to be announced. Advance notice will be given of the time and place of the hearing. Written comments on the DEIS are requested and will be received and considered by the Lead Agency until the 10th calendar day following the close of the public hearing.

TABLE OF CONTENTS

Executive Summary……...…ES-1

Chapter 1: Project Description…….1-1
A. Introduction……....1-1
B. Background and Existing Conditions……..……..1-2
Designated Historic Districts…….1-4
C. Purpose and Need for the Proposed Action……...1-4
D. Description of the Proposed Action……...1-7
Proposed Zoning Map Changes…….1-7
Propose Zoning Text Amendments……..1-10
E-Designations…….1-12
E. Reasonable Worst Case Development Scenarios (RWCDS)……...1-12
Development Site Criteria……1-12
Definition of Projected and Potential Development……1-15
The Future Without the Proposed Actions (No-Action)……...……...1-15
The Future With the Proposed Action (With-Action)……..……...……1-16
F. Approvals Required…….1-17
Uniform Land Use Review Procedure (ULURP)……1-18
Environmental Review (CEQR)……..1-19

Chapter 2: Land Use, Zoning, and Public Policy……2-1
A. Introduction……2-1
B. Principal Conclusions……2-2
C. Methodology……..2-2
Study Area Definition…….2-3
D. Preliminary Assessment…….2-3
Land Use and Zoning…….2-3
Public Policy……..2-3
E. Detailed Assessment……2-13
Existing Conditions……..2-13
The Future Without the Proposed Action (No-Action)……...2-28
The Future With the Proposed Action (With-Action)…….2-32

Chapter 3: Socioeconomic Conditions…….3-1
A. Introduction……3-1
B. Principal Conclusions……3-1
Direct Residential Displacement……....3-1
Direct Business and Institutional Displacement……3-2
Indirect Residential Displacement…….3-2
Indirect Business and Industrial Displacement……..3-2
Adverse Effects on Specific Industries……..3-3

C. Methodology……..3-3
Analysis Format…….3-3
Study Area Definition……3-4
Data Sources……..3-5
D. Preliminary Assessment…….3-5
Direct Residential Displacement……3-6
Direct Business and Institutional Displacement……3-6
Indirect Residential Displacement……...3-11
Indirect Business Displacement……...3-15
Adverse Effect on a Specific Industry…….3-18

Chapter 4: Community Facilities—Schools…….4-1
A. Introduction……4-1
B. Principal Conclusions……4-1
C. Methodology……..4-2
D. Indirect Effects on Public Schools…….4-3
Existing Conditions……4-3
The Future Without the Proposed Action (No-Action)…….4-6
The Future With the Proposed Action (With-Action)……..4-7

Chapter 5: Open Space……..5-1
A. Introduction……5-1
B. Principal Conclusions……5-2
C. Open Space Study Area and Methodology……5-3
Open Space Study Area…….5-4
Analysis Framework……..5-4
D. Preliminary Assessment…….5-6
E. Detailed Analysis……...5-7
Existing Conditions……5-7
The Future Without the Proposed Action (No-Action)…….……..5-21
The Future With the Proposed Action (With-Action)…….……5-24

Chapter 6: Shadows……...6-1
A. Introduction……6-1
B. Principal Conclusions……6-1
C. Methodology……..6-2
D. Preliminary Screening Assessment……6-2
E. Resources of Concern……6-3
Open Space Resources……...6-3
Historic Resources…….6-6
F. Detailed Shadows Analysis……...……...6-10
The Future Without the Proposed Action (No-Action)…….……..6-10
The Future With the Proposed Action (With-Action)…….……6-11

Chapter 7: Historic and Cultural Resources……...7-1

A. Introduction……7-1
B. Principal Conclusions……7-1
C. Development Background……..7-3
D. Archaeological Resources……..7-4
E. Architectural Resources……7-4
Existing Conditions……7-4
The Future Without the Proposed Action (No-Action)……...7-15
The Future With the Proposed Action (With-Action)…….7-17

Chapter 8: Urban Design/Visual Resources……8-1
A. Introduction……8-1
B. Principal Conclusions……8-2
C. Methodology……..8-2
Determining Whether an Urban Design Analysis is Necessary……8-2
Study Area……..8-3
D. Preliminary Assessment…….8-5
E. Detailed Analysis……...8-5
Existing Conditions……8-5
F. The Future Without the Proposed Action (No-Action)…...……8-19
G. The Future With the Proposed Action (With-Action)…….8-20

Chapter 9: Hazardous Materials…….……9-1
A. Introduction……9-1
B. Principal Conclusions……9-1
C. Methodology……..9-2
Regulatory Databases…….9-2
Historic Sanborn Fire Insurance Maps……...9-3
City Directories……..9-3
Limitations…….9-4
D. Existing Conditions...…….9-4
E. The Future Without the Proposed Action (No-Action)…….9-4
F. The Future With the Proposed Action (With-Action)……...9-5

Chapter 10: Water and Sewer Infrastructure……10-1
A. Introduction……..10-1
B. Principal Conclusions……..10-1
Water Supply……10-1
Sanitary Sewage……...10-1
Stormwater Drainage and Management……...10-1
C. Existing Conditions……..10-2
Water Supply……10-2
Wastewater Treatment…….10-3
Stormwater and Drainage Management……..10-5
Water Conservation and WPCP Load Reduction……10-7
D. The Future Without the Proposed Action (No-Action)……...10-7

Water Supply……10-8
Wastewater Treatment……10-8
Stormwater Drainage and Management……...10-9
E. The Future With the Proposed Action (With-Action)……10-9
Water Supply……10-9
Wastewater Treatment……...10-10
Stormwater Drainage and Management……10-10
Stormwater Best Management Practices……10-13

Chapter 11: Transportation……..11-1
A. Introduction……..11-1
B. Principal Conclusions……..11-2
Traffic……...11-2
Transit……..11-3
Pedestrians……...11-3
Vehicular and Pedestrian Safety Evaluation……11-3
Parking……11-4
C. Preliminary Analysis Methodology……11-4
D. Level 1 Screening Assessment……11-4
Background……..11-5
Transportation Planning Factors……..11-6
Travel Demand Forecast……..11-8
E. Level 2 Screening Assessment……...11-11
Traffic……11-13
Transit……11-14
Pedestrians……11-16
Parking……...11-17
F. Transportation Analyses Methodologies……...11-17
Traffic……11-17
Transit……11-19
Pedestrians……11-21
Pedestrian and Vehicular Safety Evaluation……..11-24
Parking……...11-24
G. Traffic……11-25
Existing Conditions……11-25
The Future Without the Proposed Action (No-Action)……11-29
The Future With the Proposed Action (With-Action)..……11-34
H. Transit……11-39
Existing Condition……11-39
The Future Without the Proposed Action (No-Action)……11-43
The Future With the Proposed Action (With-Action)…….…..11-45
I. Pedestrians……11-45
Existing Conditions……11-45
The Future Without the Proposed Action (No-Action)……11-47
The Future With the Proposed Action (With-Action)…….……..11-47

J. Vehicular and Pedestrian Safety Evaluation……..11-57
K. Parking……...11-59
Existing Condition……11-59
The Future Without the Proposed Action (No-Action)…….……11-62
The Future With the Proposed Action (With-Action)……...11-63

Chapter 12: Air Quality…….12-1
A. Introduction……..12-1
B. Pollutants of Concern……...12-2
Criteria Pollutants……12-2
Air Toxic Pollutants…….12-3
C. Mobile Source Analysis……...12-3
Impacts Near Congested Intersections…….12-3
Garage Analysis……...12-5
D. Analysis of Heating System Emissions……...12-6
Emission Sources Considered……..12-6
Initial Site Groupings……...12-7
Methodology Used for Each Development Site……..12-7
Screening Analysis of Development Sites……...12-7
Detailed Analysis of Projected and Potential Developments…….12-14
Cluster Analysis…….12-25
Impacts From Nearby Existing Combustion Emission Sources…….……...12-26
E. Health Risk Assessment of Toxic Air Emissions from Existing Industrial Sources……...12-26
Data Sources……..12-26
Health Risk Assessment Methodology……..12-27
Dispersion Analyses……...12-29
Emission Data and Stack Parameters…….12-29
Industrial Facilities and Air Toxic Emissions Evaluated……...12-29
Results of the Cancer Risk and Hazard Index Evaluation…….12-31
Summary of Health Risk Results……...12-34
Air Quality (E) Designations…….12-35
Air Quality E-Designations for Development Sites—HVAC Restrictions……...12-35

Chapter 13: Greenhouse Gas Emissions……...13-1
A. Introduction……..13-1
B. Principal Conclusions……..13-1
C. Pollutants of Concern……...13-2
Carbon Dioxide (CO_2)…….13-2
Methane (CH_4)…….……13-2
Nitrous Oxide (N_20)…….……13-2
Fluorinated Gases…….13-2
D. Methodology……13-3
E. GHG Emissions……13-4
Operational Emissions…….13-4

Mobile Source Emissions……13-4
Construction Phase Emissions……13-5
Emissions from Solid Waste Management……..13-5
F. Projects GHG Emissions From the Proposed Action……..13-5
G. Consistency With the GHG Reduction Goal……...13-5

Chapter 14: Noise……...14-1
A. Introduction……..14-1
B. Principal Conclusions……..14-1
C. Acoustical Fundamentals……14-1
A-Weighted Sound Level (dBA)……14-2
Community Response to Changes in Noise Levels……14-2
Effects of Distance on Sound……...14-3
Sound Level Descriptors……..14-4
D. Noise Standards and Criteria……14-4
New York CEQR Noise Standards……..14-4
Impact Definition……14-4
E. Noise Prediction Methodology……14-6
F. Existing Noise Levels……..14-6
Selection of Noise Receptor Locations……14-6
Noise Monitoring……14-7
Noise Monitoring Equipment..……14-7
Existing Noise Levels at Receptor Locations……..14-7
G. The Future Without the Proposed Action (No-Action)…….……14-10
H. The Future With the Proposed Action (With-Action)…….……..14-10
Noise Attenuation Measures……..14-10
I. Mechanical Equipment……..14-11

Chapter 15: Public Health……15-1

Chapter 16: Neighborhood Character……16-1
A. Introduction……..16-1
B. Principal Conclusions……..16-1
C. Methodology……16-1
Study Area……16-2
D. Preliminary Assessment……...16-2
Existing Neighborhood Character and Defining Features……...16-2
Assessment of Proposed Action's Potential Effects on Neighborhood Character...16-6

Chapter 17: Construction……..17-1
A. Introduction……..17-1
B. Principal Conclusions……..17-2
C. Regulatory Framework……17-2
Governmental Coordination and Oversight……17-2
Hours of Work……17-3

D. Conceptual Construction Schedule and Activities……...17-4
Construction Sequencing…….17-4
Typical Construction Activities……...17-5
Estimate of Construction workers……17-6
Estimate of Construction Period Trucks……..17-6
Determining Peak Year for Cumulative Construction and Operational Effects…..17-7
E. Preliminary Assessment……...17-7
Transportation……..17-7
Air Quality…….17-15
Noise……..17-19
Other Technical Areas……...17-21

Chapter 18: Mitigation……..18-1
A. Introduction……..18-1
B. Principal Conclusions……..18-1
Historic and Cultural Resources……..18-1
Shadows……...18-1
Transportation……..18-1
C. Historic and Cultural Resources……..18-2
D. Shadows……...18-3
E. Transportation……..18-3
Traffic……...18-3
Implementation of Mitigation Measures……..18-8
Effects of Traffic Mitigation on Pedestrian Conditions……...18-8
Effects of Traffic Mitigation on Parking Conditions……...18-8
F. Construction…….18-9
Historic and Cultural Resources……..18-9
Traffic……..18-9

Chapter 19: Alternatives……...19-1
A. Introduction……..19-1
B. Principal Conclusions……..19-1
No-Action Alternative……..19-1
No Unmitigated Significant Adverse Impact Alternative……19-2
Lesser Density Alternative……...19-2
C. No-Action Alternative……..19-3
Land Use, Zoning, and Public Policy……..19-3
Socioeconomic Conditions……..19-4
Community Facilities……...19-5
Open Space……..19-6
Shadows……...19-7
Historic and Cultural Resources……..19-7
Urban Design and Visual Resources……....19-8
Hazardous Materials……19-8
Water and Sewer Infrastructure……...19-9

Transportation……..19-9
Air Quality……...19-9
Greenhouse Gas Emissions……19-10
Noise……..19-10
Public Health……..19-10
Neighborhood Character……19-10
Construction……...19-11
Conclusions……19-11
D. No Unmitigated Impact Alternative……...19-11
E. The Lesser Density Alternative……..19-13
Land Use, Zoning, and Public Policy……19-16
Socioeconomic Conditions……19-16
Community Facilities……19-17
Open Space……19-17
Shadows……19-19
Historic and Cultural Resources……19-19
Urban Design and Visual Resources……..19-20
Hazardous Materials……..19-21
Water and Sewer Infrastructure……19-21
Transportation……19-22
Air Quality……19-22
Greenhouse Gas Emissions……....19-22
Noise……..19-23
Public Health……..19-23
Neighborhood Character……19-23
Construction……...19-23
Conclusions……19-23

Chapter 20: Unavoidable Adverse Impacts..……...20-1
A. Introduction……..20-1
B. Shadows……...20-1
C. Historic (Architectural) Resources……...20-1
Demolition Impacts……..20-1
Construction Impacts……...20-2

Chapter 21: Growth-Inducing Aspects of the Proposed Action..…….....21-1

Chapter 22: Irreversible and Irretrievable Commitment of Resources……...22-1

APPENDICES

Appendix A: **Proposed Zoning Text**

Appendix B: **List of Blocks and Lots Affected By Proposed Rezoning & - Description of Each RWCDS Projected Development Site Under Existing, No-Action, and With-Action Conditions**

Appendix C: **LPC Review Letters**

Appendix D: **BMP Concept Plan**

Appendix E: **Transportation Planning Factors Memorandum & *125th Street Rezoning and Related Actions FEIS* Traffic Mitigation Memos**

Appendix F: **Noise Back-Up**

LIST OF TABLES

ES-1 Summary of Proposed Zoning Changes……ES-4
ES-2 RWCDS and Population Summary for Development Scenarios 1 to 4, Compared to No-Action Conditions……...ES-9
ES-3 2021 Future With the Proposed Action: Open Space Ratios Summary……...ES-13
ES-4 Building Attenuation Requirements for Projected Development Sites Requiring (E) Designations……..ES-27
ES-5 Recommended Traffic Mitigation Measures……ES-30
ES-6 Comparison of Peak Project-Generated Traffic Volumes in 2016 and 2021 for the West 126th Street/West 128th Street Cluster……ES-31
1-1 Summary of Proposed Zoning Districts and Regulations……...1-10
1-2 RWCDS and Population Summary for Development Scenarios 1 to 4, Compared to No-Action Conditions……1-17
1-3a RWCDS Projected Development Sites……1-21
1-3b RWCDS Projected Development Sites……1-22
1-3c RWCDS Projected Development Sites……1-23
1-3d RWCDS Projected Development Sites……1-24
1-4a RWCDS Potential Development Sites……1-25
1-4b RWCDS Potential Development Sites……1-26
1-4c RWCDS Potential Development Sites……1-27
1-4d RWCDS Potential Development Sites……1-28
2-1 Existing Land Uses Within Primary Study Area……2-14
2-2 Primary Study Area Existing Zoning Designations……2-26
2-3 Secondary Study Area Zoning Districts……..2-27
2-4 Development Projects in the Future Without the Proposed Actions……...2-30
2-5 No-Action to With-Action Increment for Projected Development Sites……2-33
2-6 Summary of Proposed Zoning Districts……..2-38
3-1 Projected Development Sites Containing Existing Residential & Supportive Housing Units…..3-6
3-2 Employees in 2010 in the Secondary Study Area, Manhattan, and New York City……3-7
3-3 Classification of Business Establishments/Institutional Uses Currently Located on the Projected Development Sites……3-9
3-4 Business/Institutional Uses Subject to Direct Displacement under the Proposed Action by Projected Development Site……3-10
3-5 Population Income Characteristics in the Secondary Study Area, Borough of Manhattan, and New York City……3-12
3-6 Housing Unit Characteristics in the Secondary Study Area, Manhattan, and New York City...3-13
3-7 Housing Cost Characteristics the Secondary Study Area, Manhattan, and New York City.....3-13
3-8 Median Sale Price for All Apartments (includes all Condominiums and Cooperatives)……3-13
3-9 Average Rent Summary for Apartments in 2011……3-14
3-10 Estimated Population in the Future with the Proposed Action……3-15
4-1 Existing Study Area Public Elementary School Enrollment, Capacity, and Utilization Figures for 2010-2011 Academic Year……4-4

4-2 Existing Study Area Public Intermediate School Enrollment, Capacity, and Utilization Figures for 2010-2011 Academic Year……4-5
4-3 Estimated Number of Students Introduced in the Study Area: 2021 Future Without the Proposed Action……4-6
4-4 Estimated Public Elementary and Intermediate School Enrollment, Capacity, and Utilization in the Study Area: 2021 Future Without the Proposed Action……..4-7
4-5 Estimated Number of Students Introduced in the Study Area: 2021 Future With the Proposed Action……4-7
4-6 Estimated Public Elementary and Intermediate School Enrollment, Capacity, and Utilization in the Study Area: 2021 Future With the Proposed Action……...4-8
5-1 RWCDS and Population Summary for Development Scenarios 1 to 4, Compared to No-Action Conditions……..5-2
5-2 Existing Worker Population in Open Space Study Areas……5-7
5-3 2010 Residential Population and Age Distribution in the Nonresidential and Residential Open Space Study Areas……5-9
5-4 Summary of 2010 Open Space User Groups Within the Two Study Areas……5-10
5-5 Inventory of Existing Open Space and Recreational Facilities……...5-12
5-6 Existing Conditions: Adequacy of Open Space Resources……5-20
5-7 Development Projects Anticipated to be Completed in the No-Action Within the Defined Open Space Study Areas……...5-22
5-8 No-Action Conditions: Adequacy of Open Space Resources……5-23
5-9 With-Action Conditions: Adequacy of Open Space Resources……...5-25
5-10 2021 Future With the Proposed Action: Open Space Ratios Summary……..5-28
6-1a Resources of Concern within Defined Shadow Radius—Open Spaces……6-3
6-1b Resources of Concern within Defined Shadow Radius—Historic Resources……...6-7
6-2 Shadow Duration on Resources of Concern……6-12
7-1 Designated Architectural Resources in Proposed Rezoning Area……7-5
7-2 Eligible Architectural Resources in Proposed Rezoning Area……7-14
7-3 RWCDS Projected and Potential Development Sited Located Within or In Proximity to Historic Resources……7-19
7-4 Assessment of Proposed Action's Potential Effects on Designated and Eligible Resources in Study Area……...7-20
8-1 Visual Resources and Open Spaces in Broadway-Riverside Drive Sub-area……...8-7
8-2 Visual Resources and Open Spaces in Sugar Hill and Hamilton Heights North Sub-area……...8-9
8-3 Visual Resources and Open Spaces in Hamilton Heights South Sub-area…….....8-12
9-1 Summary of Environmental Issued for Projected and Potential Development Sites……9-8
10-1 Water Consumption and Wastewater Generation Rates……..10-3
10-2 Existing Water Consumption and Wastewater Generation Due to Land Uses on the Projected Development Sites……...10-3
10-3 Monthly Average Dry Weather Flows for the North River WPCP and the Wards Island WPCP……..10-5
10-4 Existing Stormwater Runoff……10-6
10-5 Existing Combined Stormwater Runoff and Wastewater Generation……10-7
10-6 No-Action Water Consumption and Wastewater Generation Due to Land Uses on the Projected Development Sites……...10-8

10-7 Water Consumption and Wastewater Generation in the Future Without and With the Proposed Action……10-10
10-8 Surface Types on the Projected Development Sites—Future With-Action Condition…….10-11
10-9 Combined Stormwater Runoff and Wastewater Generation Flow Volumes to Combined Sewer System in the Proposed Rezoning Area—Future With-Action Condition……10-11
10-10 Incremental Increased in Combined Stormwater Runoff and Wastewater Generation Flow Volumes to Combined Sewer System in the Proposed Rezoning Area……10-12
11-1 Total Net Change in Land Uses on Projected Development Sites Under RWCDS 1-4……..11-5
11-2 Transportation Planning Factors……..11-7
11-3 Net Change in Community Facility Uses on Projected Development Sites Under the RWCDS……...11-8
11-4 Comparison of Travel Demand Under RWCDS 1-4……...11-9
11-5 Travel Demand Forecast for RWCDS 3……11-12
11-6 Net Incremental Person Trips Generated by Projected Development Site Clusters Under RWCDS 3…….11-13
11-7 Net Incremental Vehicle Trips Generated by Projected Development Site Clusters Under RWCDS 3……..11-13
11-8 Net Incremental Transit Trips Generated by Projected Development Sites Under RWCDS 3.11-15
11-9 Projected Increment Subway Trip Assignment by Station Under RWCDS 3—Cluster 1……11-15
11-10 Net Incremental Pedestrian and Transit Trips Generated by Projected Development Sites Under RWCDS 3……..11-17
11-11 Intersection Level of Service Criteria……11-18
11-12 Level of Service Criteria for Subway Station Elements……11-20
11-13 Significant Impact Thresholds for Stairways and Passageways……11-20
11-14 Pedestrian Crosswalk/Corner Area and Sidewalk Levels of Service Descriptions……...11-21
11-15 Significant Impact Criteria for Sidewalks with Platooned Flow in a Non-CBD Location…...11-22
11-16 Significant Impact Criteria for Corners and Crosswalks in a Non-CBD Location……...11-23
11-17 Existing Intersection Level of Service Summary……..11-27
11-18 Existing Conditions Level of Service Analysis…….11-28
11-19 Discrete Developments Included in the No-Action Transportation Analysis……...11-30
11-20 Intersection Level of Service Summary Comparison Existing vs. No-Action Conditions…...11-31
11-21 No-Action Level of Service Analysis……11-32
11-22 Intersection Level of Service Summary Comparison No-Action vs. With-Action Conditions……..11-35
11-23 With-Action Level of Service Analysis…….11-36
11-24 Existing Conditions Stair Analysis at the 125th Street (IND) Subway Station……..11-41
11-25 Existing Conditions Fare Control Area Analysis at the 125th Street (IND) Subway Station…11-41
11-26 No-Action Conditions Stair Analysis at the 125th Street (IND) Subway Station……..11-44
11-27 No-Action Conditions Fare Control Area Analysis at the 125th Street (IND) Subway Station……11-44
11-28 With-Action Conditions Stair Analysis at the 125th Street (IND) Subway Station……...11-45
11-29 With-Action Conditions Fare Control Area Analysis at the 125th Street (IND) Subway Station……11-45
11-30 Existing Conditions Sidewalk Analysis……11-48
11-31 Existing Conditions Corner Analysis……11-49

11-32 Existing Conditions Crosswalk Analysis……..11-50
11-33 No-Action Condition Sidewalk Analysis……..11-51
11-34 No-Action Condition Corner Analysis……..11-52
11-35 No-Action Condition Crosswalk Analysis……11-53
11-36 With-Action Condition Sidewalk Analysis……...11-54
11-37 With-Action Condition Corner Analysis……...11-55
11-38 With-Action Condition Crosswalk Analysis……11-56
11-39 Summary Motor Vehicle Accident Data 2008-2010……11-58
11-40 Existing Utilization at Off-Street Public Parking Facilities Within ½-Mile of Cluster 1……..11-60
11-41 Curbside Parking Regulations Within ¼-Mile of RWCDS 3—Cluster 1……11-61
11-42 Summary of No-Action Off-Street Public Parking Conditions Within ½-Mile of Cluster 1…11-62
11-43 Weekday Hourly Parking Accumulation for Projected Development on RWDS3 Cluster 1...11-64
11-44 Summary of With-Action Off-Street Public Parking Conditions Within ½-Mile of Cluster 1.11-65
12-1 Applicable National and State Ambient Air Quality Standards……..12-1
12-2 Maximum Estimated Existing (2011) 8-Hour CO Level……12-4
12-3 Maximum Estimated Future (2021) 8-Hour CO Levels With and Without the Proposed Action……..12-5
12-4 Projected Development under RWCDS and Level of Analysis Required……..12-8
12-5 Potential Developments under RWCDS and Level of Analysis Required……12-10
12-6 Group 1 Developments That Passed CEQR Screening Analysis for Building-on-Building Impacts……...12-12
12-7 Group 1 Developments That Did Not Pass CEQR Screening Analysis for Building-on-Building Impacts……...12-13
12-8 Impacts on Existing Land Uses from the Group 1 Developments Using CEQR Nomographs……...12-15
12-9 Group 1 Developments That Passed The Detailed Analysis for Building-on-Building Impacts with Fuel Oil……..12-18
12-10 Group 1 Developments That Passed The Detailed Analysis for Building-on-Building Impacts with Natural Gas……12-19
12-11 Group 2 Developments with Fuel Oil Systems That Passed the Detailed Analysis for Building-on-Building Impacts……12-20
12-12 Group 2 Developments that did Not Pass 10-foot Threshold Distance with Fuel Oil for Building-on-Building Impacts and Required Stack Setback Distances Beyond the Building Code Minimum (Site 40 Conversion Scenario……...12-21
12-13 Required Stack Setback Distances Beyond the Building Code Minimum (Site 40 New Development Scenario……...12-22
12-14 Group 2 Developments That Passed the Detailed Analysis for Impacts on Existing Buildings with Fuel Oil……..12-23
12-15 Group 2 Development Sites that Did Not Pass 10-foot Threshold Distance with Fuel Oil for Impacts on Existing Land Uses and Required Stack Setback Distances Beyond the Building Code Minimum……...12-23
12-16 Minimum Stack Setback Requirements for Group 2 Developments……12-24
12-17 Cluster Analysis Results with Fuel Oil……..12-25
12-18 Existing Active Industrial Source Permit Information……..12-32

12-19 Cancer Risk (CR) and Chronic Non-Cancer Quotients (HQ) and Total Hazard Index (HI) of the Toxic Pollutants……12-33
12-20 Acute Quotients (AHQ) and Total Hazard Index (AHI) of the Toxic Pollutants……..12-34
13-1 Global Warming Potential for Primary Greenhouse Gases…….13-3
13-2 Operational Emissions…….13-4
13-3 Mobile Source Emissions……13-5
13-4 Total Emissions……...13-5
14-1 Common Noise Levels……14-2
14-2 Average Ability to Perceive Changes in Noise Levels...…….14-3
14-3 Average Ability to Perceive Changes in Noise Levels……14-3
14-4 Noise Exposure Guidelines for Use in City Environmental Impact Review……...14-5
14-5 Required Attenuation Values To Achieve Acceptable Interior Noise Levels…….14-5
14-6 Noise Receptor Locations……14-7
14-7 Existing Noise Levels (dBA)……...14-8
14-8 2012 No-Build Noise Levels…….....14-10
14-9 2021 Build Noise Levels……...…14-11
14-10 Minimum Attenuation Requirements for Receptor Sites……..14-13
14-11 Building Attenuation Requirements for Projected Development Sites…….14-14
17-1 Construction Oversight in New York City……..17-3
17-2 Estimated Total Number of Construction Workers and Construction Trucks On-Site Per Day (19 Projected Development Sites With New Construction……17-6
17-3 2014 Peak Construction Vehicle Trip Projections……..17-9
17-4 2016 Peak Construction Vehicle Trip Projections……17-11
17-5 2016 Peak Hour Construction and Operational Traffic Volumes…….17-12
17-6 Comparison of Peak Project-Generated Traffic Volumes in 2016 and 2021 For the West 126th Street/West 128th Street Cluster…….17-13
17-7 2016 Peak Hour Construction and Operational Transit and Walk Trips……...17-17
18-1 Recommended Traffic Mitigation Measures……...18-5
18-2 Action-with-Mitigation Level of Service Analysis…….18-6
18-3 Summary of Weekday Midday Action With Mitigation Off-Street Public Parking Conditions Within ½-Mile of Cluster 1…….18-9
19-1 Comparison of 2021 No-Action Alternative and Proposed Action Open Space Ratios…….19-7
19-2 Intersection Level of Service Summary Comparison No-Action Alternative vs. Proposed Action……..19-9
19-3 Comparison of Zoning under Existing Conditions, the Proposed Action, and the Lower Density Alternative on West 145th Street between Broadway and Amsterdam Avenue……19-13
19-4 Summary of Lower Density Alternative RWCDS Scenarios 1 to 4……..19-14
19-5 Comparison of the No-Action to With-Action Increments of the Four RWCDSs for the Proposed Action and Lower Density Alternative……..19-15
19-6 Comparison of the Lower Density Alternative and the Proposed Action Open Space Ratios..19-18

LIST OF FIGURES

		Following Page
ES-1	Proposed Rezoning Area	ES-1
ES-2	Existing Zoning	ES-1
ES-3	Proposed Zoning	ES-4
ES-4	RWCDS Projected and Potential Development Sites	ES-7
1-1	Project Location—Aerial View	1-1
1-2	Proposed Rezoning Area	1-1
1-3	Existing Zoning	1-2
1-4	Historic Districts within Proposed Rezoning Area	1-4
1-5	Proposed Zoning	1-7
1-6a	Building Envelope Controls for Proposed Zoning Districts—R6A, R7A, R8A, and R8A with Inclusionary Housing	1-7
1-6b	Building Envelope Controls for Proposed Zoning Districts—C6-3X and MX (M1-5/R7-2)	1-7
1-6	RWCDS Projected and Potential Development Sites	1-15
2-1	Land Use and Zoning Study Area (Primary and Secondary)	2-3
2-2	Coastal Zone Boundary Map	2-7
2-3	Upper Manhattan Empowerment Zone	2-7
2-4	Bradhurst Urban Renewal Area	2-8
2-5a	Existing Land Use—Primary Study Area	2-13
2-5b	Existing Land Use—Secondary Study Area	2-13
2-6	Existing Zoning	2-24
2-7	No-Build Sites	2-29
2-8	Proposed Zoning	2-36
3-1	Socioeconomic Conditions Study Area	3-4
4-1	Elementary and Intermediate Schools in Study Area	4-2
5-1	Areas Well Served by Open Space	5-1
5-2	Open Space Study Area	5-4
5-3	Open Space Resources	5-11
6-1	Open Space and Historic Resources within Maximum Shadow Radius (Tiers 1 and 2)	6-2
6-2a	Shadows on Open Spaces—Jackie Robinson Park and Greenstreet/Maher Circle	6-21
6-2b	Shadows on Open Spaces—Jackie Robinson Park and Greenstreet/Maher Circle	6-21
6-2c	Shadows on Open Spaces—Jackie Robinson Park and Greenstreet/Maher Circle	6-21
6-2d	Shadows on Open Spaces—Jackie Robinson Park and Greenstreet/Maher Circle	6-21
6-2e	Shadows on Open Spaces—Jackie Robinson Park and Greenstreet/Maher Circle	6-21
6-3a	Shadows on Open Spaces—Highbridge Park	6-21
6-3b	Shadows on Open Spaces—Highbridge Park	6-21
6-4	Shadows on Open Spaces—Riverside North Park	6-21
6-5a	Shadows on Open Spaces—Broadway Malls	6-21
6-5b	Shadows on Open Spaces—Broadway Malls	6-21
6-5c	Shadows on Open Spaces—Broadway Malls	6-21

6-5d Shadows on Open Spaces—Broadway Malls…….6-21
6-5e Shadows on Open Spaces—Broadway Malls…….6-21
6-6a Shadows on Open Spaces—Serenity Gardens...…….6-21
6-6b Shadows on Open Spaces—Serenity Gardens...…….6-21
6-7 Shadows on Open Spaces—Sheltering Arms Park…….6-21
6-8 Shadows on Open Spaces—General Grant House I……...…….6-21
6-9 Shadows on Open Spaces—St. Mary's Church and St. Joseph's RC Church…...…….6-21
6-10a Aerial Photo of Open Space Resources Affected by Incremental Shadows…...…….6-21
6-10b Aerial Photo of Open Space Resources Affected by Incremental Shadows…...…….6-21
6-10c Aerial Photo of Open Space Resources Affected by Incremental Shadows…...…….6-21
6-10d Aerial Photo of Open Space Resources Affected by Incremental Shadows…...…….6-21
6-11 Views of Open Historic Resources Affected by Incremental Shadows……....…….6-21
7-1 Historic Resources Study Area……..7-1
7-2 Designated Historic Districts Within Study Area……..7-5
7-3 Designated Individual Landmarks Within Study Area……..7-5
7-4a Examples of Buildings within LPC-Designated and S/NR-Listed Historic Districts in the Study Area……...7-6
7-4b Examples of Buildings within LPC-Designated and S/NR-Listed Historic Districts in the Study Area……...7-6
7-4c Examples of Buildings within LPC-Designated and S/NR-Listed Historic Districts in the Study Area……...7-6
7-5a Designated Historic Resources in the Study Area…….7-9
7-5b Site Photos—Projected Development Sites……..…….7-9
7-5c Site Photos—Projected Development Sites……..…….7-9
7-5d Site Photos—Projected Development Sites……..…….7-9
7-5e Site Photos—Projected Development Sites……..…….7-9
7-5f Site Photos—Projected Development Sites……..…….7-9
7-6 Eligible Historic Resources Within Study Area……..7-13
7-7 Photos of Eligible Bernheimer & Schwartz Pilsner Brewing Company (a.k.a. Yuengling) Complex……...7-14
8-1a Urban Design and Visual Resources Primary Study Area—Aerial View….……8-3
8-1b Primary and Secondary Study Areas…….8-3
8-2 Existing Density (FAR) in Primary and Secondary Study Areas……..8-5
8-3 Existing Building Heights (Primary and Secondary Study Area)…….8-5
8-4a Photo Key Map……..8-5
8-4b Views of the Primary Study Area—Broadway-Riverside Drive Sub-area……...8-6
8-4c Views of the Primary Study Area—Sugar Hill & Hamilton Heights North Sub-area……..8-8
8-4d Views of the Primary Study Area—Hamilton Heights South Sub-area……..8-11
8-4e Views of the Primary Study Area—145th Street Corridor……...8-13
8-4f Views of the Primary Study Area—Manufacturing District…….....8-14
8-4g Views of the Secondary Study Area…….……...8-15
8-4h Views of the Secondary Study Area (continued)…….……...8-15
8-5 Existing and Proposed Zoning…….8-21
8-6a Comparison of Building Envelope Controls—Existing R8 vs. Proposed R6A and C6-3X Zoning Districts……8-22

8-6b Comparison of Building Envelope Controls—Existing R7-2 vs. Proposed R6A, R7-A, and CR8-A IH Zoning Districts……..……8-22
8-6c Comparison of Building Envelope Controls—Existing M1-1 vs. Proposed MX (M1-5/R7-2) Zoning Districts……...……8-22
8-7a Massing Diagrams for Proposed Action—145th Street Corridor (Bird's Eye View)……..8-24
8-7b Illustrative 3D Representation of With-Action Street Level Views Compared to Existing Condition…….8-24
10-1 Affected Subcatchment Areas…….10-4
11-1 RWCDS Projected and Potential Development Sites……..11-5
11-2 Project Increment Peak Hour Traffic Volumes Under RWCDS 3……11-14
11-3 Rezoning Area Subway and Bus Service……..11-14
11-4 Peak Hour Project Increment Sidewalk and Crosswalk Volumes for RWCDS 3—Cluster 1..11-16
11-5 Pedestrian Analysis Locations……...11-17
11-6 Existing Weekday AM Peak Hour Traffic Volumes…….11-25
11-7 Existing Weekday Midday Peak Hour Traffic Volumes……..…….11-25
11-8 Existing Weekday PM Peak Hour Traffic Volumes…….…….11-25
11-9 Existing Saturday Midday Peak Hour Traffic Volumes……...…….11-25
11-10 No-Action Weekday AM Peak Hour Traffic Volumes…….11-31
11-11 No-Action Weekday Midday Peak Hour Traffic Volumes……...……11-31
11-12 No-Action Weekday PM Peak Hour Traffic Volumes……..11-31
11-13 No-Action Saturday Midday Peak Hour Traffic Volumes……...…….11-31
11-14 With-Action Weekday AM Peak Hour Traffic Volumes……..11-35
11-15 With-Action Weekday Midday Peak Hour Traffic Volumes……..……..11-35
11-16 With-Action Weekday PM Peak Hour Traffic Volumes…….……..11-35
11-17 With-Action Saturday Midday Peak Hour Traffic Volumes……...……..11-35
11-18 Subway Stations in Proximity to RWCDS 3—Cluster 1……..11-39
11-19 Off-Street Public Parking Facilities Within ½-Mile of RWCDS 3—Cluster 1…….11-59
11-20 Curbside Parking Regulations Within ¼-Mile of RWCDS 3—Cluster 1…….11-59
14-1 Noise Receptor Locations……..14-9*
16-1 Neighborhood Character Study Area……..16-2
17-1 Assumed Construction Schedule for Assessment of Construction Impacts……17-4
17-2 RWCDS Projected Development Sites—New Construction Site Clusters…….17-5
19-1 Bird's Eye View of Projected Development Site 40 In Relation to St. Mary's Protestant Episcopal Church……...19-12
19-2 Proposed Zoning Under the No Unmitigated Significant Adverse Impacts Alternative……..19-12
19-3 Proposed Zoning Under the Lower Density Alternative……...19-13
19-4 RWCDS Projected and Potential Development Sites—Lower Density Alternative…….19-13
