NOTICE

On Wednesday, November 19, 2025, a public hearing is being held by the City Planning Commission (CPC), accessible in-person and remotely, in conjunction with the above ULURP hearing to receive comments related to a Draft Environmental Impact Statement (DEIS) concerning an application by The New York City Department of Housing Preservation and Development (HPD), in conjunction with the New York City Department of Health and Mental Hygiene (DOHMH) and the Department of Citywide Administrative Services (DCAS) (each a co-applicant, and collectively, the Applicant). The Applicant is seeking approval for a zoning map amendment, zoning text amendments, disposition of City-owned property, site selection and acquisition of real property interest, certification to establish and facilitate a transit volume, and an amendment to the Brooklyn Center Urban Renewal Plan (URP) (collectively, the Proposed Actions) from the City Planning Commission. The Development Site (Brooklyn Block 2093, Lot 1) is owned by the City of New York and is bounded by DeKalb Avenue to the north, Fulton Street to the south, Hudson Avenue to the east, and Flatbush Avenue Extension to the west in Brooklyn Community District (CD) 2.The Proposed Actions would facilitate the redevelopment of the Development Site with an approximately 1,544,875-gross-square-foot (gsf), 21.87 floor area ratio (FAR), 72-story (840-foot-tall) mixed-use building (the Proposed Project). The Proposed Project would include 1,233,950 gsf (19.0 FAR) of residential floor area (1,263 dwelling units, 325 to 379 units of which would be designated as permanently affordable for households with incomes at an average of 60 percent or 80 percent AMI pursuant to applicable requirements of the City's MIH Program option 1 or 2, respectively) and 209,770 gsf (2.87 FAR) of non-residential floor area. The non-residential floor area would comprise 128,255 gsf of retail space and 81,515 gsf for commercial office and/or community facility use that may be dedicated for future City use. Additionally, the Proposed Project would provide 4,475 square feet (sf) of open space available to the public, along with other public realm improvements.

The proposed project would also require other discretionary approvals including additional approvals in conjunction with the Proposed Actions sought at the Public Design Commission (PDC) to facilitate certain elements of the Proposed Project. After PDC approval is obtained, the Applicant intends to seek a compliance determination from the Department of City Planning for the proposed Publicly Accessible Open Space signage pursuant to Chapter 11 of Title 62 of the Rules of the City of New York (POPS Rules), which are not subject to ULURP. The Build Year is 2032.

Written comments on the DEIS are requested and will be received and considered by the Lead Agency through 5:00 PM on Monday, December 1, 2025.

For instructions on how to submit comments and participate, both in-person and remotely, please refer to the instructions at the beginning of this agenda.

This hearing is being held pursuant to the State Environmental Quality Review Act (SEQRA) and City Environmental Quality Review (CEQR), CEQR No. 25HPD058K.
